INTRODUCTION

# NOT SO SIMPLE

And GOD saw that the wickedness of man was great in the earth, and that every imagination of the thoughts of his heart was only evil continually.

**Genesis 6:5**

And we know that we are of God, and the whole world lies in wickedness.

**1 John 5:19**

Therefore let us not sleep, as do others; but let us watch and be sober.

**1 Thessalonians 5:6**

Things were very simple for the first of mankind in the garden of Eden. Eve just had one temptation, and she had to make just one choice. Satan had no one to manipulate but one couple. There was no culture or

entertainment to distract their minds, and no money or possessions to corrupt them.

At the tower of Babel, Satan's system of deceit and false worship had progressed, and there were more elements to consider. However, it is not too difficult to understand what was happening. Satan now had more people to use and so it was easier for him to manipulate pride and competition, possessions and culture. Money and property were in the hands of people. There was a code of culture, and there were now idols to attract them.

In the days of Daniel and Nebuchadnezzar the plot and mystery became even more complicated because more elements and variation of temptations came into play, and we see that music played a big part in this seduction of worship to the 'King of Babylon'. It was clearly an indication, and a prophecy, of what the final Babylon system would produce – total worship of the final 'Man of Sin' through antichrist.

## What about Now?

Now, after 6,000 years, and in the 21st century with Satan's increased knowledge and experience, it is impossible for any one man to know what is really going on in this system of Babylon. Everything, from the judicial system to the national health service, from international sport and entertainment, to education and the Internet, are interconnected. Every religion and denomination is an offshoot of Babylon. This web is now so all embracing and intricate, and every area of life is intertwined, that it is impossible to unravel it. When

you think you have got to the bottom of things, or the top of the One World System hierarchy, you find there is another level and another whole world of organisations. Apart from divine revelation, every researcher is confronted with this web of mystery, deceit, and power.

I, for one, have been studying this One World Order of Babylon for over 40 years and yet cannot say with any assurance that I understand the details of it all. In fact, I realise I may not even be able to stand back and see the whole picture clearly. This fact however, does not deter me from writing about it because, throughout the bible, Babylon keeps appearing, and the book of Revelation goes into great detail to explain this system with all of its powers and connections, and the great fall of it.

## We Needs to Know

Knowledge of the system of Babylon is fundamental to our understanding of God's plan and purpose for this planet and its inhabitants ...but we all look through a dark glass and no one can see all the details. Therefore, I ask the reader to consider what I am writing and be prepared to adjust your end time world view, as I constantly have to. As Paul so rightly states:

**If any man think that he knows any thing, he knows nothing yet as he ought to know.**

**1 Corinthians 8:2**

What I am totally convinced about is that we are near the end of the age, and the beginning of a new one,

where Jesus will reign over this earth. What the Mayan calendar, that everyone talked about at the end of 2012, prophesied was not the end of the world, but the end of the age, which means, therefore, the beginning of a new one. Many other indications point to the end of this age and the beginning of a new one. I remember in the late 60's a song from the musical 'Hair' entitled, 'This is the dawning of the age of Aquarius'. It was prophetic, and preparation for what we are now seeing in our world.

## Transition

When God ended the old covenant and brought in a new one it was not an instant happening, but a gradual change. John the baptist heralded the new spiritual kingdom; and Jesus, 3<sup>1/2</sup> years later, brought in a new covenant, just after the Passover meal at the first communion.

I believe we have now started the transition, or to put it in biblical terms, the birth pains of the new age. We are still in the old one, but the transition has begun. I am convinced that there will be a great falling away of God's people into apostasy, in fact we are in the middle of this now (2013), and that the Man of Sin will be revealed very soon. I am convinced that the system of Babylon is coming to its final stage and that the whole world and all religions, including Christianity, will be a part of this worship to 'The Beast'. This age will end as the pinnacle of the god of this world. He will finally be allowed by God to fulfil his plan of world domination and be worshipped as the only god and benefactor of

humanity. The age has to come to this culmination before a new age can begin and we are now in the last throes of 6'000 years of Babylon.

## The Future is Not Clear

I do not claim I have everything in order, or perfectly correct, and I ask the reader to bear this in mind as they read this 3rd volume in the series. History is easy to write about, the future is always much harder, because even with clear words of prophecy, such as in the bible, it is still open to interpretation. One thing is for sure – we need to be sober and vigilant, and watch what is happening on the world stage, with our minds clearly on God, and our bibles in our hands. There is no time to play Church, and 'the day' demands sacrifice and an abandonment of one's will to that of Gods at any cost.

In this volume, I will look at where the system of Babylon has now mutated to, with all the technology and media at its disposal to seduce and control the vast system that it had become. It is almost world wide and ready to bring in the 'Man of Sin'.

This has been by far the most difficult book I have written to date, and only when I had finished it and was going through it did I realise why. It divulges information about the most wicked, devious, and manipulative system this world has known, or will know. I have spent hundreds of hours looking at distasteful material and unpleasant reports. In a way it is quite depressing and I wondered at one stage if I had 'lost the plot' of what God wanted me to write. I have not been called as a prophet

to expose the evil in this world, I have been chosen and called to proclaim the answers to radical discipleship and the kingdom of God in a person; to show the glorious future for those who will come out the Babylon system, and become the bride of Christ.

However, before anyone will come 'out', they have to realise they are 'in'; for no one will accept the horrid medicine unless they know how ill they really are, and so I believe this volume is necessary to the whole picture. I am looking forward to the final volume where I will look at the downfall of this system and the preparation of the Bride of Christ that will follow.

## Be Warned

I pray that this book will stimulate the reader to think afresh about their life, and their future, while they still have the time to prepare for the coming holocaust on this earth. I am convinced that what it says in Revelation 18:4 is now to be obeyed. It is time to come out of Babylon and become the bride of Christ.

As in the days of Noah, soon the door will be shut, the floods will come ...and it will be all too late!

**And I heard another voice from heaven, saying, Come out of her, my people, that you are not partakers of her sins, and that you do not receive her plagues.**

**Revelation 18:4**

## CHAPTER 1

# TRINITY OF CITY STATES

In running through these works some amazing nuggets of information come to light here and there, which fitted together gradually unfold the stunning history and the legal structure of a sovereign world state located in the financial district of the loosely knit aggregation of boroughs and cities popularly known as the City of London. The colossal political and financial organization centred in this area, known as 'The City,' operates as a super government of the world; and no incident occurs in any part of the world without its participation in some form.

**From Empire of the City – E. C. Knuth**

Let me take you by the hand and lead you through the streets of London, I'll show you something to make you change your mind.

**From 'Streets of London' Ralph McTell.**

Where are we now on the world stage of Babylon? Where are we now in the statue that Nebuchadnezzar saw and was interpreted by Daniel? Where are we on the time line that the statue prophesied? If you have read the first 2 volumes in this series, then it should be obvious that we are in the period of the toes of iron and clay, which means we are still in the empire of iron – Rome.

If we are in the last days, Jesus said it will be as the days of Noah and not like the days of the 'Acts of the Apostles'. It is now the time when, again, the sons of God will mingle themselves with the seed of men (see Daniel 2:43).

## **It's All Babylon!**

Imperial and religious Rome evangelised much of the new world as I showed in volume 2 of this series. The British Empire, and European expansion of the known world, spread the organised religion of Christianity globally. The Catholic and Protestant religions are just branches of Babylon. They have nothing to do with being a disciple of Christ. I'm not saying that people in Christian religions and denominations are not, and cannot be saved, but most of them are not the bride of Christ and are on the broad way. They will be saved 'as by fire', but there will be no precious jewels, gold or silver that make up the holy city, New Jerusalem, which is the bride of Christ.

I believe that almost the whole world and Church have been taken over by Babylon and it is near the time when the whole world and Church will be deceived,

or forced, to worship the Beast – the Man of Sin, by antichrist – the King of Babylon. To show that control is nearly complete, we should be aware of the three centres of control already in place for the One Word Order of Babylon.

## 1. London for Finance and Control

The empire was acquired by the sword and will be maintained by the sword.

**Sir Winston Churchill**

It has been said that when William the Conqueror, who was crowned on Christmas day in 1066, conquered the rest of England and made it 'Norman', he did not conquer the City of London. The City, with its origins in Roman times, made peace with him quite separately and in return kept all its rights and privileges. The city of London today is the world centre for finance and insurance. It embraces Fleet Street, and is the home of Reuters that give the world its 'so called' news (but is actually mere propaganda and programming). It has been planned to be so for hundreds of years.

I showed in the last volume that, after the fire of London in 1666, in the reign of Charles II, it was rebuilt on patterns of Roman and Greek architecture with Masonic influence, and has all the pagan gods of these empires of Babylon on its buildings and monuments. Dragons guard the entrance to The City.

Dragons who guard London

The City has its own coat of arms with 2 dragons as opposed to the British coat of arms with a lion and a unicorn.

City of London

British

The city also has its own flag.

By the 'City of London', I am not talking about the Metropolitan City of London. 'The City', is the square mile that was rebuilt after the fire of London in 1666, and is independent, not only from London but from the British Isles, Europe, and the rest of the world. It is a city state that takes no authority from any government or country. There are plaques with reference to God in The City, such as 'honour God', that might deceive the naïve, but it is abundantly clear that it is not a reference to the God of the bible, but to the god of the Masons – who is Lucifer.

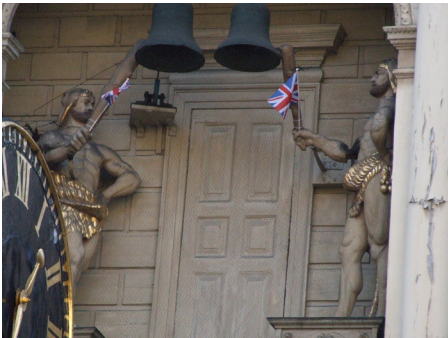

A gate in the City of London

We have to ask why The City of London was rebuilt as Pagan Rome with its god's surrounding it, and dragons guarding its entrance, if England was a Christian country? Why would a flag of the City of London fly on the Guildhall where effigies of the giants 'Gog' and 'Magog' reside, and why would Gog and Magog sit on the clock of the Church of St. Dunstan in the West, on Fleet Street, **if London was the capital of Christian England?**

Gog and Magog in the Guildhall, City of London

The Church of St Dunstan in the West - Fleet Street

There are only 2 possible answers to that question.

1. **England was never Christian** – at least from 1066.

2. **England is indeed a Christian based country**, but Christianity must be a part of Rome and Greece – in other words Christianity is just another branch of the system of Babylon.

## Wolf in Sheep's Clothing

I can only conclude that the latter is true, and that Christianity, as a religion, is the religion of Babylon. We must then ask why 'Christianity' would have the looks of the true God of the bible. The answer is simple; **the whore of Babylon is not the opposite of the bride of Christ, but the counterfeit**, and outwardly looks as beautiful and virginal as the pure and spotless bride. It is the heart that makes a woman a whore and not her appearance. Just the same as with a wolf in sheep's clothing. The wolf looks and talks like a sheep, but has the heart of a wolf. The populations of the British and Western Nations have embraced this religion not knowing it is the counterfeit of a true relationship with God.

**Beware of false prophets, which come to you in sheep's clothing, but inwardly they are ravening wolves.**

**Matthew 7:15**

## Independent

As I have already stated, this city state is not part of Great Britain. It has its own police force, and is separate from the Metropolitan Police. They have a different uniform and the illustrations show the different colour chequer band on the hat – Metropolitan is dark blue and 'The City' is Red.

Metropolitan officer

City of London officer

The 'City' is in fact a privately owned Corporation – or Sovereign State – occupying an irregular rectangle of 677 acres and located right in the heart of the 610 square mile 'Greater London' area. The population of 'The City' is listed at just over 4,000, whereas the population of 'Greater London' (32 boroughs) is approximately 7,500,000 (2005).

'The Crown' is a committee of 12-14 men who rule the independent sovereign state known as London or 'The City.' It is not subject to the Sovereign and is not under the rule of the British Parliament. The City is the financial hub of the world and is often called the wealthiest square mile on earth (Footnote 1).

It is here that the Rothschilds have their base of operations and their centrality of control: The gold standard was set each day at the offices of N. M. Rothschild & Sons until 2004. Since then the Rothschilds have decided to play down their wealth and publicly say that their fortunes have dwindled over the years, the Gold standard is now agreed by telephone with representatives from 5 banks (Barclays Capital, Deutsche Bank, Scotiabank, HSBC, and Societe Generale) who agree the price – but are all part of the same cartel.

All major British banks have their main offices, and 385 foreign banks, plus 70 banks from the United States are located in The City. The Stock Exchange, Lloyd's of London, The Baltic Exchange (shipping contracts), Fleet Street (newspapers & publishing), The London Metal Exchange, The London Commodity Exchange (trading rubber, wool, sugar, coffee) are also located in the square mile.

## The Lord Mayor of London

It is ruled over by a Lord Mayor. Every year a Lord Mayor is elected as monarch of The City, and the British Parliament does not make a move without consulting the Lord Mayor of The City. Most people know that the

current Lord Mayor of London is Boris Johnson (2013), but who would know who the current Lord Mayor of The City of London is – I suspect not one in 250,000 of the British public. Just as a matter of interest it is Rodger Gifford (2013). A list of the Lord Mayors of The City since 1189 are easily obtainable as a PDF (Footnote 2).

## All Powerful

The British Empire was, and is, nothing more than the empire of the Crown Corporation. It was the largest empire in history and for a century the foremost global power. At it's height it held sway over 458 million people – 1/5 of the world's population and covered almost 1/4 of the worlds land area (see Appendix at the end of this chapter). This empire has changed from overt control to covert control since world war 2 and has more power than ever before. Over the last few years I have been to 6 African nations that were given independence by Great Britain, and it is obvious they are still slaves to the empire, being as poor as ever. The minerals of gold, uranium, cobalt, diamonds, oil, etc., still flow to the west in billions of pounds sterling in value each year, whilst these poor people are deprived of the basic need of a consistent supply of water, electricity, and other simple amenities – they still remain oppressed.

I have just returned from Sierra Leone, but found no trace of the £500,000,000 just raised by 'Children in Need'. The money seems to disappear into the Swiss banks of the already rich puppets of the West. Much could be written to substantiate these facts and indeed many people have done so (Footnote 3).

## 2 Washington DC – military control and manipulation

The government of the United States is not in any sense founded on the Christian Religion.

**George Washington**

This city is the headquarters of the military arm of the One World Order. The USA is the largest manufacturer of arms in the world and supplies both its allies, and its enemies, with weapons. The war machine is one of the most profitable businesses in the world. The USA is the biggest dealer and manufacturer of prescription drugs and the worlds biggest illegal drug dealers (Footnote 4).

The 'DC' in the capital's name is not by chance – it stands for 'District of Columbia'. Columbia is another name for the goddess Isis, and is shown on the beginning of every film made by Columbia pictures. She is the same goddess as the statue of liberty, that was originally intended for the Suez Canal and then converted for New York, by the French 'mason' sculptor, Fredric Auguste Bartholdi.

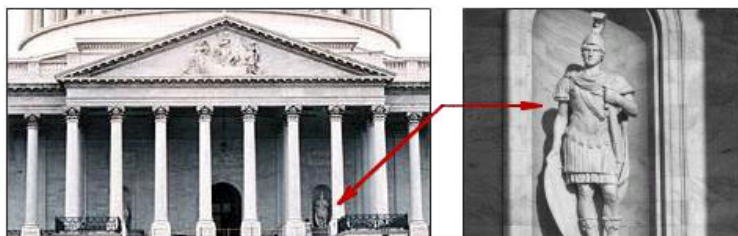

Columbia (Isis)

Statue of Liberty

Like England, the States of America were not founded on Christian principles, but on Babylonian ones. The declaration of independence is a 'New Age' document initiated in France by Masons. The architecture of Washington is the same as London – Roman and Greek. The same gods adorn it everywhere and masonic imagery abounds, from so many of the buildings, from the Pentagon to the many shrines with their gods of Rome and Greece.

Entrance to U.S Capitol building    The Pagan god Mars

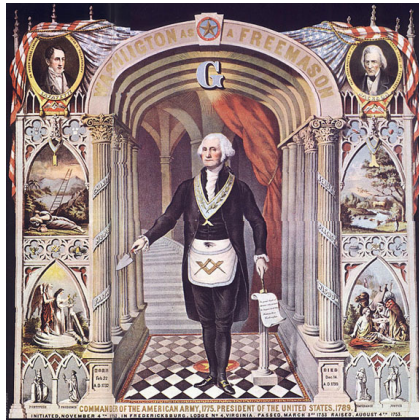

I am sure the pilgrim fathers were real disciples of Christ, but by the time the 13 States came together Babylon had taken over for sure. There is nothing bible based in the city, and the buildings and architecture reflect this. The centres of all 3 branches of the federal government of the United States are in the District, including the Congress, President, and Supreme Court. The city hosts 176 foreign embassies as well as the headquarters of many international organisations, trade unions, nonprofit organisations, lobbying groups, and professional associations. A locally elected Mayor and 13-member council have governed the District since 1973; As with London it has it's own flag. Note the 3

stars, representing the trinity of these three city-states, also known as the Empire of the City.

Flag of Washington, DC, and coat of arms

In addition to the District's own Metropolitan Police Department many federal law enforcement agencies have jurisdiction in the city as well. The first president of the United States that the capitol is named after, George Washington<sup>1</sup> was a mason.

### 3. Vatican City – Religious control & manipulation

Vatican City is the most well known city state and is in the city in Rome. It has its own police force – the Swiss Guard, and its own flag, and coat of arms.

The Swiss Guard, coat of arms, and Flag

This is the religious capital of the One World Order (the Rothschild family have run the Vatican Bank since 1923). Christianity is accepted as the largest religion in the world and Rome is the centre of it all. All denominations of the Protestant Church are only branches, or daughters,

of Rome (as soon as disciples of Christ try to make a name for themselves and organise into religion or denomination they join the club of Rome).

Vatican City is the residence of the popes and the smallest independent state in the world, an enclave surrounded by Rome. It dates back to the Lateran treaty of 1929, when the area around St. Peter's basilica was set up as an independent state run by the Catholic Church. As well as St. Peter's basilica, Vatican City contains St Peter's square, the Vatican, museums and other areas.

## The Womb and the Phallus

All these 3 cities have their main buildings based on the same designs with their temple like domes (Footnote 5). They also have the obelisk in near vicinity. These represent the womb and the phallus, showing the masonic influence of these 3 cities.

Saint Paul's and the obelisk

I believe these 3 city states have been set up over the last few centuries ready for world domination. As finance always controls politics and religion, I believe that the City of London is, and will be, the most powerful city in the One World order. Whether it will visibly be so remains another matter.

David Cameron had been placed at the centre of a furious row with Nicolas Sarkozy after Paris tried to isolate the prime minister at the EU summit by suggesting that Britain was seeking to exempt the City of London from all European regulations.

## Appendix

The British Empire comprised the dominions, colonies, protectorates, mandates and other territories ruled or administered by the United Kingdom of Great Britain and Northern Ireland, and by its predecessor states, the Kingdom of Great Britain (1707–1801) and the United Kingdom of Great Britain and Ireland (1801–1922). It originated with the overseas colonies and trading posts established by the Kingdom of England in the late 16th and early 17th centuries. At its height, it was the largest empire in history and, for over a century, was the foremost global power. By 1922 the British Empire held sway over about 458 million people, one-fifth of the world's population at the time. The empire covered more than 33,700,000 km<sup>2</sup> (13,012,000 M<sup>2</sup>, almost a quarter of the Earth's total land area. As a result, its political, legal, linguistic and cultural legacy is widespread.

At the peak of its power it was often said that "the sun never sets on the British Empire" because its span across the globe ensured that the sun was always shining on at least one of its numerous territories. During the Age of Discovery in the 15th and 16th centuries, Portugal and Spain pioneered European exploration of the globe, and in the process established large overseas empires. Envious of the great wealth these empires generated, England, France and the Netherlands began to establish colonies and trade networks of

their own in the Americas and Asia. A series of wars in the 17th and 18th centuries with the Netherlands and France left England (and then, following union between England and Scotland in 1707, Great Britain) the dominant colonial power in North America and India. The loss of the Thirteen Colonies in North America in 1783 after a war of independence deprived Britain of some of its oldest and most populous colonies. British attention soon turned towards Africa, Asia and the Pacific. Following the defeat of Napoleonic France in 1815, Britain enjoyed a century of almost unchallenged dominance, and expanded its imperial holdings across the globe. Increasing degrees of autonomy were granted to its white settler colonies, some of which were reclassified as dominions.

It would have been impossible for us to develop our plan for the world if we had been subjected to the lights of publicity during those years. But now the world is more sophisticated and prepared to march towards a World Government. The supra national sovereignty of an intellectual elite and world bankers is surely preferable to the national auto-determination practised in past centuries."

CHAPTER 2

# EUROPE – THE TEMPLATE

Some day, following the example of the United States of America, there will be a United States of Europe.

**George Washington**

We shall have world government whether or not you like it, by conquest or consent.

**James Warburg to The Senate Foreign Relations Committee on  
February 17th, 1950**

If Europe were once united in the sharing of its common inheritance, there would be no limit to the happiness, to the prosperity and glory which its three or four hundred million people would enjoy ....What is this sovereign remedy? It is to re-create the European Family, or as much of it as we can, and provide it with a structure under which it can dwell in peace, in safety and in freedom. We must build a kind of United States of Europe.

**From Mr Winston Churchill speaking in Zurich 19th  
September 1946.**

If we understand history it will be easier to understand where we are now in the progression and instigation of the One World Order, or should we say the reign of the Beast – Man of Sin, and with antichrist – the ultimate false prophet (wolf in sheep's clothing). Although the modern plan was formed hundreds of years ago, it is only in the last 50 years that it has really become visible to all who care to look at it. No one can deny that most of the governments in the western world are planning a one world government and society, by default or design, by coersion or desire.

## Not an Easy Task

To take over and rule the whole world, implement the 'Mark of the Beast', by deception, or force, to worship Satan personified, is no easy task and cannot happen without a detailed plan and hundreds of years of slow implementation. We are now near the end of the plan and the final net, which will soon trap this planet, has begun to cover the earth. The bible says it will be like a snare – in other words it will seem quite safe until the trapdoor opens or the mousetrap snaps down violently.

So, when you see these things come to pass, know that the kingdom of God is near at hand. Verily I say unto you, This generation shall not pass away, until all is fulfilled ...And take heed to yourselves, lest at any time your hearts be overcharged with surfeiting, and drunkenness, and cares of this life, and so that

day come upon you unawares. For **as a snare** shall it come on all them that dwell **on the face of the whole earth**.

**From Luke 21:31-35**

To control this world completely there are areas that have to be deceitfully manipulated into the hands of those who covertly want to set up the One World Government of Satan. I believe there are 7 main areas where this has to take place before open control can exist. Let me briefly look at them, they are:

### **1. One world trade & commerce**

To control the food and other resources of the planet.

### **2. One world Banking & Finance**

To control the wealth of the world and its resources.

### **3. One world government & political system**

To control, by deceptive means, the masses of the world's population.

### **4. One world Legal system & world court**

To keep and maintain control by fear of punishment and deprivation.

### **5. One world religion**

All religion is a form of control. This religion will be to worship the Beast – Satan personified.

## 6. A world religious leader – antichrist

To prove to the world that the Beast is God, and by the means of signs and wonders convince the world to worship him.

## 7. World dictator to control all 6 areas,

The Beast – Man of sin to be worshipped as God.

### Europe – The Pattern

A look at Europe and how it has become a 'United States of Europe', just recently, will show us how the rest of the world will follow the same pattern and principles. The plan is working in Europe and, therefore, the procedures will be the same for other groups of nations around the world.

#### 1. Trade and Commerce.

The first thing that needs to happen so that people will accept complete slavery in the end, is for trade barriers to come down. People do not object to this because it always seems to be to their advantage. European economic integration was launched in the 1960's with the creation of customs unions, abolishing internal tariffs and trade quotas. The process was revived within the European Union (EU) by the Single European Act of 1986, which aimed to complete a Single European Market by the end of 1992.

I remember in 1992 how advantageous it was to travel to Holland or Germany and not be required, at the borders, to declare and pay import duty on the CD's and Cassettes of my teaching that I was carrying in my vehicle, before I could enter the country. I could take a van load of materials and it was the same as if I had crossed the border from England to Scotland or Wales. It was named the European Economic Community or EEC. However, as soon as the powers in Europe had completed this trade block, the 'E' was suddenly dropped and it became the EC (European community) – the first stage was complete.

We now see that the whole world is divided into many regional trade blocks and in turn there are now 6 main trade blocks in the world which is a preparation for the one world trade block in the future (see Appendix 1 at the end of this chapter).

## 2. Finance

Finance has long ago been taken out of the hands of the people – and out of the hands of governments. The Rothschild family hijacked the bank of England after the battle of Waterloo (Footnote 1). The American economy was stolen with the Federal Reserve Act, where a body, independent from the government, took over the control of the nation's money (Footnote 2).

At the time of writing this chapter the USA is in debt to the tune of **\$16,528,896,153,314**, to the world banks, and the UK debt is **£1,144,545,555,428**. The world debt at the time of writing is **\$50,635,777,978,794**.

That is, in writing, fifty trillion, six hundred and thirty five billion, seven hundred and eighty million, eight hundred and seventy six thousand, two hundred and twenty one dollars, that are owing to the world banks. If you want to find what the current debt is, go to **www.nationaldebtclocks.org**

All but a handful of countries in the world are independent of this cartel and they will soon be taken over (Footnote 3). Wars, revolutions, and coups are all about control of the world's finances through mineral and natural resources of food and commodities (Footnote 4).

## Common Currency

Europe has a common currency although not all nations have adopted it yet, but the Euro has taken over so many of the national currencies. This will happen in the future with other trade blocks. America, Mexico and Canada have made plans for the 'Ammero', and South America also have plans for a common currency. East Africa have plans for a common currency, and so on around the world. I have not given references as it is easy to check these facts from the very governments themselves and the UN web sites.

The financial crash in Asia that started in 1997 was engineered, as all financial crashes have been from the great depression in America to the present collapse in Europe. The International Monetary Fund (IMF) stepped in to initiate a \$40 billion programme to stabilize the currencies of South Korea, Thailand, and Indonesia, and started to supervise them – that means – control the

finances of the countries. Sometimes it is engineered so that the bail out by the world banks have 'democracy' strings attached to them, or as is happening in Europe at the moment, to bail them out, and put their own men in to look after and control the finances of a country, making them vassal states, such as has happened in Ireland and Greece – other 'PIIGS' Nations are sure to follow this pattern.

### 3. Political

The 3rd thing that happened in Europe was for political takeover. Brussels and Strasbourg were selected as the headquarters for the political centres, and slowly Europe began to take over the political life of its member countries. As an Englishman I began to see British policies dominated by European dictates and not the dictates of the British population. We are in the situation now where no law can be passed in Britain that does not adhere to European law and, indeed, we have had to change some of our policies and laws to come in line with the dictates of Europe.

There is now a president of Europe, and Europe is actually now a 'United States of Europe', as prophesied by Winston Churchill in 1946 (see chapter quote), although few Europeans would be able to name the president, since the position is being kept low key at this present time. It is easy to see how a one world president will easily be inaugurated in the near future as the trade blocks become politically and legally in unison, and I am sure it will be done in a low key fashion. The bible says

the 'Man of Sin' will obtain the kingdom by flatteries. Most Europeans do not realise how much sovereignty they have already lost to the Union.

**And in his estate shall stand up a vile person, to whom they shall not give the honour of the kingdom: but he shall come in peaceably, and obtain the kingdom by flatteries.**

**Daniel 11:21**

It is not by chance that America has been targeting the dictators of this world to create situations so they can attack – in the name of terrorism or oppression – and bring in 'Democracy'. The Countries that America are against, and have engineered by lies and deceit to be enemies of democracy, are the very ones that are not in the World Banking Cartels.

## **Democracy is Slavery!**

The whole world will soon become democratic so they can freely vote in the Man of Sin. Democracy gives the illusion that the people have a say in the governing of their countries, and that they have rights, whilst all the time they are losing their true rights and becoming enslaved. It is the most deceitful system ever because it offers freedom and power to the people and, of course, this is an illusion as the people never have, and never will, have the power. It always has, and always will be in the hands of the few, because gold is the power to control and the gold reserves of this world will never again be in

the hands of the people – or governments. Most of the gold reserves from the Bank of England were divested in the 1960's. The last remaining gold was sold in 1991. There is no evidence that Fort Knox still has any gold stored in it, as the government has refused public audits since the 1950's.

## 4. Legal

The European Court, which enforces EU law, is in Luxembourg. It is the highest court in the EU, **outranking national supreme courts**. Its judgements can affect both member states and individuals, and it is the referee between member states, institutions, and individuals in disputes relating to EU law. The UN are now planning a world court of Human Rights, and it is obvious that we will soon have a judicial code that is world wide in its powers and execution.

Dr Martin Scheinin, the UN Special Rapporteur on human rights and counter-terrorism, used an interview at the Commonwealth Secretariat to lay out his plans for the establishment of a 'World Court of Human Rights' – a global tribunal that would, for the first time, carry a mandate to try private companies accused of human rights abuses.

(2009)

## 5. Religion

The World Council of Churches was formed long ago in 1948 and, although started as a 'Christian' organisation,

those at the very top always had plans to use it to unite Christians and control them into the One World Church. I am sure it will embrace other religions and organisations and be a forerunner of the One World Religion. Most Christians do not realise how close Catholicism is to Islam in its rituals and fundamental values. Hinduism and Buddhism have invaded Christianity for the last 50 years in the form of mind control and 'dreaming your way to success'. The world has also invaded the Church with its entertainment, politics, and business techniques and practices. Many Christian bookshops have new age and mind control books displayed on their shelves, and the staff and owners have no idea that they are nothing to do with the God of the bible. I have just returned from Northern Nigeria, where there is real persecution of Christians. I was surprised to see books by Norman Vincent Peale and other new age books on display' along with the prosperity and self help books that fill the shelves of these simple folk who do not know the difference.

## New Pope - New Hope

I believe the unprecedented retirement of Pope Benedict XVI and the appointment of the new Pope is because Pope Francis, the first ever Jesuit Pope, is the one to unite religions to a new state of co-operation and unity. I can already see how the Charismatic and Pentecostal denominations are being pulled closer to Rome almost daily. The Anglicans are also rushing to Rome, and the appointment of the new Archbishop of Canterbury, in the same week as Pope Francis, is not by

chance. Speaking to an Anglican conference in London, sponsored by Holy Trinity Brompton, an Anglican Charismatic Church, a Catholic Archbishop said;

The Archbishop of Canterbury, the Most Rev. Justin Welby, had a strange similarity to the new Pope. The two elections were a 'little miracle' and **a 'sign from the Lord' that the two churches should work towards closer unity".**

**Cardinal Christoph Schönborn, Archbishop of Vienna**

## Catholicism is Babylon

Catholicism by its own admission is really the religion of Babylon. All Christian denominations are daughters of this Church and have adopted and absorbed many of her pagan doctrines and practices. Here are some quotes from the Church itself:

It is interesting to note how often our Church has availed herself of practices which were in common use among pagans...Thus it is true, in a certain sense, that some Catholic rites and ceremonies are a reproduction of those of pagan creeds...

**The Externals of the Catholic Church, Her Government, Ceremonies, Festivals, Sacramentals and Devotions,**  
by John F. Sullivan, p156,  
Published by P. J. Kennedy, NY, 1942

It has often been charged that Catholicism is overaid with many pagan incrustations. Catholicism is ready to

accept that accusation – and even to make it her boast  
...the great god Pan is not really dead, he is baptized.

**The Story of Catholicism p37**

Pan, represents the freedom of love and sexuality as well as pastures in the physical world. He is also associated with the God Dionysus for being present in many of Dionysus's drunken orgies.

Cardinal Newman admits in his book that "The use of temples, and these dedicated to particular saints, and ornamented on occasions with branches of trees; incense, lamps, and candles; votive offerings on recovery from illness; holy water; asylums; holy days and seasons, use of calendars, processions, blessings on the fields; sacerdotal vestments, the tonsure, the ring in marriage, turning to the East, images at a later date, perhaps the ecclesiastical chant, and the Kyrie Eleison, are all of pagan origin, and sanctified by their adoption into the Church. "

**An Essay on the The Development of the Christian Doctrine  
John Henry "Cardinal Newman" p359**

The penetration of the religion of Babylon became so general and well known that Rome was called the "New Babylon."

**Faith of our fathers 1917, Cardinal Gibbons, p106**

In order to attach to Christianity great attraction in the eyes of the nobility, the priests adopted the outer

garments and adornments which were used in pagan cults.

**Life of Constantine, Eusabius,  
cited in Altai-Nimalaya, p94**

I am not singling out the 'Christian' denominations, for all religions are branches of the mystery religion of Babylon and all were started by man and not God. God wanted relationship with man – the counterfeit is religion in any form. Islam is only another branch of the Catholic Church and will unite one day, probably through Mary. Islam and Catholicism have the same roots of Babylon and are not against each other as supposed. They are working for a common cause. Here is a quote to consider from Alberto Rivera who was a Jesuit priest who came out and exposed the Catholic Church.

Cardinal Bea, the Jesuit General, personally instructed me in the origin of Islam. The Roman Catholic Church started Islam on purpose to take the Arabs under their control, and to secure Jerusalem.

Europe is already starting to implement Sunday observance again – Sunday is the holy day of Babylon. Germany and Croatia are the first, I believe, to bring legislation to force this, and I am convinced that the rest of Europe and the world will follow (Footnote 5).

Because Satan's aim is worship of the whole world, it is obvious that a One World Religion has been planned for a long time, and is being instigated step by step. Satan, just like God, needs a mediator to show the whole world

the way to the father – whether true or false – and so an antichrist has always accompanied any potential world dictator. For example, from recent history; Pope Pius VI made a concordat with Napoleon on 15 July 1801, and Hitler made a concordat with Pope Pius XI in 1933 (Footnote 6).

Religion always has its rituals, music, and anthems and it is not surprising that Europe have adopted an anthem. It is a new age poem 'Ode to Joy', written by Friedrich von Schiller in 1785. The music comes from the Ninth Symphony composed in 1823 by Ludwig Van Beethoven, himself a believer in a 'One World Brotherhood'.

The anthem symbolises not only the European Union but also Europe in a wider sense. The poem 'Ode to Joy' expresses Schiller's idealistic vision of the human race becoming brothers – a vision Beethoven shared. In 1972, the Council of Europe adopted Beethoven's 'Ode to Joy' theme as its anthem. In 1985, it was adopted by EU leaders as the official anthem of the European Union. The EU website says;

Without words, in the universal language of music, this anthem expresses the European ideals of freedom, peace and solidarity".

Whether this will become the One World Anthem remains to be seen, but we have the pattern of procedures. Here are some of the words of the poem:

Joy, beautiful spark of the gods,  
Daughter of Elysium!

In fervent rapture we enter the heavenly fire, thy  
sanctuary.

Your magic reunites

What fashion strictly divided,

All men will become brothers

Where your gentle wing rests.

## 6. One World Religious leader

It is obvious, to me, that the Head of the One World Church will support and recommend the One World Dictator to its members. When any great evangelist or church leader advocate Christians vote for a certain politician you can be sure it is the same 'concordat' principle at work. Billy Graham is a modern example of a great 'Christian' leader advocating his followers to vote for political leaders. Be very careful readers when you see this happening and remember the principle I am sharing, for the whole world and the Church will come under a great deception, and indeed it is already happening.

I have no hesitation in saying that the Popes have, from the beginning, been antichrist. The Latin papal title 'Vicarious Christi', means 'in place of Christ'. This makes him the head of the only true church and there is no salvation outside of it. No one else on earth can be a mediator to God except this man. Either this is true or he is the anti, or false Christ. This, as many think, does not make him 'The Beast', who is the Man of Sin, and world dictator.. Antichrist is 'The Woman' – head of the false Church, that rides the Beast. In the final volume

of this series I will explain that there are 2 men we must look for and not 1 as most Christian seem to think.

## 7. One Word Dictator to rule all

We already have a president of Europe, Herman Van Rompuy, who is a Belgian. As Europe is the template, it will soon emerge that we have a president of East Africa, West Africa, Asia, and so on until we come to a World President. He will be the One World Ruler that the book of Revelation calls 'The Beast'. He will be Satan personified. All this has to happen before Jesus comes for, according to the book of Revelation, Babylon has to fall before Jesus returns and it has to reach its zenith before the Man of Sin is revealed and worshipped as God.

Nathan Mayer Rothschild took over the Bank of England and the British economy after the battle of Waterloo in 1815 and forced England to set up a new Bank of England, which he controlled. The Federal Reserve act of December 23rd 1913, put the economy of the united States in the hands of private banks. It is a private company. Congressman Charles Lindbergh said "The act established the most gigantic trust on earth. When the president (Woodrow Wilson) signs this bill, the invisible government of the monetary power will be legalised... The greatest crime of all the ages is perpetuated by this banking currency bill".

### **The house of Rothschild by Andrew Hitchcock**

## Footnote 3

"There is but one power in Europe and that is Rothschild," said a French journalist in 1841, giving voice to the popular suspicion that the dynasty and its money held sway over the affairs of nations. The globalists are centred on the Rothschild-dominated Bank of England, MI6 and the secretive Round Table society, which spawned the Royal Institute of International Affairs. The American branches include the Council on Foreign Relations, CIA and the Rockefeller foundations which all ensure the American people continue to finance and enforce one-world tyranny. The Bush family has owed its prominence to this cabal ever since grandfather Prescott Bush helped arrange financing for Nazism.

They also will use the attacks to gain control of the few nations in the world who don't allow Rothschild central banks and so less than one month after these attacks, US forces attack Afghanistan, one of only 7 nations in the world who don't have a Rothschild controlled central bank. Ancient Babylon, I mean Iraq, is now one of six nations left in the world who don't have a Rothschild controlled central bank. There are now only 5 nations on the world

left without a Rothschild controlled central bank: Iran; North Korea; Sudan; Cuba; and Libya.

**Niall Ferguson, The House of Rothschild**

(Author's note; I suspect that after Gdaffi has been disposed there are only 4 countries left)

**Footnote 4**

Africa is a good example of how this control works. The 'City' arrange military coups or civil wars, ethnic cleansing, to remove dictators who are not giving the west the resources or towing the political line. Kenya is, at present, under pressure to accept abortion and homosexuality and are threatened with the withdrawal of aid if they don't comply.

The EU Must Keep Sunday, Says Catholic Church

**November 18, 2008, from the Trumpet.com**

The Catholic Church wants Sunday observance enshrined in EU law. The European Parliament is debating changes to its Working Time Directive. The Vatican wants a clause in this law that would force every citizen in the European Union to rest on Sunday.

A hideously socialist piece of legislation, the Working Time Directive, currently makes it illegal for those working, with some exceptions, in the EU to work for more than 48 hours a week. Workers in the UK are currently allowed to opt out of its provisions.

The bill is being revised. During the second reading, in October, 7 Members of the European Parliament tabled an amendment saying that the minimum rest period "shall in principle include Sunday."

The Brussels-based Commission of the Bishops' Conferences of the European Community (comece) agrees, recommending the directive should say "the minimal weekly rest must include Sunday."

#### Croatia Bans Sunday Shopping

ZAGREB (ANS) – The parliament of the predominantly Catholic country of Croatia is urging its citizens to reclaim Sunday as a day for celebrating the Eucharist, for family, and for rest.

This was revealed in a story by Thaddeus M. Baklinski and posted on Life SiteNews.com – Your Life, Family and Culture Outpost. "The Croatian parliament passed a law yesterday requiring most businesses to close on Sundays. Protection of the work-free Sunday: MEPs launch Written Declaration, 17 February 2009

The Church of England's House of Bishops' Europe Panel, the Secretariat of COMECE (Commission of the Catholic Bishops' Conferences of the European Community) and the Protestant Church in Germany (EKD) have welcomed the initiative of several Members of the European Parliament, to ask the House to decide on a Written Declaration "on the protection of a work-free Sunday as an essential pillar of the European Social Model and as part of the European cultural heritage".

### **SOUTH ASIA FREE TRADE AGREEMENT (SAFTA)**

The South Asian Free Trade Area or SAFTA is an agreement reached on 6 January 2004 at the 12th SAARC summit in Islamabad, Pakistan. It created a free trade area of 1.6 billion people in Bangladesh, Bhutan, India, Maldives, Nepal, Pakistan and Sri Lanka (as of 2011, the combined population is 1.8 billion people). The seven foreign ministers of the region signed a framework agreement on SAFTA to reduce customs duties of all traded goods to zero by the year 2016.

The SAFTA agreement came into force on 1 January 2006 and is operational following the ratification of the agreement by the seven governments. SAFTA requires the developing countries in South Asia (India, Pakistan and Sri Lanka) to bring their duties down to 20 percent in the first phase of the two-year period ending in 2007. In the final five-year phase ending 2012, the 20 percent duty will be reduced to zero in a series of annual cuts. The least developed nations in South Asia (Nepal, Bhutan, Bangladesh, Afghanistan and Maldives) have an additional three years to reduce tariffs to zero. India and Pakistan ratified the treaty in 2009, whereas Afghanistan as the 8th memberstate of the SAARC ratified the SAFTA protocol on the 4th of May 2011.

### **UNION OF SOUTH AMERICAN NATIONS**

The Union of South American Nations (Dutch: Unie van Zuid-Amerikaanse Naties ( pronunciation (help·info), UZAN; Portuguese: União de Nações Sul-Americanas, UNASUL;

Spanish: Unión de Naciones Suramericanas, UNASUR) is an intergovernmental union integrating two existing customs unions – Mercosur and the Andean Community of Nations (CAN) – as part of a continuing process of South American integration. It is modelled on the European Union.

The UNASUR Constitutive Treaty was signed on 23 May 2008, at the Third Summit of Heads of State, held in Brasília, Brazil. According to the Constitutive Treaty, the Union's headquarters will be located in Quito, Ecuador. On 1 December 2010, Uruguay became the ninth state to ratify the UNASUR treaty, thus giving the union full legality. As the Constitutive Treaty entered into force on 11 March 2011, UNASUR became a legal entity during a meeting of Foreign Ministers in Mitad del Mundo, Ecuador, where they had laid the foundation stone for the Secretariat Headquarters. The South American Parliament will be located in Cochabamba, Bolivia, while the headquarters of its bank, the Bank of the South are located in Caracas, Venezuela.

On 4 May 2010, at an extraordinary heads of state summit held in Campana, 47 miles north of Buenos Aires, former Argentine President Néstor Kirchner was unanimously elected the first Secretary General of UNASUR for a two-year term. This new office was conceived as a first step towards the establishment of a permanent bureaucratic body for the supranational union, eventually superseding Mercosur and CAN political bodies.

## GULF COOPERATION COUNCIL COMMON MARKET

The Cooperation Council for the Arab States of the Gulf, also known as the Gulf Cooperation Council, is a political and economic

union of the Arab states bordering the Persian Gulf and located on or near the Arabian Peninsula, namely Bahrain, Kuwait, Oman, Qatar, Saudi Arabia, and United Arab Emirates. Jordan and Morocco have been invited to join the council.

On 6 March 2012, the six members of the GCC announced that the Gulf Cooperation Council would be evolving from a regional bloc to a confederation, in possible response to Arab democratic unrest and increased Iranian influence in the region. This proposal is strongly backed by Saudi Arabia, but doubts have been raised by the other countries.

## Africa

### SOUTHERN AFRICAN DEVELOPMENT COMMUNITY (SADC)

Originally known as the Southern African Development Co-ordination Conference (SADCC), one of the ironies of SADC is that the organisation was launched in 1980 with the original objectives of reducing dependence on apartheid South Africa and creating a channel for donor aid to the region. The Declaration and Treaty establishing the current Southern African Development Community (SADC) which replaced the Co-ordination Conference was signed in August 1992. The organisation currently has 14 member states namely Angola, Botswana, Democratic Republic of Congo (DRC), Lesotho, Malawi, Mauritius, Mozambique, Namibia, Seychelles, South Africa, Swaziland, Tanzania, Zambia and Zimbabwe.

### SACU

SACU is a customs union comprising Botswana, Lesotho, Namibia, Swaziland (the BLNS states) and South Africa. The agreement

includes, among other things, the levying of uniform customs and excise duties, free interchange of duty-paid goods imported from outside member countries, imposition of additional protective duties by BLNS states and regulation of the marketing of agricultural produce. There are no duties payable on goods traded between SACU members. For a number of South African exporters, trade with SACU is considered more as a local sale than as export business. The procedures for export are very simple and the distances to the markets are short and frequent.

Import tariffs imposed on goods from outside of SACU generally discourage the switching of the BLNS imports to alternative sources of supply, even where the cost of South African products is higher than for comparable items sourced elsewhere. As a result, the BLNS states depend on South Africa for the majority of their imports.

The Agreement has been under review for a number of years. For SACU to continue there will have to be a reassessment so that the benefits of the Union accrue more equitably to all partners. Preferential Trade Area for Eastern and Southern African States (PTA) and Common Market for Eastern and Southern Africa

## COMESA

The Preferential Trade Area for Eastern and Southern African States (PTA) was established in 1982. The original treaty called for a gradual reduction and eventual elimination of customs duties and non-tariff barriers. The PTA moved into its next phase – the establishment of a common market with the formation of COMESA in 1995. COMESA currently has 21 member states (Angola, Burundi, Comores, Democratic Republic of the Congo, Djibouti, Egypt,

Eritrea, Ethiopia, Kenya, Madagascar, Malawi, Mauritius, Namibia, Rwanda, Seychelles, Sudan, Swaziland, Tanzania, Uganda, Zambia, and Zimbabwe). South Africa is not a member of COMESA and it is unlikely that the country will ever join. Botswana has also been invited to join. Lesotho and Mozambique were members of COMESA, but have subsequently left the organisation to focus their attention on the development of SADC.

## ECONOMIC COMMUNITY OF WEST AFRICAN STATES (ECOWAS)

ECOWAS was formed in 1975 by 15 West African states in order to promote trade co-operation and self-reliance in west Africa. Today there are 16 members of ECOWAS, namely Benin, Burkina Faso, Cape Verde, Cote d'Ivoire, Gambia, Ghana, Guinea, Guinea-Bissau, Liberia, Mali, Mauritania, Niger, Nigeria, Senegal, Sierra Leone and Togo.

ECOWAS aims to create a common external tariff with the elimination of all tariff and non-tariff barriers between member states. It should be noted that whilst many of these measures have been planned by ECOWAS, many do work in practice because of the lack of adequate controls in the region and the porous nature of the borders in West Africa. Most of these measures were due to be in place by the mid-nineties, but political and economic upheaval has hindered much of the progress.

Despite this, certain tariff preferences are in place and although South African companies cannot benefit directly from ECOWAS preferences when exporting to West Africa, the same comment to companies involved in projects in the region applies.

## EAST AFRICAN COMMUNITY

At the end of November 1999, Kenya, Uganda and Tanzania signed a treaty for the establishment of the East African Community (EAC). The EAC aims to create a free trade zone in East Africa and to allow freedom of movement across borders for the nationals of the three countries. By the terms of the treaty the three countries will negotiate the framework of a customs union over the next four years and thereafter, move towards the establishment of a common market.

## UNION DOUANIERE ET ECONOMIQUE DE L'AFRIQUE CENTRALE (UDEAC) (CUSTOMS AND ECONOMIC UNION OF CENTRAL AFRICA)

The Customs and Economic Union of Central Africa, established by the Brazzaville Treaty in 1966, forms a customs union with free trade between members and a common external tariff for imports from other countries. The members of UDEAC are Cameroon, Central Africa Republic, Chad, Congo, Equatorial Guinea and Gabon. UDEAC has signed a treaty for the establishment of an Economic and Monetary Community in Central Africa to promote the entire process of sub-regional integration. As with COMESA and ECOWAS, although there are no direct preferences offered to South African goods, benefits to contractors operating in the region should be explored.

## APEC

The Asia-Pacific Economic Cooperation forum is a loose grouping of the countries bordering the Pacific Ocean who have pledged to facilitate free trade. Its 21 members range account for 45% of world trade.

Members: Australia; Brunei; Canada; Chile; China; Hong Kong; Indonesia; Japan; South Korea; Malaysia; Mexico; New Zealand; Papua New Guinea; Peru; Philippines; Russia; Singapore; Taiwan; Thailand; United States; Vietnam

## Cairns group

Members: Argentina; Australia; Bolivia; Brazil; Canada; Chile; Colombia; Costa Rica; Guatemala; Indonesia; Malaysia; New Zealand; Paraguay; Philippines; South Africa; Thailand; Uruguay

Members: Austria; Belgium; Cyprus; Czech Republic; Denmark; Estonia; Finland; France; Germany; Greece; Hungary; Ireland; Italy; Latvia; Lithuania; Luxembourg; Malta; Netherlands; Poland; Portugal; Slovakia; Slovenia; Spain; Sweden; United Kingdom.

The EU has become the most powerful trading bloc in the world with a GDP nearly as large as that of the United States.

Members: Argentina, Bolivia, Brazil, Chile, China, Cuba, Egypt, Guatemala, India, Indonesia, Mexico, Nigeria, Pakistan, Paraguay, Philippines, South Africa, Thailand, Tanzania, Uruguay, Venezuela, Zimbabwe.

At the Cancun meeting of the world trade talks in September 2003, a powerful new grouping of developing countries emerged.

Led by rapidly growing countries and major exporters like Brazil, China, India, and South Africa, this group has been powerful enough to challenge the EU and the US in trade negotiations.

## NAFTA

Members: Canada; Mexico; United States.

The United States has linked with Canada and Mexico to form a free trade zone, the North American Free Trade Agreement (NAFTA).

The NAFTA agreement covers environmental and labour issues as

well as trade and investment, but US unions and environmental groups argue that the safeguards are too weak. Plans to include the rest of Latin America creating a Free Trade Area of the Americas (FTAA) have been put on hold following opposition from key countries like Brazil.

## CHAPTER 3

# ALMOST THERE

You are worthy, O Lord, to receive glory and honour and power: for you have created all things, and for your pleasure they are and were created.

**Revelation 4:11**

The great strength of our Order lies in its concealment; let it never appear in any place in its own name, but always covered by another name, and another occupation ...Of all the means I know to lead men, the most effectual is a concealed mystery. The hankering of the mind is irresistible.

**Adam Weishaupt**

The invisible government who want to usher in the One World Order, and put their king in place, have an elaborate plan. Things don't just happen by chance in this world. Everything is carefully orchestrated and although there are setback as in any plan – even God's, the plan

goes on and it is detailed in every way. God is watching all this, of course, and things are going exactly as he said they would, because Satan is only one part of the great purposes of God. In the end God will be glorified in a way that will vindicate all that he has done, and allowed to be done, on this planet.

However, we should be aware of the agenda of Satan's plan and what he was created to accomplish. Paul said he was not ignorant of his devices and neither should we be, for he tells us that Satan has an advantage over us if we are ignorant. I feel that the majority of Christians have no perception of the plan and purpose of Satan for these last days.

**Lest Satan should get an advantage of us: for we are not ignorant of his devices.**

**2 Corinthians 2:11**

On July 20th, 1785, a courier was struck by lightning. He was carrying a document about the proposed French Revolution. It was from Adam Weishaupt the founder of the Illuminati and was addressed to the Grand Master of the Orient in Paris. Adam Weishaupt was born and raised in Ingolstadt, Bavaria, Germany, and according to Encyclopedia Britannica, was a professor of canon law, and founder of the Order of Illuminati (Enlightened Ones) in Bavaria. According to other sources, he created the order on May 1, 1776 (Footnote 1), as the 'Order of Perfectibilists' which only became the Order of Illuminarti later on. He adopted the name of 'Brother Spartacus' within the order.

**Winston Churchill**, looking back at the Russian Revolution, mentioned his name in the Sunday Illustrated Herald, London, February 8, 1920:

From the days of Spartacus Weishaupt to those of Karl Marx (Moses Mordecai Levy) and down to Trotsky (Russia), Bela Kuhn (Hungary), Rosa Luxembourg (Germany), and Emma Goldman (United States), this world conspiracy for the overthrow of civilisation and for the reconstitution of society on the basis of arrested development of envious malevolence and impossible equality, has been steadily growing.

However, as always with the secret orders, the propaganda is not the truth and the true founder of the illuminati was a man by the name of Ignatius De Loyola who formed the Jesuits. Wishaupt was just the front man to take the attention away from the Vatican and its connections with Satanism and crime – as always.

World leaders have always known that history is re-written under each new regime or empire. Here are two quotes to confirm this. Napoleon and Churchill were not just making trite or amusing remarks when they made these statements – to believe so is to show gross ignorance of how this world is governed.

History is the version of past events that people have decided to agree upon.

**Napoleon Bonaparte**

History is written by the victors.

**Winston Churchill**

This document, carried by the courier contained, as well as details of how the French revolution would be instigated, the following aims for the domination of the world. Whatever the reader thinks about our history, the facts are, that these 7 aims have almost come to fruition. For me, in 2013, the abolition of family life seems to be the one that is being pushed the strongest at the moment, and the gay lobby are being deceitfully used to do it. I can see that shortly the institution of marriage will cease to exist in our legal system.

The abolition of

1. All ordered governments
2. Private property
3. Inheritance
4. Patriotism
5. The family
6. Religion
7. Creation of One World Governments

## Collectivism the New Politics

What political system is being planned for the new World Government and how is it progressing? I believe it is 'collectivism'. Here is a definition.

A doctrine in political philosophy (and sometimes ethics) holding that the individual's actions should benefit not the individual but some kind of collective organization (such as a tribe, community, profession,

or state). Collectivism in political theory depends on altruism (loving others as oneself) in ethics. There are many forms of collectivism in political reality, such as tribalism, communism, socialism, fascism, certain forms of trade unionism, authoritarianism, totalitarianism, and communalism. The term is most often associated with totalitarian governments of the twentieth century, but is uncommon in everyday language.

This definition conveniently misses out democracy, which to me is the most deceptive of them all. There are other terms that let us know what the order will be like

## Social Darwinism/Elitism

The elite believe they are a more advanced form of human. In order to justify their belief they grafted Darwin's theories of biological evolution onto social organization to create Social Darwinism. Over the centuries they have referred to the public variously as cattle, sheep, just as Plato did in his writing entitled 'The Republic'. Social Darwinism is merely the modern expression of this attitude and their elitist belief system. Under this system only those that have proven their worth over many generations of dominance and control are worthy of entrance into high elite circles.

From the above we can see that the philosophy of men like Plato are still alive and well and the 'Statue of Babylon' does not go away, just as the leopard does not change his spots. The phoenix keeps rising from the

ashes, and morphs into another society or empire – but the principles are exactly the same.

## China as an experiment

After experimenting for hundreds of years with different forms of social organization, the elite have concluded that collectivism is the best form of social control. For this reason, totalitarian China is considered the model state for the future One World Order. Mao Zedong, was put in power by the capitalist nations of the west and it has more UN awards than any other nation. It implemented compulsory one child families and forced abortions. It harvests body parts from labour camps to sell to the world, and is an example of the atrocities we will see world wide when the One World Government takes over.

As a young man, and hearing first hand from missionaries the persecution of Christians in China, I could never understand why British and US governments denied it was going on. They made statements to the press that China had Churches, and Christians were free to practice their faith. Now I have the facts it all makes sense. They did not want the persecution to stop – it was all part of the experiment!

David Rockefeller, who is working tirelessly towards the One World Government, said:

Whatever the price of the Chinese Revolution, it has obviously succeeded not only in producing more efficient and dedicated administration, but also in fostering high morale and community

of purpose. The social experiment in China under Chairman Mao's leadership is one of the most important and successful in human history.

**David Rockefeller**

## Eugenics/Selective Breeding

The elite have long viewed a rising population as a threat to their dominance. They realised that eventually a large number of people will inevitably overthrow and remove them from power. They are particularly concerned with the middle class whose intelligence and capacity to organise makes them the biggest threat. Consequently, the elite plan to destroy the middle class and make all of the public equally poor and thus incapable of rebelling. As written on the Georgia Guidestones, they want a global population of just 500 million. This means 6+ billion people must die over the coming years. This depopulation programme has already been covertly implemented.

Between 1963 and 1965 more than 400,000 Colombian women were sterilized in a programme funded by the Rockefeller Foundation. In Bolivia, a US imposed population control programme administered by the Peace Corps sterilized Quechua Indian women without their knowledge or consent.

In 1967 the American Public Health Association and the American College of Obstetricians and Gynaecologists conducted a study and found that 54 percent of the teaching hospitals nation-wide "...

made sterilization a requirement for winning approval for an abortion".

**A Look at the Indian Health Service Policy of Sterilization,  
1972-1976 by Charles R. England**

The elite, throughout history, in support of belief in their own superiority over the common person, have practised interbreeding among themselves. They do this to preserve intelligence, love of power, and above all the ruthlessness and willingness to kill as required. They still practice this today. Also, along similar lines, they believe in the practice of eugenics on the public to control the population and to make them more docile, controlled, stupid and compliant. Having been exposed by Hitler's atrocities the elite went underground – for example by renaming 'Eugenics Quarterly' to 'Social Biology' in 1969.

One CFR (Council on Foreign Relations) published policy objective is substantial worldwide depopulation including half of the current US population being targeted. This population reduction programme is largely funded by the Rockefeller Foundation and the Merck Fund, both financially and administratively linked to the Merck pharmaceutical company, the world's leading vaccine manufacturer. Records show the Merck pharmaceutical company received a major share of the Nazi 'flight capital' at the close of World War II when its president, George W. Merck, was America's biological weapons industry director. These facts were revealed by Norman Covert, Army public relations director at Fort Detrick in Frederick, Maryland, and veteran

news correspondent Paul Manning in his book 'Martin Bormann: Nazi in Exile' (Lyle Stuart, Inc, 1981).

## Multi-generational Planning

The evolution of society is not something the elite can leave to chance since society could evolve in thousands of different and unpredictable ways. If they were ever to allow this they might lose their control and dominance over us. In order to continue their position as the dominant minority, they plan decades and even centuries in advance.

## Revelation of the Method

These 'elites' do tell us through their books and publications, films and news releases, what they are doing and this is called 'Revelation of the Method'. If you are too stupid to recognize it, for what it is that is your problem from their point of view. It is a form of ritual mocking of the victim. So many of our modern films and TV shows have eugenics themes, and many famous people have been advocates of the eugenics programmes, including politicians, bankers, scientists, and industrialists (see appendix at the end of chapter).

## Rights, and No Rights

The One World System is very deceitful and devious. Often they will propagate the opposite of what they believe, or want, in order to fool the masses. Some of the

organisations that criticise and expose the plans of the OWO, are actually their own agencies – not that those at the lower levels would know, of course.

For over 50 years now, the governments of the first world have been extolling the benefits of human rights and equality as a democratic principle. I remember in the 60's when those in Gt. Britain were first introduced to the phrases. The first time I heard it was when a 10 minute programme was broadcast on television in the 70's called 'Know Your Rights' with a Dr. Winstanley hosting it.

## The Penny Will Drop!

We are coming to the time when people are realising that despite all our rights and equality, the average person today has less real freedom than ever – all our rights have been taken away. Soon public concerns, fuelled by the media, will demand true rights and people will swing again, as they did in Germany, to believe that some humans should have no rights at all and be annihilated. Most Germans in the last great war had been seduced by the media to believe that Jews were no more than animals. Many British people, at the height of the empire, thought the same way about the Arabs and the millions in India. We called them 'Wogs' and 'Dirty Arabs'.

We are now starting to hear the voices preparing us for this change from the far right and other sources.

The first victim of transhumanism might be **equality...**  
If we start transforming ourselves into something

superior, what rights will these enhanced creatures claim, and what rights will they possess when compared to those left behind? If some move ahead, can anyone afford not to follow? These questions are troubling enough within rich, developed societies. Add in the implications for citizens of the world's poorest countries — for whom biotechnology's marvels likely will be out of reach — and the threat to the idea of equality becomes even more menacing.

**Fukuyama**

## Psychopathy Among Elites

This is not a belief but more of a sobering fact that must be considered when evaluating the values and actions of the elite. It has been well established, as shown by Andrew Lobaczewski in his book 'Political Ponerology', that the elite and those that are most capable of rising to the top of a system based on money are psychopathic. This includes leaders in all centres of power including business and politics. As psychopaths they have no conscience, lust for power and control, means they are literally capable of anything.

Dictators are usually megalomaniacs, because this is the very character of Satan. Look at this definition of the word and see how perfectly it fits Satan and all those whom he puts in powerful positions in this world. People like Adolf Hitler, Napoleon, Benito Mussolini, Alexander The Great, Josef Stalin, Mao ZeDong, Idi Amin, Fidel Castro, Pablo Escobar, and Juan Peron, to name just a few.

**Megalomania** - is a psycho-pathological disorder characterized by delusional fantasies of power, relevance, or omnipotence, Megalomania is characterized by an inflated sense of self-esteem and overestimation by persons of their powers and beliefs.

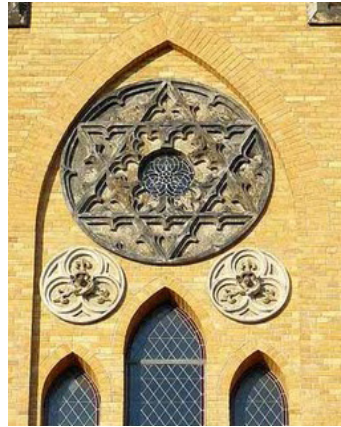

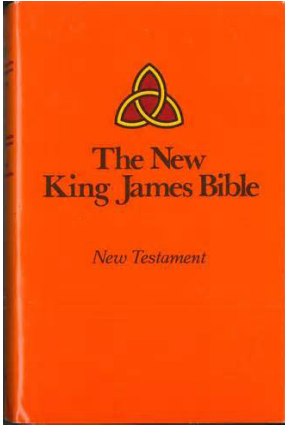

Because the elite truly believe that the end justifies the means, and the fact that they are for the most part psychopathic, they have absolutely no problem lying to the public. This is also known as the ethics of war where the only morally abhorrent act is losing.

## Mystery Religions and the Occult

I understand it is very hard for Christians who have been indoctrinated by their denominational dogma and the propaganda of the media to imagine that the elite in our society practice a form of pagan religion based on the mystery school religions of Sumer and Babylon, under which they seek to achieve godhead – but it is true.

Royalty throughout history have had their astrologers and occult mystics and our present royalty are no different. Equally important is the use of religion to control the masses and to that end they create esoteric (visible) religions for the masses while embedding in those religions esoteric (hidden) meanings that only those that are enlightened, or illumined, are able to understand. Consequently, the ancient symbols used thousands of years ago can still be seen in religion, business and the media today.

Here are some of the Occult symbols that you will see in Churches and even on Bibles.

The symbol on this bible is a 'Triskele'. Triskeles are of pagan and occult origins and are connected to swastikas, reincarnation, magic and the yin-yang. The symbol on the Church is a Hexagram.

### Footnote 1

This is the same date as the supposed founding of America and is the date on the 1 dollar bill. 1st May is the day we celebrate in the UK as 'May Day'. Although many people think that the MDCCLXXVI under the pyramid might stand for 1776, the year America gained her independence, in fact it stands for May 1, 1776, the date of the foundation of the Illuminati. And the words around the pyramid *Annuit Coeptis* (above) and *Novus Ordo Seclorum* (below), when put together, reads to the illuminati, 'Announcing the Birth of a New Secular Order.'

It is also an occult day going back many centuries. May 1st, is a national holiday in more than 80 countries and celebrated unofficially in many other countries.

## Appendix 1

It is a simple task to find films that have eugenics themes, but here are a few films –

### **Star Trek**

Everybody knows Khan Noonien Singh. He's one of the most famous Star Trek characters who isn't a starship crew member. But he's also the poster boy for eugenics, the notion that you can improve the human race by rewriting our genes.

### **Superman**

The Island of Lost Souls,

Based on the H.G. Wells novel, dealt with a scientist trying to create the perfect human being — and Paramount Pictures even invited eugenicist Julian Huxley onto the film set to vouch for the scientific accuracy of the film.

The Mad Monster (1942), The Boogie Man Will Get You (1942) and Revenge of the Zombies (1943).

In the 1950's and 1960's, B-movies became obsessed with the idea that radiation from atomic testing could degrade our DNA. Some stories even explicitly brought up the notion that the only way to protect against this damage was to 'improve' our DNA now by selecting for superior traits. (Or by splicing in mutant wolf DNA, as in The Werewolf (1956).

### **Doctor Who**

Doctor Who's most famous villains are the Daleks, who are obsessed with racial purity and the extermination of anyone whose genetic stock is different. 'A dislike for the unlike,' Ian calls it in the first Dalek adventure. The Daleks' connection with Nazis is made explicit in 'The Daleks Master Plan' and 'Genesis of the Daleks,' but it runs through pretty much all their stories. And their obsession with genetic purity is brought up frequently in the new series, when they deem only one human cell in a billion worthy of becoming a Dalek.

1965, Frank Herbert's *Dune* series includes some major themes of eugenics — the Bene Gesserit use selective breeding programmes to attempt to create the ultimate human, the 'Kwisatz Haderach.' They place their members into different families by marriage or concubinage, to try and select for certain traits, and then keep the offspring as members of their own order.

Mutants: The X-Men first achieved real fame in the 1970's, and the theme of mutated humans with superior powers, who were hated and oppressed by normal humans, became a major theme — building on such works as *The Chrysalids* by John Wyndham.

Eco-catastrophe: A huge rash of films in the 1970's dealt with the idea of an ecological disaster, and in several of these, mad scientists attempt to upgrade or modify humanity genetically to survive.

*Blade Runner* (1982) deals with a race of genetically engineered people, Replicants, who have superior abilities — but a built-in time limit, causing them to die within a few years.

The 1988 movie *Twins* involves a genetic experiment to create the

perfect man — but Arnold Schwarzenegger gets all the 'purity and strength' genes, while Danny DeVito gets all the 'genetic garbage'.

Probably the most famous movie about genetic enhancement is the 1997 dystopian film *Gattaca*, in which in-vitro children are tested to select the ones with their parents' best traits. There's a genetic registry that lists the people who were genetically selected using this method, aka 'valids,' while the people who are still susceptible to genetic problems, aka 'invalids,' are relegated to menial work. Technically, genetic discrimination is illegal — but it goes on all the time.

### **Batman and Robin**

Mr. Freeze is trying to cure his wife's rare genetic disorder. In *Code 46*, people are using anonymous sperm donors so much that the government must control people's reproduction to avoid in-breeding.

In *Blade II*, an evil vampire scientist tries to use genetic manipulation to create a new 'pure race' of vampires. In *The Nutty Professor*, Dr. Klump alters his DNA to become the suave, amoral Buddy Love.

CHAPTER 4

# THE HEART OF THE MATTER

And he that searches the hearts knows what is the mind of the Spirit, because he makes intercession for the saints according to the will of God.

**Romans 8:27**

And be renewed in the spirit of your mind;

**Ephesians 4:23**

I am convinced the battle for the free will of man is in his mind, but what exactly does this mean in practical terms. What is the mind? Is it physical or spiritual? Does our brain think or is it programmed? For a fuller explanation of what I believe the mind to be, can I refer the reader to an explanation that I wrote in chapter 15, of 'Will The Real Christians Please Stand Up', entitled 'All in The Mind' (Footnote 1). There is no need to repeat

the explanation again here, but briefly, I believe that the mind has nothing to do with the brain, because the brain is physical and the mind is part of our spirit. Our brain is the body's biological computer. A computer cannot think for itself, it has to have an operating system installed and be programmed.

### Pre-programming

I believe our brain is programmed, firstly by our genetic make-up – to keep our bodily functions operating without our knowledge or consent, and secondly to interpret our desires and motives – which are spiritual, and convey them to our physical bodies by electrical impulses, to produce our bodily actions. This is a simplistic explanation in non-medical terms, but I believe it to be correct.

Our mind is not a part of our physical make-up and according to the bible is part of our human spirit. Common knowledge says we have both conscious and sub-conscious thought, and the bible agrees with this. However, the bible uses different terms for them both. When the bible mentions the mind, it is always referring to our conscious thinking – the thoughts that we know about. When the bible refers to the sub-conscious thinking – the ones we are not aware of – it uses the word 'heart' and that is where our secret desires and motives come from. Whereas I know **what I think**, I do not know **why I think it**, because the motives and desires come from the 'sub' – hidden, below the surface, thoughts.

There are many scriptures to support my reasoning, and they are in the book I have referred to, but maybe one or two references would be sensible to put here. Paul, in Romans, tells us to **renew our minds**, therefore it is something that we can do and be aware of the process. I call this brainwashing with consent, because repetition is the only way we, as human beings, can learn anything.

And don't be conformed to this world: but **be transformed by the renewing of your mind**, that you may prove what is that good, and acceptable, and perfect, will of God.

**Romans 12:2**

We have the power to change our conscious thinking to that of the mind of Christ. The epistles are full of verses that tell us how to think. For example:

For I say, through the grace given unto me, to every man that is among you, **not to think of himself** more highly than he ought to think; but to think soberly,

**Romans 12:3**

We can do this and 'change our mind', but the heart is different, for it is the subconscious part of our thinking and we do not know this part. Jeremiah put it very plainly.

The heart is deceitful above all things, and desperately wicked: **who can know it?**

**Jeremiah 17:9**

Our heart is so wicked that it will deceive us into thinking that **we do know** and understand it.

## What's the relevance?

What difference does this knowledge make to us? Why is this important to know, and what has this to do with the system of Babylon. Well, it had everything to do with it, for changing our subconscious thinking is fundamental to a change of behaviour in physical manifestations through our bodies. Life is all about motives and desires in the heart. God is more interested in **why** we do things than **what** we actually do. We can do the right physical action and have the wrong spiritual motive and it will not be acceptable to God. We can make a mess of the physical action, but if our motive is pure it is acceptable to God, for he looks at the heart and not the action. This is the definition of hypocrisy, something God hates so much – **the right action with the wrong motive**. We have to ask God to change our heart, and not our mind. God will not change our mind for we have to power to do that, but we cannot change our heart, only God can do that.

Changing our heart by working on our subconscious thinking is Satan's greatest weapon for perverting truth, and manipulating people, without violence, into his system of Babylon.

Satan used this technique, in the Garden of Eden, to seduce Eve and bring about death and misery to this earth. He appealed to her desires – in the heart – to bring about an action in her body. He first suggested to her

mind that she would be more God like if she disobeyed God ...and it appealed to her heart. The bible says she saw it was a fruit '**to be desired**'. Desire come from the heart not the brain or mind. Satan has no access to our heart so he puts thoughts in our mind. Eve allowed the thought in her mind to penetrate her heart. It is not sin to be tempted – to have the thought in our mind. But it becomes sin when **we** allow it to go into our heart and it becomes **our desire**. Satan planted a thought in her mind, and Eve let it become a desire in her heart – the subconscious mind, to bring about physical actions of disobedience ...and he has been doing it ever since. She reached out – a physical action – and took the fruit

## Sin Starts in the Heart

Because Satan wants worship from our free will, he doesn't work on our will – he works on our conscious mind so that we meditate on it and in the end, it is our own desire and will, that causes us to sin. All sins start in the heart and the physical actions are only a manifestation of what has been planted and watered in our hearts. The seeds that Satan plants will take root for sure if we are not aware of them and how he plants them. God tells us to bring every thought into captivity – not every desire. God always works with the roots not the fruits.

Casting down imaginations, and every high thing that exalts itself against the knowledge of God, and bringing into captivity **every thought** to the obedience of Christ.

**2 Corinthians 10:5**

In the next chapter I will look at the many ways and methods that Satan uses, through those he has chosen, to bring this world to a place where he can be worshipped as God, without force and of the people's free, deceived, will. It is a very clever plan and without the help of God we will never see through it. In fact we will think we are walking in the light and actually be walking in darkness. It is possible to be in the light – that is to know Jesus as saviour, and yet walk in darkness, because our hearts have been darkened. He that thinks that he stands – beware lest he fall. This is what John said to Christians who has accepted Jesus.

If we say that we have fellowship with him, and walk in darkness, we lie, and do not the truth:

**1 John 1:6**

He that says he is in the light, and hates his brother, is in darkness even until now.

**1 John 2:9**

—NOTES—

---

The conscious and intelligent manipulation of the organised habits and opinions of the masses is an important element in democratic society. Those who manipulate this unseen mechanism of society constitute an invisible government which is the true ruling power of our country ...We are governed, our minds are moulded, our tastes formed, our ideas suggested, largely by men we have never heard of. This is a logical result of the way in which our democratic society is organised. Vast numbers of human beings must cooperate in this manner if they are to live together as a smoothly functioning society ...In almost every act of our daily lives, whether in the sphere of politics or business, in our social conduct or our ethical thinking, we are dominated by the relatively small number of persons ...who understand the mental processes and social patterns of the masses. It is they who pull the wires which control the public mind.

CHAPTER 5

METHODS &  
MANIPULATION

The basic tool for the manipulation of reality is the manipulation of words. If you can control the meaning of words, you can control the people who must use the words.

**Philip K. Dick**

And while the law of competition may be sometimes hard for the individual, it is best for the race, because it ensures the survival of the fittest in every department.

**Andrew Carnegie**

All propaganda must be so popular and on such an intellectual level that even the most stupid of those toward whom it is directed will understand it. People can be made to perceive paradise as hell, and the other way round, to consider the most wretched sort of life as paradise.

**Adolph Hitler, in Mein Kampf**

After 6,000 years of Babylon and its seduction of all things physical and spiritual, we now need to look at where Babylon is in the 21st century, and see how sophisticated and all embracing this technique has become. Every area of society is being used to conform the whole world to accept the reign of antichrist and The Beast.

## Drugs

Drugs have always been used in conjunction with witchcraft and music to induce an altered state of consciousness – a shift in our subconscious mind – the heart. It is a way to condition and programme our desires and motives. People act differently under the influence of drink and drugs and it is never in a more godly attitude or action, but always a depraved or perverted and worldly mind set. How many girls have become pregnant under these influences, and how many men have raped and committed acts they would never do without the aid of a mind changing substance? Soldiers have, for many years, been given drugs to help them to do atrocities with an anaesthetised conscience. The online Science Encyclopedia says:

Amphetamine use was widespread in World War II. Soldiers on both sides were given large amounts of amphetamines as a way of fighting fatigue and boosting morale. The British issued 72 million tablets to the armed forces.

Sports people have always used performance boosting drugs and in the early Olympic games in Greece it is recorded that athletes ate sheep testicles which are a rich source of testosterone.

Yu-Hsuan Lee, at Harvard, has documented that there are records of the use of performance enhancing drugs going as far back as ancient times. Lee cites, "The Greek physician, Galen, is reputed to have prescribed 'the rear hooves of an Abyssinian ass, ground up, boiled in oil, and flavoured with rose hips and rose petals' to improve performance." Lee then adds, "Ancient Olympic athletes attempted to boost testosterone (the hormone that anabolic steroids are designed to produce) by eating sheep testicles, a prime source for testosterone".

## What about Noah

We could say that the curse on Cain came about because Noah was in a state of altered consciousness when he was inebriated in his tent after drinking wine.

The fall of Babylon, recorded in the book of Revelation, tells us that 'The Great Whore has seduced the whole world with her sorceries – enchantment with drugs, from the Greek root 'pharmakeia'.

And the light of a candle shall shine no more at all in you; and the voice of the bridegroom and of the bride shall be heard no more at all in you: for your merchants were the great men of the earth; **for by your sorceries were all nations deceived.**

**Revelation 18:23**

The prophet Isaiah also forecasts the downfall of Babylon and makes a similar comment; that sorcery is one of the reasons she will be judged.

**But these two things shall come to you in a moment in one day, the loss of children, and widowhood: they shall come upon you in their perfection **for the multitude of your sorceries**, and for the great abundance of your enchantments.**

**Isaiah 47:9**

As well as illegal drugs, which are one of the worlds biggest industries in terms of revenue, and which governments and big business have always been traded and been involved with (see Appendix 1, at the end of this chapter), prescription drugs and food drugs manufactured by the pharmaceutical giants are also one of the biggest businesses on the planet. These drug companies now control and guide the National Health Services in the west, and doctors have become the medium for them to the public. A legal drug does not have a different effect than an illegal one. They alter our thinking as much as our physical make-up whether taken recreationally or by the intake of food, inhalation from pesticides, or ingested through our skin through aerosol sprays.

Because we have been led to believe that the doctors and scientists have the answers and always tell us the truth we have faith in what they give us. Just to talk about one area, the placebo effect has been well documented, and it has been proven that much of our illness is due

to our belief. By that I mean fear or faith, for they are both mind sets that effect our bodies. Any nurse will tell you that on the one hand the 'will to live' plays a part in a persons health, just as on the other hand fear, stress which is a spiritual condition, and uncertainty also have a bearing on our well being.

The problem is that now the public have been led to believe that when they are ill all they need is a drug to correct things. Old fashion medicine using natural means is almost obsolete, because the pharmaceutical companies cannot make 1000% profit on natural medicine so they scoff at those who would use them and declare them unsafe or ineffective – chemicals are now the order of the day.

## The Food Industry

The food industry is another big area that I cannot go into fully, but the amount of chemical drugs that are in most foods today is alarming. This in not counting the actual toxins that are in much of the food, not only by additives, but the insecticides that are sprayed on the plants and ingested before they are even put into food. We are now taking antibiotics, via our meat, that was injected into our beef and cattle. The build up of mercury, through vaccinations, and the aluminium residing in chemical sweeteners such as aspartame and nutra-sweet, which are both toxins, result in cancers and alzheimer's diseases (NutraSweet brand sweetener is sold in more than 100 countries and used in over 5,000 products. It is consumed by 250 million people

worldwide). We cannot catch cancer, stress related illnesses, or sugar diabetes. They are not diseases, but disorders in our bodies. It is because of the drugs in the food chain, and thorough the medical services, that we today suffer many of the man induced illnesses. The Pharmaceutical companies do not want us to be healthy for there is no profit for them. They want us to be ill so they can sell us the drugs to heal us. **Modern medicine is not about keeping us healthy, but about treating us when we are sick.**

## Dumbing us Down

The system of Babylon is controlling the populations of the worlds through the food chain and dumbing us down in an alarming way. Genetically modified foods contain chemicals that are effecting our ability to reason and many of the drugs and wheat that are sent to the third world cause sterility as a means of birth control. If this seems far fetched and scare mongering I suggest the reader looks at a frightening book, written by a very knowledgeable and creditable man, entitled 'Seeds of Destruction' (Footnote 3). Bill Gates, the founder of Microsoft, has openly said the he thinks population control should be done through vaccinations in the third world.

## Images

Apart from the repetitious material, that is openly shown on the television adverts, which undoubtedly

conditions our minds, the use of subliminal techniques also have a great effect on us. One way is through images that are too quick for our conscious mind to see, but our brain records them for our subconscious mind. That is why, over the years, the cuts in film and video have become shorter, until they now flash like pulses of light on pop videos.

Film and video is a deceptive medium because it shows between 24 and 30 **still frames** per second (depending in which part of the world you live), and our brain sees them as moving pictures. This is, of course, a deception.

It is easy to put a frame of a completely different nature into a sequence and the conscious mind will not notice it. Disney is notorious for putting sexually explicit images into children's cartoons (Footnote 2). The camera shows us where to look, whereas in real life we can move our head and look at any part of the panorama in front or to either side of us. It is selective in what it shows us, and because of this is very biased and very dangerous, as we always have a distorted view of reality. Malcolm Muggeridge wrote a book many years ago which explains this very succinctly, and I can recommend it as a means of understanding the nature of film and television. It was titled 'Christ and the Media'. It has been transcribed from 3 lectures that he gave, and it shows what great insight he had into the media and its manipulative powers (Footnote 3).

Repetition is always a good brain-washing technique, and strobe lights in discos, and now of course in the mega churches, open us up to images. It is a scientific fact that flashing lights or repetitious loud beats can

disorientate our minds. Thoughts can be placed in our subconscious minds much more easily in this unnatural state. It is a form of hypnosis and loud music can give an adrenalin rush similar to amphetamines. That is why churches have the 'raves' before the preaching, so that the teaching is less resisted. I can't find any worship or praise preceding preaching in the New Testament, nor any instruction to do so in the letters to the churches from any of the apostles – as they met in houses. I am sure any worship would be a cappella, unrehearsed, and spontaneous.

## Symbols

Symbols are very effective at placing images in our minds and because they have meanings and power behind them they are used to great effect. The repetitious use of symbols in advertising should convince anyone that they are not neutral in effecting the way we think and act and it cannot be by chance that so many of the modern logos for big companies use pyramids or other masonic symbols. So many of the world banks have pyramids on their skyscrapers. Many with a light on top like the US 1 dollar bill.

London

## The speed of life

The bible says that in the last days knowledge will increase, and surely no one can dispute the amazing exponential rise in information at this time in our history. I saw a quote over 10 years ago that said that anyone who

reads the 'Sunday Times' will receive more information in that paper than the average person received in their entire life 200 years ago. Alvin Toffler in his trilogy of books about the future, writes about information overload – that was in 1970.<sup>(Footnote 3)</sup> Information doubles almost every 6 months in our present climate. This puts stress on our physical brain and in turn puts a spiritual agitation and pressure on our subconscious mind. Here is a quote from a newspaper that was sent to me as I was writing this chapter.

A New Material could make the internet 100 times faster scientists said yesterday. Tests on carbon extract graphene – just one atom thick – show it to be a super conductor that could bring a communications revolution; 3,000,000,000 layers of it would make a flexible cable only 1mm wide

**Doctor Enrico Da Como, Bath University  
Scientific Journal review**

The bible, in the same verse that says 'knowledge will increase' also says that 'men will run to and fro'.

**But you, O Daniel, shut up the words, and seal the book, even to the time of the end: many shall run to and fro, and knowledge shall be increased.**

**Daniel 2:4**

Speed of life has increased over the last 100 years with the advent of the train, motor vehicle, and aeroplane. Journeys that would have taken weeks just

150 years ago can now be accomplished in hours. This puts tremendous subliminal pressure on our bodies, but more important and deceptive – on our minds. A man 100 years ago would walk to work over fields, not concrete or tarmacadam, and would hear the birds sing and the animal noises in the background. He would travel at around 4 miles per hour and if he needed to go somewhere quicker he could take an animal that God had provided, such as a horse, and maybe travel at 15 miles an hour. He would be able to take in all the images that surrounded him.

## Brain Overload

Now, as we go to work in a car, usually through the concrete jungle, we are faced with more images than our brain can process, so most of them become subliminal. We have to assess people and other cars, all the houses and posters, and our mind can get tired just going to work, as our brain tries to decide which images are important and which ones should be ignored. Many people are stressed before they start work just because of the journey. This is just one area – the speed of life – that puts stress on us.

According to the **Mail Online, Wednesday, May 22, 2013**, 13.5 million working days a year are lost because of stress-related illness. Previous research has found that in Britain, as many as 1 in 5 workers – or around 5,000,000 – are believed to suffer from work-related stress, while an estimated 1/2 million have experienced stress at a level they believe made them ill. This is just in Great

Britain, and no one bats an eye lid. The world carries on at the same speed, rushing headlong into Babylon's One World Trap.

## Education

The supreme end of education is expert discernment in all things – the power to tell the good from the bad, the genuine from the counterfeit, and to prefer the good and the genuine to the bad and the counterfeit.

**Dr. Samuel Johnson**

Education at one time was to teach children how to think for themselves and to express their individual talents and opinions. It has deliberately been dumbed down and has become indoctrination. Exams have become multiple choice answers and a thesis at university cannot contain the ideas of the writer without giving a source for the thought, they must always quote a reference source of someone else. Education now is to regurgitate what you have been told and information come from lecturers who have also been through the same process of indoctrination.

## Test Yourself

If you think you have been educated to any reasonable standard over the last 50 years then look at an exam paper from 100 years ago and see if you can answer the questions that 14 year old children would have been expected to have answered . You will find you are quite

ignorant in reality. The standard is so low now that it is almost laughable when compared with the education of 100 years ago (Footnote 4).

Charlotte Thomson Iserbyt, an American lady who married a Belgium man, and worked at the highest level of government in the USA, wrote a book documenting amazing facts from government sources and papers to say that it was agreed at the highest government levels in Russia and the USA, during the cold war, to combine the education of these 2 great nations into 'one' that would prepare them for the One World Government. Part of that plan was to dumb down the education of our schools, and universities, into propaganda and indoctrination so that a generation would emerge that would not resist change and believe all that the media said without question. Surely any intelligent person can see that we are actually in that situation now (Footnote 5).

## Entertainment and Films

Everything was in stark and dreadful contrast with the trivial crises and counterfeit emotions of Hollywood, and I returned to England deeply moved and emotionally worn out.

**C. S. Forester**

Films over the last 50 years have increased the themes that will prepare the world for 'The Beast' to control us. There has been a plethora of films that have put into our minds the thought that aliens are coming to help us out

of our situations and prepare us for a new tomorrow. H.G Wells, 'War of the Worlds', set the theme of aliens coming to earth as hostile, but there was a change in the 70's when 'Close encounters of the Third kind' by Stephen Spielberg, hit the cinemas (1977), and the aliens became friendly and benevolent. We now have so many films where the aliens are taking people from the planet to re-educate them or to take DNA for their own experiments.

## Counterfeit

The recent film trailer for Skyline looks, at one point, like the Christians paint 'the rapture', with millions of bodies being transported from the earth. Below is a list of the music titles for the film by composer Matthew Margeson. Seems like a counterfeit of the snatching away of the Church to me!

Damage Control

We have long accepted the thought of humans with super powers, and they are really hybrids. In the past, as with Superman and Spiderman, they fall in love but know that they cannot marry or produce seed for they are not fully human. However, we are now seeing films where 'angels' and 'super heros' are having sex with humans and it is all part of the plan to affect our mind to accept that trans-humanism is a natural part of evolution where we can now create the next quantum leap in this process and decide our own progression up the evolutionary tree.

The abominations that caused God to destroy the earth in the days of Noah is almost with us, and we are heading for the judgement by fire, make no mistake about that.

## Subliminal

These film have an effect on our subconscious minds and Christians have slowly been seduced by them. Occult films are now on the 'to watch list' of Christians for they cannot see anything wrong with watching outright witchcraft and horror, such as the 'Harry Potter' films, 'Narnia' or 'Lord of the rings'. Once a person has been conditioned in their subconscious minds that these are Christian allegories or 'just entertainment', it needs a deprogramming to free them from the delusion.

The whole of Christianity has been seduced by the principles of the 'New Age' doctrines and they do not even realise it – that is the power of the manipulation of the heart – the subconscious mind. The bible says our conscience can be seared and annealed to accept what is contrary to God and his holiness (separation from the world). Millions of Christians now believe in re-incarnation because of the influence films they have watched or books they have read, and many accept a form of evolution over creation because of the media's effect on their subconscious mind. 'Their heart has become darkened' – surely that is a description of what I am talking about.

Because that, when they knew God, they glorified him not as God, neither were thankful; but became vain in their imaginations, and **their foolish heart was darkened.**

**Romans 1:21**

**Having the understanding darkened,** being alienated from the life of God through the ignorance that is in them, because of the **blindness of their heart** ...But you have not so learned Christ; if so be that you have heard him, and have been taught by him, as the truth is in Jesus: that you put off concerning the former conversation the old man, which is corrupt according to the deceitful lusts; And be renewed in **the spirit of your mind;**

**Ephesians 4:18-23**

## Music

Music makes me forget my real situation. It transports me into a state which is not my own. Under the influence of music I really seem to feel what I do not understand, to have powers which I cannot have.

**Leo Tolstoy, 1890**

Music of course has a great affect on our subconscious mind. It affects our emotions and allows messages to be placed in our minds by the lyrics or by the music itself – **sometimes the music is the message**. Music is a drug and affects the mind. Rhythm that is hypnotic can induce trance like states. Loudness itself is another way of affecting the subconscious mind to accept messages. Loud music has the same affect as amphetamine drugs, and can make our bodies shoot adrenalin. Often, Christians think they are in the spirit in a loud worship session and all they are doing is shooting adrenalin. Of course there is a come down afterwards and that is why they are always looking to the next worship service – they are hooked on adrenalin. I have given references to substantiate these statements in my other books (Footnote 6).

## Sports

Sport is being used as a powerful tool to divert the minds of the masses away from what is really happening to our world. "It doesn't really matter that we are practising abortion, euthanasia, and that we are

accepting sexual perversion as normal, because our team are winning the championship and it is all happening this Saturday". It fills the conversations at our work places, social networks, and in the newspapers – how many pages are devoted to sport in our national newspapers. Churches have put big screens in their churches and cancelled meetings when the football world cup was on.

When I am in America I almost expect many of the pastors to be as interested in baseball or American football as they are in God – that has been my experience at least. The people who plan to take over the world for Satan and put the Man of Sin in charge designed years ago to use sport to divert the mind of people. Here is a quote from the 'Protocols of the Learned Elders of Zion'.

Whether the book is a forgery, or not, is unimportant to my point as the things that it said 100 years ago are coming to pass in a frighteningly accurate way. The soaps were in the same way designated to do the same for women, but there has been a great crossover and we find men hooked on the soaps and many more women, than I suspect were envisaged, are lovers of sport.

In order that the masses themselves may not guess what they are about WE FURTHER DISTRACT THEM WITH AMUSEMENTS, GAMES, PASTIMES, PASSIONS, PEOPLE'S PALACES .... SOON WE SHALL BEGIN THROUGH THE PRESS TO PROPOSE COMPETITIONS IN ART, IN SPORT IN ALL KINDS ...these interests will finally distract their minds from questions in which we should find ourselves compelled to oppose them.

**Chapter 13:Distractions.**

## Fear and Terrorism

I believe that 9/11 was a planned event and that it triggered the beginning of the net that would trap the world (See my book *Israel, The Church and the Kingdom of God*, volume 7, Postscript). Terror, is a great mind weapon. People will agree to almost anything to be relieved of fear. The homeland security act and all the laws America passed, to restrict freedom on the back of this event to take away people's rights is amazing and this fear of terrorism has spread to all nations of the world. Now, when I go to African nations, the fingerprints of both hands are demanded at the passport control and they take a photograph of me. When I asked in Kenya why they did all this they said "because of terrorism". I wonder how many are killed each year by terrorists as compared with those killed on the roads or other accidents. Britain has one of the best safety records in the world yet 5 people die every day on our roads. That is just under 2,000 per year on average, 70 Americans die from terrorist attacks each year, but 500,000 die from coronary heart disease. It just does not add up to me!

### There is a Plan

The plan was to first use communism as a threat and fear to the West. It was a lie. Communism was instigated, financed and controlled by the capitalists of the west. 2nd in the plan was to use terrorism and

rouge dictators with weapons of mass destruction and we are now in that stage after 9/11. The final great fear which will allow the One World Order to control through fear will be the threat of an alien invasion. This has been planned for decades, and is in the near future. Surely, it is not difficult to see that the films that have come from Hollywood of late are preparing us for this false fear that will let the World Government form to 'save us all' (See Appendix 2 at the end of this chapter for more information).

## Religion.

All religions are founded on the fear of the many and the cleverness of the few.

**Stendhal**

Napoleon said "All religions have been made by men", and he is right. Jesus did not come to start a new religion, he came to give us relationship back with God. Men prefer religion, for it is safer in that it is predicable and comforting because the control and conformity to the dogma takes away the fear of freedom, which is intolerable to most people. To only have God is not acceptable to the majority of Christians – they need the support of a system for them to feel secure. The fact that many others feel the same way is the comfort they need. True relationship with God is a lonely path – with the world, and its people.

Religion has always been used as a means of gaining control of the masses. Napoleon said in another quote:

Religion is excellent stuff for keeping common people quiet.

It is always based on fear. Ritual and services are the bane of freedom and individuality. The great deception of the Pentecostals and Charismatics is that they believe themselves to be free. I don't know how many times I have sat on the platform, as the visiting speaker, and the presiding minister has said, "Just feel free and go with the spirit". He really believes he is free, but I know if after the first chorus I got up and asked the music group to sit down as I felt it the time to bring my sermon, he would ask me to let the worship carry on with their programme, and of course the announcements would have to be got out of the way and the special musical number before I would be allowed to speak. I know this is true for I have tried it many times with exactly the same results.

## Fear Rules Religion

What would people do on a Sunday if they didn't turn up at church – they would certainly feel guilty, because they have been told to be 'loyal to the local church', and they have been programmed to believe it. They are frightened not to pay tithes because they have been told they will lose God's blessing and they are being disobedient even though there is no teaching on tithing under the new covenant, from either Jesus or the letters to the churches – but fear is used to control.

I am not criticising someone who wants to tithe, or

have fellowship, or go to a building with other people to worship God – it is the guilt that is associated with the observance of these things. An order of service means that the spirit had to fit in with this. That is why the early church met in houses with no agenda at all. What freedom and how far have we come when we say we are attending 'a service', or church 'programme'?

The plan is very clever and far too intricate for carnal Christians to understand. Religion has blinded them to it all.

## Promiscuity and Pornography

Pornography is being used by the media to pervert the mind of whole continents to accept that any kind of perversion is normal, and beneficial, and that family life is obsolete. Lust is replacing love, and as I travel in the 3rd world I can see how they are being forced, through the fear of losing the feeding and help programmes, to accept abortion and sexual perversions against their better judgement. Hollywood produced 607 titles in 2006. The global pornographic film industry is dominated by the United States, with the San Fernando Valley area of Los Angeles, California, being the heart of the industry. The multi-billion-dollar industry releases about 11,000 titles on DVD each year.

The total current income of the country's adult entertainment is often estimated at 10–13 billion dollars, The world is being flooded with these images that corrupt the minds of all ages and genders. The agenda of the Gay Pride movement is not to compel us to accept

'same sex marriage', the agenda is to get the world to accept the abolition of marriage as an institution being an outdated and archaic way to live. This is in line with the doctrines of the One World Order, to break down society and its stability and morals.

In this way, by inculcating in all a sense of self-importance, we shall destroy among the GOYIM the importance of the family and its educational value and remove the possibility of individual minds splitting off, for the mob, handled by us, will not let them come to the front nor even give them a hearing; it is accustomed to listen to us only who pay it with obedience and attention.

**From Protocols of the elders of Zion**  
**Chapter 10 - Preparing for Power**

## Mind Control

Mind control is extensive today in entertainment and politics. By this I am not talking about influencing people by images and thought patterns, I am talking about controlling them just as you would a robot or someone in a hypnotic trance. The US Government have confirmed that they have had programmes to control people in the past, such as MKULTRA, and Monarch, and to think they do not still have them is gross naivety. There are government records that verify my statement, if any reader cares to check them out. A declassified CIA document dated 7 Jan, 1953, describes the creation of multiple personality in 19 year old girls (There

are 18,000 pages of declassified CIA mind control documents that can be now downloaded from the US government) (Footnote 7).

These subjects have clearly demonstrated that they can pass from a fully awake state to a deep hypnotic controlled state ... by telephone, by receiving written matter, or by the use of code, signal, or words and that control of those hypnotized can be passed from one individual to another without great difficulty. It has also been shown by experimentation with these girls that they can act as unwilling couriers for information purposes.

**Document BB 32**

Here is a memorandum sent to Director of Central Intelligence from: CIA Inspector General in 1963:

The concepts involved in manipulating behaviour are found by many people both within and outside the Agency [CIA] to be distasteful and unethical. Nevertheless, there have been major accomplishments both in research and operational employment. Over the 10 year life of the programme many additional avenues to the control of human behaviour have been designated under the MKULTRA charter, including radiation, electro-shock, and harassment substances. Some activities raise questions of legality implicit in the original charter. A final phase of the testing places the rights and interests of US citizens in jeopardy.

Technical Services Division initiated a program for

covert testing of materials on unwitting US citizens in 1955. TSD has pursued a philosophy of minimum documentation in keeping with the high sensitivity of the projects. Some files contained little or no data at all. There are just two individuals in TSD who have full knowledge of the MKULTRA program.

**26 July 1963, NB 108-113**

Powerful men have always sought to control individuals for their own ends. Aldous Huxley in his book 'Brave New World Revisited', says the following:

It is perfectly possible for a man to be out of prison, and yet not free – to be under no physical constraint and yet to be a psychological captive, compelled to think, feel and act as the representatives of the national state, or of some private interest within the nation, wants him to think, feel and act.

The nature of psychological compulsion is such that those who act under constraint remain under the impression that they are acting on their own initiative. The victim of mind-manipulation does not know that he is a victim. To him the walls of his prison are invisible, and he believes himself to be free. That he is not free is apparent only to other people. His servitude is strictly objective.

**Brave New World Revisited, Aldous Huxley, 1958**

The CIA originated its first programme in 1950 under the name BLUEBIRD. MKULTRA officially

began in 1953. Dr. Jose Delgado, a neurosurgeon and Yale professor, who worked for the CIA, received funding for brain electrode research on children and adults. In the 1950's, he developed a miniature electrode placed within an individual's cranium capable of receiving and transmitting electronic signals. Delgado was able to control the movements of his subjects by pushing buttons on a remote transmitter. He demonstrated by wiring a fully-grown bull. With the device in place, Delgado stepped into the ring with the bull. The animal charged towards the experimenter – and then suddenly stopped, just before it reached him. The powerful beast had been stopped with the simple action of pushing a button on a small box held in Delgado's hand. Here is a quote from him.

Man does not have the right to develop his own mind. This kind of liberal orientation has great appeal. We must electrically control the brain. Some day armies and generals will be controlled by electric stimulation of the brain.

**US Government mind manipulator, Dr. Jose Delgado,  
Congressional Record, No. 262E, Vol. 118, 1974.**

As well as the media brainwashing and programming, or the manipulating of the mind by trauma or other methods, there is, I believe, a far more insidious way of programming people and that is with mass control by putting thoughts into the minds of the masses without pain or repetition techniques.

Physical control of many brain functions is a demonstrated fact ...it is even possible to create and follow intentions ...By electronic stimulation of specific cerebral structures, movements can be induced by radio command ...by remote control.

**Dr. Jose Delgado,**

Scientists have been secretly studying and experimenting for many years, with HAARP transmitters and microwave technology and it is now possible to put thoughts into a persons brain without them having any knowledge of it. I do not want to discuss these things in this book, but I have put some pointers and information for those who want to look further into this sinister programming that is almost ready to be launched on to the general public in this unsuspecting world (Appendix 3).

## So Near the End

We are in the last stages of control by this satanic system of Babylon. The 1st Stage in the plan was the 'Industrial Revolution' which was planned to control our bodies – that is to take people off the land and put them in factories – as part of the machinery. Education was taken out of the hands of the Church so that children could be trained and programmed to fit into the office/factory mentality, and to take away individuality thus enabling their minds to be controlled.

The 2nd stage, which is the one we are in at present, is the age of computers and mass media communication,

and this has allowed the minds of whole nations to be conditioned how to think, and to believe what they see and hear on the media as true and the truth.

## Mainframes

There are super computers capable of storing information on every person on the planet. The information is very sophisticated, and 'shockwave' tactics are used to determine a nation's reaction to specific events. For example; they may suddenly increase the price of petrol and then monitor the buying habits that results from this. With credit card information related to buying it is possible to monitor the most minute details of our lives. We may spend more on entertainment when petrol goes up, or we may travel less, or we may eat more sugar filled foods. It is all recorded for the ultimate manipulation (Footnote 8).

The 3rd and last stage of this plan is for the system to take over our spirits, and the world is being prepared with all the occult information, put out from Hollywood and other forms of communication, for us to accept the worship of Satan through antichrist. So many of the Science Fiction films are showing hybrid people or angels coming to earth to either help us or take us over. In the end a Luciferian initiation of some kind will be used to control the spirits of the whole world so they bow the knee to the personification of Satan and believe he is God.

This, for sure, is how it will all end if you believe the bible. Maybe I do not have all the details, and maybe my

explanation is not perfect, but anyone who believes the bible will have to admit that the end will be exactly as I have just stated, where no one will buy or sell if they do not worship this Beast.

Let no man deceive you by any means: for that day shall not come, except there come a falling away first, and that man of sin be revealed, the son of perdition; Who opposes and exalts himself above all that is called God, or that is worshipped; so that he as God sits in the temple of God, showing himself that he is God. Don't you remember, that, when I was yet with you, I told you these things?

**2 Thessalonians 2:3-5**

And he does great wonders, so that he makes fire come down from heaven on the earth in the sight of men, and deceives them that dwell on the earth by the means of those miracles which he had power to do in the sight of the beast; saying to them that dwell on the earth, that they should make an image to the beast, which had the wound by a sword, and did live. And he had power to give life unto the image of the beast, that the image of the beast should both speak, and cause that as many as would not worship the image of the beast should be killed. And he causes all, both small and great, rich and poor, free and bond, to receive a mark in their right hand, or in their foreheads: And that no man might buy or sell, save he that had the mark, or the name of the beast, or the number of his name.

**Revelation 13 13-17**

Don't forget the plan of Satan – to be like God and be worshipped by the free will of the inhabitants of this earth. Deception is his first tool, not terror. He is using terror to change our thinking, but in the end he wants us to bow because he is worth serving and has saved the world for us all to live in harmony and peace.

How carefully we should live and how we must heed the warnings that always accompany scriptures that talk about the culmination of this world's system.

For when they shall say, Peace and safety; then sudden destruction comes upon them, as travail upon a woman with child; and they shall not escape. But you, brethren, are not in darkness, that that day should overtake you as a thief. You are all the children of light, and the children of the day: we are not of the night, nor of darkness. Therefore let us not sleep, as do others; but **let us watch and be sober**. For they that sleep sleep in the night; and they that are drunk are drunk in the night. But let us, who are of the day, **be sober**, putting on the breastplate of faith and love; and for an helmet, the hope of salvation.

**1 Thessalonians 5:3-8**

Receiving the end of your faith, even the salvation of your souls ...Wherefore gird up the loins of your mind, **be sober**, and hope to the end for the grace that is to be brought unto you at the revelation of Jesus Christ;

**From 1 Peter 1:9-13**

But the end of all things is at hand: you therefore **be sober**, and watch unto prayer.

**1 Peter 4:7**

**Watch** therefore, and **pray always**, that you may be accounted worthy to escape all these things that shall come to pass, and to stand before the Son of man.

**Luke 21:36**

**And take heed** to yourselves, lest at any time your hearts be overcharged with surfeiting, and drunkenness, and cares of this life, and so that day come upon you unawares.

**Luke 21:34**

It is well documented that the Boxer wars with China were to secure the opium trade for 'The 'City'

### **Here is a report from an ex MI6 agent.**

It may be a revelation to many people that the global drug trade is controlled and run by the intelligence agencies. In this global drug trade British intelligence reigns supreme. As intelligence insiders know MI5 and MI6 control many of the other intelligence agencies in the world (CIA, MOSSAD, etc.) in a vast web of intrigue and corruption that has its global power base in the city of London, the square mile. My name is James Casbolt and I worked for MI6 in 'black ops' cocaine trafficking with the IRA and MOSSAD in London and Brighton between 1995 and 1999. My father, Peter Casbolt, was also MI6 and worked with the CIA and mafia in Rome, trafficking cocaine into Britain. My experience was that the distinctions of all these groups became blurred until in the end we were all one international group working together for the same goals. We were puppets who had our strings pulled by global puppet masters based in the city of London. Most levels of the intelligence agencies are not loyal to the people of the country they are based in and see themselves as 'super national'.

It had been proved beyond a shadow of a doubt that the CIA has

been bringing in most of the drugs into America for the last fifty years (see ex LAPD officer Michael Rupert's 'From the wilderness' website for proof). The CIA operates under orders from British intelligence and was created by British intelligence in 1947. The CIA today is still loyal to the international bankers based in the city of London and the global elite aristocratic families like the Rothschilds and the Windsor's. Since it was first started, MI6 has always brought drugs into Britain. They do not bring 'some' of the drugs into Britain but I would estimate MI6 bring in around ninety percent of the drugs in. They do this by pulling the strings of many organised crime and terrorist groups and these groups like the IRA are full of MI6 agents. MI6 bring in heroin from the middle east, cocaine from south America and cannabis from morocco as well as other places. British intelligence also designed and created the drug LSD in the 1950's through places like the Tavistock Institute in London. By the 1960's MI5, MI6 and the CIA were using LSD as a weapon against the angry protestors of the sixties and turned them into 'flower children' who were too tripped out to organise a revolution.

Dr Timothy Leary the LSD guru of the sixties was a CIA puppet. Funds and drugs for Leary's research came from the CIA and Leary says that Cord Meyer, the CIA agent in charge of funding the sixties LSD counter culture has "helped me to understand my political cultural role more clearly". In 1998, I was sent 3000 LSD doses on blotting paper by MI5 with pictures of the European union flag on them. The MI5 man who sent them told my father this was a government 'signature' and this LSD was called 'Europa'.

This global drugs trade controlled by British intelligence is worth at least £500 billion a year. This is more than the global oil trade and the economy in Britain and America is totally dependent on this

drug money. Mafia crime boss John Gotti exposed the situation when asked in court if he was involved in drug trafficking. He replied "No we can't compete with the government". I believe this was only a half truth because the mafia and the CIA are the same group at the upper levels. In Britain, the MI6 drug money is laundered through the Bank of England, Barclays Bank and other household name companies. The drug money is passed from account to account until its origins are lost in a huge web of transactions. The drug money comes out 'cleaner' but not totally clean. Diamonds are then bought with this money from the corrupt diamond business families like the Oppenheimers. These diamonds are then sold and the drug money is clean. MI6 and the CIA are also responsible for the crack cocaine epidemic in Britain and America. In 1978, MI6 and the CIA were in south America researching the effects of the natives smoking 'basuco' cocaine paste. This has the same effect as crack cocaine. They saw that the strength and addiction potential was far greater than ordinary cocaine and created crack cocaine from the basuco formula. MI6 and the CIA then flooded Britain and America with crack. Two years later, in 1980, Britain and America were starting to see the first signs of the crack cocaine epidemic on the streets.

On August 23, 1987, in a rural community south of Little Rock in America, two teenage boys named Kevin Ives and Don Henry were murdered and dismembered after witnessing a CIA cocaine drop that was part of a CIA drug trafficking operation based at a small airport in Mena, Arkansas. Bill Clinton was the governor of Arkansas at the time. Bill Clinton was involved with the CIA at this time and \$100 million worth of cocaine was coming through the Mena, Arkansas airport each month. For proof see the book 'Dope Inc' (available as a free PDF).

On my father's international MI6 drug runs, whatever fell off the back of the lorry so to speak he would keep and we would sell it in Britain. As long as my father was meeting the speedboats from Morocco in the Costa del Sol and then moving the lorry loads of cannabis through their MI6, IRA lorry business into Britain every month, British intelligence were happy. As long as my father was moving shipments of cocaine out of Rome every month, MI5 and MI6 were happy. If my father kept a bit to sell himself no one cared because there was enough drugs and money to go round in this £500 billion a year global drugs trade. The ones who were really paying were the people addicted, who were paying with suffering. But karma always catches up and both myself and my father became addicted to heroin in later years and my father died addicted, and poor in prison under very strange circumstances. Today, I am clean and drug-free and wish to help stop the untold suffering this global drugs trade causes. The intelligence agencies have always used addictive drugs as a weapon against the masses to bring in their long term plan for a one world government, a one world police force designed to be NATO and a micro chipped population known as the New World Order. As the population is in a drug or alcohol-induced trance watching 'Coronation Street', the new world order is being crept in behind them.

To properly expose this global intelligence run drugs trade we need to expose the key players in this area:

1- Tibor Rosenbaum, a MOSSAD agent and head of the Geneva based Banque du Credit International. This bank was the forerunner to the notorious Bank of Credit and Commerce international (BCCI) which is a major intelligence drug money laundering bank. 'Life' magazine exposed Rosenbaum's bank as a money launderer for the Meyer Lansky American organised crime family and

Tibor Rosenbaum funded and supported 'Permindex' the MI6 assassination unit which was at the heart of the John F. Kennedy assassination.

2- Robert Vesco, sponsored by the Swiss branch of the Rothschilds and part of the American connection to the Medellin drug cartel in Columbia.

3- Sir Francis de Guingand, former head of British intelligence, now living in south Africa (and every head of MI5 and MI6 has been involved in the drug world before and after him).

4- Henry Keswick, chairman of Jardine Matheson which is one of the biggest drug trafficking operations in the world. His brother John Keswick is chairman of the Bank of England.

5- Sir Martin Wakefield Jacomb, Bank of England director from 1987 to 1995, Barclays Bank Deputy Chairman in 1985, Telegraph newspapers director in 1986 (this is the reason why this can of worms doesn't get out in the mainstream media. The people who are perpetrating these crimes control most of the mainstream media. In America former director of the CIA William Casey was, before his death in 1987, head of the council of the media network ABC. Many insiders refer to ABC as 'The CIA network.')

6- George Bush, Snr, former President and former head of the CIA and America's leading drug baron who has fronted more wars on drugs than any other president. Which in reality is just a method to eliminate competition. A whole book could be written on George Bush's involvement in the global drug trade but it is well-covered in the book 'Dark Alliance' by investigative journalist Gary Webb. Gary Webb was found dead with two gunshot wounds to the back of his head with a revolver. The case was declared a 'suicide'. You figure that out. Gary Webb as well as myself and other investigators, found that much of this 'black ops' drug money is being used to fund projects classified above top secret. These projects include

the building and maintaining of deep level underground bases in Dulce in New Mexico, Pine Gap in Australia, Snowy Mountains in Australia, The Nyala Range in Africa, west of Kindu in Africa, next to the Libyan border in Egypt, Mount Blanc in Switzerland, Narvik in Scandinavia, Gottland Island in Sweden and many other places around the world (more about these underground bases in my next issue). The information on this global drugs trade run by the intelligence agencies desperately needs to get out on a large scale. Any information, comments or feedback to help me with my work would be greatly welcomed.

### Testimony of Carol Rosin

My name is Carol Rosin. I am an educator who became the first woman corporate manager of an Aerospace Company, Fairchild Industries.

I am a Space and Missile Defense Consultant and have consulted to a number of companies, organizations, and government departments, even the intelligence community. I was a consultant to TRW working on the MX missile, so I was part of that strategy, which turned out to be a role model for how to sell space-based weapons to the public. The MX missile is yet another weapon system that we didn't need. I founded the Institute for Security and Cooperation in Outer Space, a Washington DC based think tank. I am an author and have testified before Congress and the President's Commission on Space.

When I was a Corporate Manager of Fairchild Industries from 1974 through 1977, I met the late Dr. Wernher Von Braun. We first met in early 1974. At that time, Von Braun was dying of cancer

but he assured me that he would live a few more years to tell me about the game that was being played – that game being the effort to weaponize space, to control the Earth from space and space itself. Von Braun had a history of working with weapons systems. He escaped from Germany to come to this country and became a Vice President of Fairchild Industries when I had met him. Von Braun's purpose during the last years of his life, his dying years, was to educate the public and decision-makers about why space-based weapons are dumb, dangerous, destabilising, too costly, unnecessary, unworkable, and an undesirable idea, and about the alternatives that are available.

As practically a deathbed speech, he educated me about those concepts and who the players were in this game. He gave me the responsibility, since he was dying, of continuing this effort to prevent the weaponization of outer space. When Wernher Von Braun was dying of cancer, he asked me to be his spokesperson, to appear on occasions when he was too ill to speak. I did this.

What was most interesting to me was a repetitive sentence that he said to me over and over again during the approximately four years that I had the opportunity to work with him. He said the strategy that was being used to educate the public and decision makers was to use scare tactics. That was how we identify an enemy. The strategy that Wernher Von Braun taught me was that first the Russians are going to be considered to be the enemy. In fact, in 1974, they were the enemy, the identified enemy. We were told that they had 'killer satellites'. We were told that they were coming to get us and control us, that they were 'Commies.'

Then terrorists would be identified, and that was soon to follow. We heard a lot about terrorism. Then we were going to identify third-

world country 'crazies.' We now call them Nations of Concern. But he said that would be the third enemy against whom we would build space-based weapons.

The next enemy was asteroids. Now, at this point he kind of chuckled the first time he said it. 'Asteroids- against asteroids we are going to build space-based weapons'.

And the funniest one of all was what he called aliens, extraterrestrials. That would be the final scare. And over and over and over during the four years that I knew him and was giving speeches for him, he would bring up that last card. "And remember Carol, the last card is the alien card. We are going to have to build space-based weapons against aliens and all of it is a lie."

I think I was too naïve at that time to know the seriousness of the nature of the spin that was being put on the system. And now, the pieces are starting to fall into place. We are building a space-based weapons system on a premise that is a lie, a spin. Wernher Von Braun was trying to hint that to me back in the early 70's and right up until the moment when he died in 1977. What he told me was that there is an accelerated effort in place. He didn't mention a timeline but he said that it was going to be speeding up faster than anybody could possibly imagine. That the effort to put weapons into space was not only based on a lie but would accelerate past the point of people even understanding it until it was already up there and too late.

When Von Braun was dying in front of me, the very first day that I met him, he had tubes draining out of his side. He was tapping on the desk telling me, "You will come to Fairchild." I was a schoolteacher. He said, "You will come to Fairchild and you will be

responsible for keeping weapons out of space." The way he said it with this intensesness in his eyes, and added that very first day, the first time I met him, that space-based weapons were a dangerous, destabilizing, too costly, unnecessary, untestable, unworkable idea.

The last card that was being held was the extraterrestrial enemy card. The intensity with which he said that, made me realize that he knew something that he was too afraid to mention. He was too afraid to talk about it. He would not tell me the details.

I am not sure that I would have absorbed them if he had told me the details or even believed him in 1974. But there was no question that that man knew and had a need to know, I found out later.

There is no doubt in my mind that Wernher Von Braun knew about the extraterrestrial issue. He explained to me the reasons why weapons were going to be put into space, the enemies against whom we were going to build these weapons, and that all of that was a lie. He mentioned that extraterrestrials were going to be identified as the final enemy against whom we were going to build space-based weapons back in 1974.

The way he said it to me, there was no doubt in my mind that he knew something that he was too afraid to talk about. Wernher Von Braun never spoke to me about any of the details that he knew related to extraterrestrials except that one day extraterrestrials were going to be identified as an enemy against whom we are going to build an enormous space-based weapons system. Wernher Von Braun actually told me that the spin was a lie-that the premise for space-based weaponry, the reasons that were going to be given, the enemies that we were going to identify – were all based on a lie.

I have been tracking the space-based weapons issue for about 26 years. I have debated Generals and Congressional Representatives. I have testified before the Congress and the Senate. I have met with people in over 100 countries. But I have not been able to identify who the people are who are making this space-based weapons system happen. I see the news. I see the administrative decisions being made. I know that they are all based on lies and greed.

In 1977, I was at a meeting in Fairchild Industries in a conference room called the War Room. In that room were a lot of charts on the walls with enemies, identified enemies. There were other more obscure names, names like Saddam Hussein and Khadafi. But we were talking then about terrorists, the potential terrorists. No one had ever talked about this before but this was the next stage after the Russians against whom we were going to build these space-based weapons. I stood up in this meeting and I said, "Excuse me, why are we talking about these potential enemies against whom we are going to build space-based weapons if, in fact, we know that they are not the enemy at this time?"

Well, they continued the conversation about how they were going to antagonize these enemies and that at some point, there was going to be a war in the Gulf, a Gulf War. Now this is 1977, 1977! And they were talking about creating a war in the Gulf Region when there was 25 billion dollars in the space-based weapons programme that had yet to be identified. It wasn't called the Strategic Defense Initiative, at least. Not until 1983. This weapons system, then, had obviously been going on for some time and I didn't know anything about. So I stood up in this meeting in 1977 and said, "I would like to know why we are talking about space-based weapons against these enemies. I would like to know more about this. Would someone please tell

me what this is about?" Nobody answered. They just went on with this meeting as though I hadn't said anything.

Suddenly, I stood up in the room and said, "If nobody can tell me why you are planning a war in the Gulf when there is a certain amount of money in a budget so that you can create the next set of weapons systems that will be the beginning of the sell to the public about why we need space-based weapons, then consider this: my resignation. And you will not hear from me again!"

And nobody said a word, because they were planning a war in the Gulf and it happened exactly as they planned it, on time.

The room was filled with people in the revolving door game. There were people that I had seen once in a military uniform and other times in a gray suit and an industry outfit. These people play a revolving door game. They work as consultants, industry people, and/or military and intelligence people. They work in the industries and they revolve themselves through these doors and right into government positions.

I stood up in this meeting and asked if I was hearing correctly. That when there was 25 billion dollars expended in the space-based weapons budget, that there was going to be a war in the Gulf, stimulated, created, so that they could then sell the next phase of weapons to the public and the decision-makers. This war was going to be created so that they could dump the old weapons and create a whole new set of weapons. So I had to resign from that position. I could no longer work in that industry.

In about 1990 I was sitting in my living room looking at the money that had been spent on space-based weapons research and development programmes and I realized that it had come to that

number, about 25 billion dollars, and I said to my husband, "I am now going to stop everything. I am now going to stop and sit and watch CNN television and I am going to wait for the war to happen." My husband said, "Well, you have finally gone over the edge. You have flipped out."

Friends said, "You have really gone too far this time. There is not going to be a war in the Gulf, nobody is talking about a war in the Gulf."

I said, "There is going to be a war in the Gulf. I am going to sit here and wait for the war in the Gulf." And it happened right on schedule.

As part of the war game in the Gulf, we in the public were told that the United States was successful in shooting down Russian Scud Missiles. We were rationalizing new budgets based on that success. In fact, we found out later, after the budgets were approved for the next phase of weapons, that it was a lie. We did not have successful shoot-downs the way we were told. It was all a lie, just to get more money put in the budget to make more weapons.

..So, when I hear that there is a possible threat of extraterrestrials –and I look at the history of thousands of years of possible ET visitations, and hear the disclosures of honest military-intelligence-industry people who have had experiences with UFO's, with crashes and landings, with live and dead bodies of extraterrestrial beings – I know it is a lie. And if I am ever told that these are enemies against whom we have to build space-based weapons systems, based on my own personal experience of having worked in the military industrial complex on weapons systems and military strategy, I am going to know it is a lie.

It is a lie.

## Appendix 3

### Mind control

The topic of mind control is elaborate, multifaceted, and multi-layered. For the casual reader, it can quickly become numbing, overwhelming the senses and creating a desire to exit the topic, but avoiding this subject is the most foolish thing you could possibly do since your only chance of surviving this hideous and insidious enslavement agenda, which today threatens virtually all of humanity, is to understand how it functions and take steps to reduce your vulnerability.

The plans to create a mind controlled workers society have been in place for a long time. The current technology grew out of experiments that the Nazis started before World War II and intensified during the time of the Nazi concentration camps when an unlimited supply of children and adults were available for experimentation. We've heard about the inhumane medical experiments performed on concentration camp prisoners, but no word was ever mentioned by the media and the TV documentaries of the mind control experiments. That was not to be divulged to the American public. Mind control technologies can be broadly divided into two subsets: trauma-based or electronic-based.

The first phase of government mind control development grew out of the old occult techniques which required the victim to be exposed to massive psychological and physical trauma, usually beginning in infancy, in order to cause the psyche to shatter into a thousand alter personalities which can then be separately programmed to perform any function (or job) that the programmer wishes to "install". Each alter personality created is separate and distinct from the front

personality. The 'front personality' is unaware of the existence or activities of the alter personalities. Alter personalities can be brought to the surface by programmers or handlers using special codes, usually stored in a laptop computer. The victim of mind control can also be affected by specific sounds, words, or actions known as triggers.

The second phase of mind control development was refined at an underground base below Fort Hero on Montauk, Long Island (New York) and is referred to as the Montauk Project. The earliest adolescent victims of Montauk style programming, so called Montauk Boys, were programmed using trauma-based techniques, but that method was eventually abandoned in favour of an all-electronic induction process which could be 'installed' in a matter of days (or even hours) instead of the many years that it took to complete trauma-based methods.

Dr. Joseph Mengele of Auschwitz notoriety was the principle developer of the trauma-based Monarch Project and the CIA's MK Ultra mind control programmes. Mengele and approximately 5,000 other high ranking Nazis were secretly moved into the United States and South America in the aftermath of World War II in an Operation designated Paperclip. The Nazis continued their work in developing mind control and rocketry technologies in secret underground military bases. The only thing we were told about was the rocketry work with former Nazi star celebrities like Warner Von Braun. The killers, torturers, and mutilators of innocent human beings were kept discretely out of sight, but busy in U.S. underground military facilities which gradually became home to thousands upon thousands of kidnapped American children snatched off the streets (about one million per year) and placed into iron bar cages stacked from floor to ceiling as part of the 'training'. These children would be used

to further refine and perfect Mengele's mind control technologies. Certain selected children (at least the ones who survived the 'training') would become future mind controlled slaves who could be used for thousands of different jobs ranging anywhere from sexual slavery to assassinations. A substantial portion of these children, who were considered expendable, were intentionally slaughtered in front of (and by) the other children in order to traumatize the selected trainee into total compliance and submission.

### **Mind Control 'Programmed' Individuals**

The lone gunman that we hear about in assassinations, assassination attempts, school shootings, etc. are mind controlled individuals who had been 'programmed' to carry out those missions. Ted Bundy, the 'Son of Sam' serial killer David Berkowitz, Oswald, Timothy McVeigh, the Columbine shooters, Chapman, Sirhan Sirhan, etc. were mind controlled individuals who were programmed to perform these killings. Tens of thousands of young teenage boys were kidnapped and forced into the mind control training programme called The Montauk Project starting around 1976. Al Bielek, under mind control, was involved in many areas of the secret Montauk Project. After slowly recovering his memories beginning in the late 1980's, he came to realize that there were at least 250,000 mind controlled 'Montauk Boys' produced at 25 different facilities similar to the underground base at Montauk, Long Island. Many of these boys were to become 'sleepers' who are individuals who were programmed to go into action at a later date when properly 'triggered' to engage in some sort of destructive or disruptive conduct. Other Montauk Boys were woven into the fabric of mainstream American life as journalists, radio & TV personalities, businessmen, lawyers, medical professionals, judges, prosecutors, law enforcement, military men, etc.

### Worldwide Electronic Mind Control via 'Cell Phone' Towers

The day is now approaching in which government mind control technologies will be directed at you, your neighbours, and your loved ones. Every single day, equipment is being erected and installed in this country with the hidden purpose of exerting mind control over the entire population. Everywhere in this country (and overseas), ELF/microwave transmission towers are being erected. The antennae usually look like four slightly curved vertical plates about 2 feet in length and located in either 3 or 4 quadrants around the tower, two thirds up from the ground. Just look around, you'll see them. And you'll also notice more of them going up once you begin to pay attention.

No one is saying anything, but you're expected to presume that they're for cell phones (Do you really think that we need that much 'cell phone' transmission capability, every few blocks? Do you realize how very little energy is used by genuine cell phone usage? Yet these towers are capable of putting out levels of power that exceed cell phone requirements by a wide margin). These mind control technologies have been in place for a long time. It's not an accident that the frequency band chosen for cell phone use just happens to match the second order waves that Wilhelm Reich discovered in the late 1940's to effect thought transmission and allow the mind to be manipulated without the victim realizing it. Reich worked on this project secretly for the CIA for over 5 years, from 1947-1952, until he realized who the CIA was planning to use the mind control on – the American people. He was outraged that he was deceived and used for such a treasonous motive and swore never to cooperate with the CIA, FDA, etc. again. Reich was covertly murdered in Federal prison in 1957, just a few weeks before he was due to be released, having been in prison for 2 years on a trumped up charge leading to a contempt of court citation. He was reported to have had a 'heart

attack'. He was strong as an ox. He was murdered two weeks before his parole board hearing. His last book, written in prison, was found to be 'missing' after his death and never returned to his family.

A method was discovered to disable these ELF towers from exerting their mind control functions by placing a simple device known as an orgone generator within a radius of 1,300 feet of these towers. These microwave towers are used in conjunction with HAARP based technology to not only affect subliminal mind control influences, but also to control the weather, the creation of artificially induced drought conditions are also greatly influenced by the population-reduction chemtrail spraying operations which take place daily over the skies in America and in many other countries)

Patrick Flannagan also recorded an interview with talk show host Jeff Rense on June 30, 2003 and offered important insights on how to counter electronic mind control being beamed to us from the electric wiring within our homes and from microwave towers (promising information that should be studied).

### **Brice Taylor**

Brice Taylor is the pseudonym for Susan Ford, one of the highest level MK Ultra mind controlled victims to ever come forward and reveal her story. It took her nearly 13 years to recover the memories of the events that she reveals in her book, *Thanks for The Memories* (published in May 1999). Her memories began to return in sporadic fragments in 1985, following a car accident that threw her through the windshield of her car after hitting a tree. It wasn't really an accident as much as a result of mind control programming which compelled her to commit suicide if she began to recover critical memories about her role as a top level NASA/CIA mind controlled

'asset' who was used as a sex slave and message (or drug) courier for every president from Kennedy to Clinton and was Henry Kissinger's personal secretary/human computer (file storage and retrieval) for over 19 years. Her 'owner/handler' was comedian Bob Hope and she was 'loaned out' to many famous and well known entertainment personalities in order to oblige them to be beholding to and manipulated by Hope and his Illuminati pals so they could be used as 'worker bees' to help usher in the Luciferian, New World Order. Her book is probably the most revealing account to date of well known, national personalities in both politics and the entertainment industry who are involved in the handling, programming, control, manipulation, and abuse of Illuminati/government created human robots like Brice or other, well known celebrity/mind control victims such as Barbara Striesand and Barbara Mandrel. The book's Table of Contents alone will give you an idea of the incredible number of nationally known names that Brice had been involved with from childhood into adulthood as a mind controlled slave. In my opinion, 'Thanks for The Memories' and the two co-authored Illuminati Formula books of Cisco Wheeler and Fritz Springmeir are the three most important and revealing books in print on the subject of Illuminati mind control and should be read by every concerned and thinking human being on this planet, for they reveal how the Illuminati mind control programmes are accomplished and how they can be broken, allowing the victim to escape from its control.

I encourage you to examine the remarkable book review of 'Thanks for The Memories' written by Uri Dowbenko at this link: <http://educate-yourself.org/mc/nwomcibturireview.shtml>. It's truly ironic and a perfect example of karmic justice when the total recall of a mind control victim whose brain stem was scarred in order to produce a photographic memory, is now turned back on her abusers

to reveal in the most exquisite and precise detail their despicable and monstrous conduct. 'Thanks for The Memories' is a well written book that gives you a front row seat into the real world activities of the Secret Government – the 'government' that's really in charge behind the scenes (those scenes being created by the mainstream Media Propaganda Ministry whose job is to deceive you into thinking that the headline news, 'cover story' government is the real deal; believe me, it isn't. It's an illusion from top to bottom.

It's a dog and pony show. All show, and no substance. The presidential election snafu, the interminable talk show debates, propaganda hacks like Rush Limbaugh, Sean Hannity, etc., etc., all designed to keep you preoccupied and bewildered from the steady enslavement and erosion of constitutionally guaranteed liberties that is taking place daily. The September 11 "attack" was planned and launched to provide an excuse for passing fascist, totalitarian 'laws' designed to enslave us and strip the populace of the few remaining freedoms that we still enjoy. National ID 'smart' cards that will contain your entire medical, financial history, DNA information, etc. will be required to engage in any sort of normal consumer activity like getting on a plane or even going from state to state after military border guards become a common scene in this once freedom loving land. Spend your cash now while you still have cash, because soon all financial transactions will be conducted using plastic cards. And just like Nazi Germany, our people will be encouraged to report any 'suspicious' activity of their neighbours. In fact, life in the United States will soon become a carbon copy of Nazi Germany of the late 1930's, just a lot more high tech and much more lethal.

CHAPTER 6

# COUNTERFEIT

Counterfeit – a copy that is represented as the original.

Some disguised deceptions counterfeit truth so perfectly that not to be taken in by them would be an error of judgement.

**La Rochefoucauld**

I have constantly asserted in my books that Satan is not the opposite, or enemy, of God. He wants to be like God and therefore he is a counterfeit. **He is our enemy**, because he wants to deceive us into accepting him as God, through his mediums – and they are legion. One of his names, 'The Devil', means deceiver and that is how he always comes.

When anyone worships an object, person or ideology, they are inadvertently worshipping Satan. He wants to be like God and always has a mediator. When a crowd of 10,000 people are mesmerised at a Robbie Williams

concert, or any other singer for that matter, Satan is being worshipped. When 60,000 people are worshipping a football team with their chants and emotional attachments, they are actually worshipping Satan.

Robbie Williams concert 2013

How can I be so bold as to make these statements? I will try and use logic to persuade you, the reader, that this is so. Worship is only 'giving due benevolence', and only God should have the praise and glory, for only he is worthy. Therefore, for anyone to accept glory, honour

and worship is to act as an antichrist for Satan. There is no alternative, because we either give glory to God or to Satan. To take it to ourselves can only be as an agent of Satan. There are only two powers in this world that worship can be ultimately ascribed to, and we are not one of them. Worship of self, or others, is worship of Satan. Even Jesus was tempted to worship the alternative to God – and it was not himself – it was Satan.

Again, the devil took him up into an exceeding high mountain, and showed him all the kingdoms of the world, and the glory of them; and said to him, All these things will I give you, **if you will fall down and worship me.**

**Matthew 4:8-9**

## Popularity is Pagan

Any image, whether a statue or photographic or cinematic image, that is used as a means to worship is an abomination and affront to God. God's people, Israel, were commanded not to make any image that could be bowed down to. My own country, England is full of statues of old kings or famous philosophers, poets and people who have made an impression in Satan's world and we should be aware of this. Cathedrals are full of saints and other pagan gods, so how can they 'glorify God' as so many think. Carvings over a doorway that state "This was built for the glory of God" does not make it true, and is actually blasphemy if it has idols adorning it. Do not forget that soon antichrist will erect

an image to the beast and deceive the whole world to worship him - or be destroyed (I will share more about this in the next volume). We are being prepared, in our present-day society, to worship people and things in lieu of God, in preparation for this great event.

Paul warned the young minister, Timothy, that this would happen in the last days. In the following scripture Paul was not talking about those in the world, but those who profess Christ.

This know also, that in the last days perilous times shall come. For men shall be lovers of their own selves, covetous, boasters, proud, blasphemers, disobedient to parents, unthankful, unholy, without natural affection, truce breakers, false accusers, incontinent, fierce, despisers of those that are good. Traitors, heady, high minded, **lovers of pleasures more than lovers of God**; having a form of godliness, but denying the power thereof: from such turn away.

**2 Timothy 3:1-5**

Most Christians do not know it, but many of the TV evangelist have become idols of Satan and are false prophets, and therefore mediums to Satan and not God. Jesus said of the Pharisees that their father was the devil, even though they believed on the true God. Surely the golden calf that Israel worshipped, in the name of the 'LORD', was actually to Satan? Please think carefully and prayerfully before you dismiss these claims. I believe our entrance into the kingdom will depend on our ability to discern, and our refusal to bow, when the time comes.

People who held the truth of God uncompromisingly throughout the ages, from the early disciples onwards, were tortured, martyred, and persecuted, just as Jesus said they surely would be. Why would we expect it to be different in our world today?

People like David Wilkerson was ridiculed and scoffed at by the televangelists, because he exposed them publicly.

**Blessed are you, when men shall revile you, and persecute you, and shall say all manner of evil against you falsely, for my sake. Rejoice, and be exceeding glad: for great is your reward in heaven: for **so persecuted they the prophets which were before you.****

**Matthew 5:11-12**

Jesus said, beware when all men speak well of you for it shows you are a false prophet.

**Cursed are you, when all men shall speak well of you! for so did their fathers to the false prophets.**

**Luke 6:26**

The easiest way for Satan to fool Christians is to use counterfeits and that is what is happening all over the world. Satan comes as an angel of light to Christians and so his ministers will be ministers of righteousness, in their appearance, and often in their message, so no one dare challenge them. Jesus said, we would know a false prophet 'by his fruits' (see Matthew 7:15-21). False

prophets are discerned not by their teaching, or their gifts. Fruit is the lifestyle of the Sermon on the Mount for that is where the quote of Jesus comes from. If any dare to challenge these Christian superstars of their lifestyle, that is certainly not compatible with the teaching or lifestyle of Jesus or the early church, they are accused of being a bigot, self righteous, or judgemental. Paul warns us about these false prophets. This is what Paul says to the Corinthian Church.

For such are false apostles, deceitful workers, transforming themselves into the apostles of Christ. And no marvel; for Satan himself is transformed into an angel of light. Therefore it is no great thing if his ministers also be transformed **as the ministers of righteousness**; whose end shall be according to their works.

#### 2 Corinthians 11:13-15

When famous Charismatic prophets like Rick Joyner are Knights of Malta, and Benny Hinn says he was invited to the Vatican to become a Patron of the Arts to help support the maintenance of the works of Michelangelo, it does not take much discernment to see that the Charismatic movement has been hijacked by the One World Order (for over 50 years as far as my research has discovered). This is just a tip of the iceberg. Tim Lahaye, who wrote the 'Left Behind' series of books has occult symbols on his latest books. The one below that is on the front cover, is a Knights Templar logo and not a Christian one.

The other name the bible uses for the enemy of our souls is 'Satan', which means adversary and he only comes in this character when we have not been deceived. Antichrist is the spirit that comes as Christ, and not against him. He is the alternative way to Satan, who comes as God and craves to be worshipped as God.

## Counterfeit Plan

As well as Satan and his angels being a counterfeit, his plan is also a counterfeit of God's plan in every detail – that's why it is so deceptive. For example; as soon as Satan knew that God had chosen Jerusalem to place his chosen seed and build a temple there from which his son would fulfil his inheritance of ruling the whole world, he filled the land of Canaan with giants and resisted the capture of it with his own seed – the Jebusites – from the seed of Cain. It took until the reign of David before this stronghold was wrested from Satan's seed to the seed that God had chosen – that of Seth.

Once Satan lost this city he has been planning to counterfeit the plan ever since, and desires to put a man of his seed in the temple in Jerusalem to rule the world. Because his plan is the same as God's it will deceive most of the Christians because the false and counterfeit always come first, and Paul warned the Thessalonians that Jesus would not come until the man of sin had established his throne in Jerusalem and been accepted and worshipped as God

Let no man deceive you by any means: for that day shall not come, except there come a falling away first, and that man of sin be revealed, the son of perdition; who opposes and exalts himself above all that is called God, or that is worshipped; so that he as God sits in the temple of God, showing himself that he is God.

**2 Thessalonians 2:3-4**

## Counterfeit Mystery

God's plan is a mystery and I should give a definition of the word, before I write further.

Mystery: any truth unknowable except by revelation.

Or my own definition;

Unknown to the uninitiated

Without supernatural impartation or revelation the mystery of God cannot be known. Paul confirms this.

Now to him that is of power to establish you according to my gospel, and the preaching of Jesus Christ, according to **the revelation of the mystery**, which was kept secret since the world began...

**Romans 16:25**

God does not give his knowledge to anyone, and although we have a bible it is a complete mystery to anyone who reads it unless the Holy Ghost reveals what the real meaning is. I have found that the majority of Christians rely on the teaching of others and have no revelation of their own. There is something very wrong with this if they claim a personal relationship with the creator. God shares his secrets with his trusted friends.

And the LORD said, **Shall I hide from Abraham that thing which I do**; seeing that Abraham shall surely become a great and mighty nation, and all the nations of the earth shall be blessed in him? For **I know him...**

**Genesis 18:17-19**

Jesus' parables were the coded mysteries of the kingdom that were hidden to those outside of the revelation of God. He deliberately hid the truth of this mystery from the Pharisees and religious, and privately explained to the initiated and personally chosen, the mysteries of the kingdom of God. Most Christians put their own interpretation on them because they have not been personally chosen, but are man made followers of Christ.

And he said unto them, Unto you it is given to know the mystery of the kingdom of God: **but unto them that are without, all these things are done in parables:**

**Mark 4:11**

'Those that are without' in the context are God's people, not the heathen.

Paul talks about this great 'mystery of Christ', to the Ephesians:

Whereby, when you read, you may understand my knowledge in the **mystery of Christ.**

**Ephesians 3:4**

And to make all men see what is the fellowship of the mystery, which from the beginning of the world **has been hid** in God, who created all things by Jesus Christ:

**Ephesians 3:9**

How silly for preachers to try and convert people to Christ. We have to just simply speak the truth and the revelation will come from the Holy Ghost if it comes at all. The conviction is not in the preaching, but in the amount that the Holy Ghost reveals to the hearers. The mandate is to preach to every person not convert them. The Church is clogged up with man convinced and convicted converts to the religion of Christianity – and not to Christ. Paul talks about a great mystery of God to the church at Colosse.

To whom God would make known what is the riches of the glory of **this mystery** among the Gentiles; which is **Christ in you, the hope of glory:**

**Colossians 1:27**

The mystery that those outside of the kingdom do not understand is the fact that when Christ is **in a person** and not just with them, then they have eternal life in their mortal body waiting to manifest at the given time. The 'hope of glory' means the hope of the first resurrection and not just to live forever in flesh and blood. This is the blessed hope of a disciple; that they will be in the first resurrection and the bride of Christ. The bride is symbolised, in the bible, as New Jerusalem.

All those who are saved by faith will live forever, just as Adam would have done before he sinned. This was not because he had a spiritual eternal body, but because he had access to the tree of life that would keep flesh and blood from dying. When Adam sinned, God removed him from the garden that had the tree of life in it, and he started to die. **We die because we do not have access to this tree of life, not because we have sinned or have a sinful body. Adam would still be alive today in his sinful body if he had been allowed to stay in the garden**

And the LORD God said, Behold, the man is become as one of us, to know good and evil: and now, lest he put forth his hand, and take also of the tree of life, and eat, and live for ever: Therefore the LORD God sent him forth from the garden

of Eden, to till the ground from whence he was taken.

**Genesis 3:22-23**

## Only One Tree

In the new heaven and earth the tree of life is available to all the nations that are on the earth and that is why they will live forever in flesh and blood .

And he showed me a pure river of water of life, clear as crystal, proceeding out of the throne of God and of the Lamb. In the midst of the street of it, and on either side of the river, was there **the tree of life**, which bare twelve manner of fruits, and yielded her fruit every month: and **the leaves of the tree were for the healing of the nations.**

**Revelation 22:1-2**

I believe the 'blessed hope' and the mystery of 'Christ in you' is the fact that some Christians will be the bride which is the city New Jerusalem, that all the above will be allowed to enter. There are those who will **have access** to the city, and there will be a minority who will **be the city**. Some will **walk** on the streets of gold, but some **will be the gold** – the city itself. That is why our works, as a Christian, will be tried by fire – to see if we have gold, silver, or precious stones. These make up the bride, New Jerusalem. Those whose work is burned up and have nothing to show for it, in other words have no part in the city, are nevertheless saved – as by fire,

just as Paul taught the church. They will be saved, live forever, and have access to the tree of life.

Now if any man build upon this foundation gold, silver, precious stones, wood, hay, stubble; Every man's work shall be made manifest: for the day shall declare it, because it shall be revealed by fire; and the fire shall try every man's work of what sort it is. If any man's work remain which he has built on this foundation, he shall receive a reward. If any man's work shall be burned, he shall suffer loss: but he himself shall be saved; yet so as by fire.

**1 Corinthians 3:12-15**

If you disagree with this interpretation, then how will you explain the scriptures I have quoted? I believe they are self explanatory!

## Mystery of the Bride

If the above is true about the mystery of the bride then I should be able to show Satan's mystery that is counterfeit. I believe I can, and it is the mystery of Babylon, which is a city to counterfeit Jerusalem, but is also a woman, just as Jerusalem, a city, is a woman – the bride of Christ. The city of Babylon is called the whore in the bible, and is a perfect counterfeit of the bride. Remember she will not be the opposite, but the counterfeit. She will look outwardly just as beautiful and virtuous as God's woman, but will be Satan's woman. The heart is always the key. One has the pure innocent

heart of a virgin and the counterfeit has the filthy heart of a whore.

Babylon is a mystery and it is only understood by revelation and initiation. That is why all witchcraft, masonic orders and Satanism are only entered on initiation; and only then are the mysteries revealed to the initiates.

'Christ in you' is the mystery of the bride. She will have a spiritual body and live forever, and so Satan's desire is the same for those who will pay the price to him. His aim is for mankind to become immortal without God. That is what he offered Eve – immortality his way! This is the only end result that Satan is after. All his work from Adam until now has been to bring this about. He is besotted with this ambition to counterfeit God's plan and it is his burning desire. The Mystery of Babylon only exists to bring this about as a counterfeit to God's plan for a new creation.

And the woman was arrayed in purple and scarlet colour, and decked with gold and precious stones and pearls, having a golden cup in her hand full of abominations and filthiness of her fornication: and upon her forehead was a name written, MYSTERY, BABYLON THE GREAT, THE MOTHER OF HARLOTS AND ABOMINATIONS OF THE EARTH.

**Revelation 17:4-5**

I believe that the woman in Proverbs, chapter 5, and chapter 7, is the whore of Babylon and every Christian should read it. It is not only a warning to men, on a

natural level, of the dangers of an immoral woman, but to all who follow God of the spiritual prostitute and adulterous woman of Babylon (the 'Lady in Red' in Chris Deburg's song in his famous album - 'Into the Light'). Read the chapters again in this light and apply the wisdom that is there for you. Ask the Holy Ghost to give you revelation of this mystery of Babylon.

## Everything Made New

God will create a new heaven and earth without the possibility of sin, but Satan wants to fulfil his counterfeit kingdom on this present cursed earth, and for man to find immortality without God. He wants to rule over mankind through a man of sin and progress evolution until we are all gods.

If the three volumes of the series have only one impact on the reader, let it be this chapter for all I have written, and all my research, has been to bring the reader to this conclusion. Without this knowledge you will be in danger of the deception that will engulf this planet very soon. In fact the net has been spreading quickly since 9/11 and it will soon have circumnavigated the earth. Once the door is shut – as in Noah's day – and once the trap has snapped tight, then the 'Mark of the Beast' will be implemented and the punishment for taking the mark is clearly damnation according to the bible.

**And the third angel followed them, saying with a loud voice, If any man worship the beast and his image, and receive his mark in his forehead, or in his hand,**

The same shall drink of the wine of the wrath of God, which is poured out without mixture into the cup of his indignation; and he shall be tormented with fire and brimstone in the presence of the holy angels, and in the presence of the Lamb:

**Revelation 14:9-10**

I have tried to show that no one can understand either the mystery of God or the Mystery of Babylon without first being initiated into the life of Christ, or the life of Satan, and even then it is only revealed in parables or prophetic talk (The occult is full of riddles and dark sayings, and the bible is full of symbolic prophecies and parables). What methods do God and Satan use to convey 'the truth' of their Mysteries? I will look at them in the next chapters.

CHAPTER 7

MYSTERY OF GOD -  
MYSTERY OF INIQUITY

But we speak the wisdom of God in a mystery, even the hidden wisdom, which God ordained before the world unto our glory:

**Corinthians 2:7**

For the mystery of iniquity doth already work: only he who now allows will allow, until he is taken out of the way.

**2 Thessalonians 2:7**

If a mystery can only be understood by revelation and inspiration, and not by reason, then Satan also has to impart information that would be unknown if it was not revealed. One way God reveals his plan and purpose is by giving revelation on his written word, not only through the bible, but through any written or spoken word. This may seem a dangerous and irresponsible statement, but

if it is not true then I should not be writing this book, and Balaam should not have listened to his ass when it spoke to him. I believe that God can impart revelation by the Holy Ghost, through books that have been inspired of God. Many are the writings from godly men that have given me a true insight to the character and plan of God. God has also at times spoken to me powerfully through a song, or newspaper article. However, Jesus was the word made flesh. This means he was the physical manifestation and reality of what the word was saying. The word is not just doctrine. True doctrine is the outworking of the words in a physical environment. **True doctrine is lifestyle.**

This must also be true of the revelation that Satan inspires and imparts to people, and will manifest in the scientific, cultural, and religious, real world. Satan is the god of this world and so the world (society with its fashion, culture, literature, and entertainment) will reflect and manifest this imparted knowledge.

In whom the **god of this world** has blinded the minds of them which believe not, lest the light of the glorious gospel of Christ, who is the image of God, should shine unto them.

**2 Corinthians 4:4**

## Personal Inspiration and Revelations

Another way God imparts his plans and purposes, and reveals a knowledge of himself, is through personal revelation in the heart.

How does Satan counterfeit these methods? Well, he also used 'the word' and there are thousands of books that will give hidden knowledge to those who are initiated to his purposes. Just as the bible does not make sense to those not initiated, so many secular books are, to the uninitiated, just stories with morals, and for entertainment, without the hidden meaning being revealed. Most of the classics of literature are actually coded revelation and knowledge from Satan. Many of the children's books such as 'Alice in Wonderland', are occult fantasies, and only when a person is on 'mind altering drugs' or have experience of 'the other side' do they understand the esoteric meanings. I heard the author of the children's book, 'Mary Poppins', state on a Radio 4 programme, many years ago, that she actually wrote it for 'grown ups' to introduce them to the 'other side'

## Ignorance is Bliss

Most Christians are totally ignorant of these facts and actually deny them and belittle me if I share what is a fact to those 'in the know'. Shakespeare's works are all esoteric prophecy and it is my personal belief that he was only the pseudonym for Francis Bacon, who also wrote 'The New Atlantis', and revealed the plan for the New World – America to fulfil its destiny according to Satan. Books and films such as 'The Lion King', that Christians think is just a story, or even a Christian allegory, is actually a message of reincarnation, and the antichrist taking his rightful place (I obtained this information from the

non-Christian people who were working on the post production of this film – and not some weird Christian crackpot). The information is out there if people want to research it. Christians are so blind to these facts, that the overtly occult books such as Harry Potter and the Toilkin books, are now believed to be Christian allegorical stories by many. We have witchcraft in the Church and no one seems to notice.

Satan's plan is certainly working; the information he has planted in his literature over the last few years has taken root and Christians all over the world have now taken as fact the doctrines of demons. More than that, they believe them to be inspired of the one true God.

## The Same Needs

God needs people to help him with his plan. By that, I mean, because he is a God of love he does not want to work alone, just like any lover. Love always needs cooperation, and so God imparts his secret knowledge and plans to those he chooses to work with and who will reciprocate his love. Satan also does not want to work alone and he chooses people to be part of his plan. He imparts knowledge to them in literature, just as God does, but he needs the help of mankind in a far greater way than God.

God is a creator and can do any creative miracle he wants to fulfil his purpose. Satan has a problem because he cannot create anything. He is as limited as a human being in that regard. The best he can do is to use the

laws, materials, and formulas that God has already placed in the universe, and reveal them to men so they can simulate and counterfeit what God has created. Satan uses men as his tool to fulfil the mystery of iniquity to counterfeit God's mysterious plan. He knows that one day man will be returned to a 'Garden of Eden' situation on the New Earth, where the tree of life will be situated, and men will live forever in a sinless society. He also knows that some will have a spiritual body – that is, an eternal body with life in itself and will not need the tree of life.

Let us not forget that Satan is the counterfeit and wants to be exactly like God and impersonate his plan on this earth. Therefore, I believe, all scientific, and medical inventions and formulas, have been inspired by the spirit of Babylon through the direct impartation of Satan into the minds of men. This may indeed seem a bold statement and so I will spend time to try and make sense of it. To do so I will have to go back to the very beginning of creation, in the book of Genesis, to show why this is true and to show the purpose behind all inventions, and why Satan needs to reveal the secret knowledge of God's creation to man.

## Garden of Eden

Satan, in the garden, told Eve that if she disobeyed God she would have enlightenment and know the difference between good and evil. In other words she could be her own god and decide her own morality. That is what makes God, God. He is above all laws and is

amoral. Whatever he says is good, is good, and whatever he says is bad, is bad; regardless of what he says. This is what Satan told Eve she would be like if she disobeyed, and he was right. Mankind now can make their own morals and laws regardless of what God thinks or likes.

The tree, in the Garden of Eden, was the tree of **the knowledge** of good and evil and not the tree of good and evil. So, we could say that it was the tree of conscience or morality. God had made her with this capacity to attain this knowledge, via the tree, and the only reason he asked Adam and Eve not to exercise this part of their godlike nature was to show that they loved him more than their own desires. Don't forget that she coveted the fruit before she reached out and ate it. In other words she coveted this tree when in a sinless state, showing the desire was not wrong in itself. The disobedience to God's command was wrong and sin, **but only because God asked them not to indulge in this knowledge.**

Adam and Eve did indeed become more like God after they had eaten the fruit, and have exercised this option ever since – to chose their own morality and to try to fulfil what Satan told them. Men, from Adam onwards, have looked and longed for the secret of eternal life and immortality without God. Literature, and culture, through the ages bears witness to this.

## What Was the Lie?

The lie that Satan told Eve, was that if she disobeyed God she would not die. This was his promise to her, but

he was not able to fulfil it after she had sinned. I believe that ever since that day Satan has been trying to find a way to make mortal man live forever in his fallen state, and to seduce mankind with this desire to find the secret of life, to make earth last forever with him as 'God'. His burning ambition is for the whole of mankind to worship him in complete servitude whilst believing themselves to be free. This then, is what I firmly believe is the motive behind all inventions, wars, science, and culture – to bring about this scenario of God's alternative of a new earth.

Satan has no alternative to the tree of life so he has, for 6,000 years, tried to bring about immortality for man another way.

### **This then, is the mystery of Babylon.**

The first manifestation of his plan was in Genesis chapter 6, when he seduced the angels to leave their position, and spiritual body, dwell on the earth, mate with women and produce a hybrid – the Nethalim. Although all the giants must have died in the flood, the seed carried on through Noah's sons; as there were certainly giants after the flood. The land of Canaan was full of them (See volume 2 for a list of families that were giants from the seed of Canaan).

And it came to pass, when men began to multiply on the face of the earth, and daughters were born unto them, That the sons of God saw the daughters of men that they were fair; and they took them wives of all which they chose. And the LORD said, My spirit shall not always strive with man, for that he also is flesh: yet his

days shall be an hundred and twenty years. **There were giants in the earth** in those days; **and also after that**, when the sons of God came in unto the daughters of men, and they bare children to them, the same became mighty men which were of old, men of renown.

**From Genesis 6:1-4**

I believe that this offspring had spiritual wisdom far above the normal, and the above quote says that God limited the age of man to 120 years (men lived before this dispensation up to almost a 1,000 years before they died). The pre-flood civilisation seemed to be very advanced and there is evidence that the pyramid of Giza was built in their period. It still baffles architects and scientists as to how they computed the measurements and accuracy of its alignment with the earth's polar axis and the planets. It is all built on sacred measurement, and as a matter of interest, the English 'inch' that I grew up with before we changed to metric measurement, is the one used in this pyramid and is derived as follows. It is 1/500,000,000th of the polar diameter of the earth (Footnote 1).

## Babel

The next manifestation of Babylon was at the tower of Babel just a few years after the flood. The whole small new tribe, after the flood, were building a city that would house a tower so that they could access God. However it was not the city or the tower that God was interested in, it was the purpose for this building, and plan of Satan, that caused God to scatter the tribes. This scattering

caused them to leave off from building the city, it seems even before they had built the tower, and do what they had in their mind – inspired by Satan of course. The city and tower were only the means to that end. There is an unusual statement made by God in the Genesis account. Read it carefully.

And the LORD said, Behold, the people is one, and they have all one language; and this they begin to do: and now **nothing will be restrained from them, which they have imagined to do.**

Genesis 11:6

**What could it have been that they imagined to do,** when they had finished the tower? What was so powerful in its purpose that God actually came down to earth to investigate and make that statement after he had seen what they were doing? I suggest it was to do with the plan of Satan to make man immortal. The tower would be a portal, or gateway, to heaven and I believe would allow a two way communication with angels and men. This was the counterfeit portal that Jacob saw in his dream, where a ladder went into heaven and angels ascended and descended. Paul was allowed to go through that portal into the 3rd heaven where God dwells and he called it 'Paradise' (see 2 Corinthians 12:1-4).

## Evolution

The plan of Satan can be summed up in one word 'Evolution'. This belief did not start with Darwin. It is

the master plan of Satan to counter God's eternal plan. Evolution, as I have already written, is not about where we came from, it is where we will end up, and the changes in our humanity for us to evolve into gods. All science, and medicine is helping Satan to fulfil this consuming desire to keep his dream alive and to keep his promise to mankind through Eve – that we can live forever in disobedience to the creator.

That is why Satan, over the centuries, has imparted knowledge and revelation of the universe, and the secrets of creation, to men. In the next chapter I will look more into the inventions of men.

#### **Footnote 1**

This, and many other interesting and startling facts about this unique pyramid, are in a book by George R Riffert, called 'Great Pyramid Proof of God'. Written in 1932. I have an original hard back copy, but it has been republished as a paperback and is available from [www.amazon.co.uk](http://www.amazon.co.uk).

CHAPTER 8

## INVENTIONS OF MEN?

Lo, this only have I found, that God has made man upright; but they have sought out many inventions.

**King Solomon; Ecclesiastes 7:29**

Such is the audacity of man, that he has learned to counterfeit Nature, yes and is so bold as to challenge her in her work

**John Donne**

A controversial doctor has claimed to have cloned human embryos and transferred them to four women prepared to give birth to the first cloned babies. Fertility specialist Panayiotis Zavos sensationally broke the sacred taboo of human individuality by cloning 14 embryos and placing 11 of them into the wombs of four women, he told *The Independent*.

**Reported in the Daily Mail, April 2009**

Without giving the subject much thought, it is easy to believe that all the inventions of men, from the wheel to the aeroplane, from penicillin to heart transplants, from Roman roads to space exploration, have been for the good and best interests of mankind. It seems that God inspired inventions to help mankind, but I do not believe this in any form of argument. It is not a popular hypothesis so here are some thoughts for you to consider and perhaps meditate on.

I have noted that the more holy a man becomes the less he is interested in the things of this world. John in his letter to the church said;

**Love not the world, neither the things that are in the world. If any man love the world, the love of the Father is not in him.**

**1 John 2:15**

As pilgrims we should not need the 'things' that the world need. The fact that Christians need as much of this worlds goods and entertainment as the rest of humanity only goes to show how far we have come from the teaching of Jesus and the Apostles.

All inventions of men use the laws that God has already put in place to rule the universe. I believe Satan reveals these laws and formulae, so that man can evolve eventually into a god. Surely it is not in dispute that we are very near completion of Satan's plan at this point in history. Scientists are now talking of this, and human cloning is already happening in countries where it is legal, as the chapter quote verifies.

## No Inventions in the Garden

God put Adam in a garden and I cannot believe he was meant to design a vehicle so that he could fly 30,000 feet in the air at 600 miles per hour. He was told to dress the garden not invent things. He did not need money, or houses, or entertainment. These inventions are a counterfeit, or idol, of what God made. Birds fly in the air, and fish swim below the surface of the water, and for man to change his earthbound environment and make an aeroplane as a copy of a bird, or a submarine like a fish, is idolatry.

**You shall not make any graven image, or any likeness of any thing that is in heaven above, or that is in the earth beneath, or that is in the water under the earth:**

**Exodus 20:4**

If you care to look at the inventions of the last 500 years that have advanced our god like capabilities, you will, at first glance, believe that many of the inventors were Christian. This is because they made religious statements and acknowledged God, but it was not the God of the bible. If you look below the surface you will find the they served other gods and were in all kinds of secret societies, practicing alchemy and other occult arts. Their inspiration came from these indulgences into the other side. It is the same with all culture, music, and entertainment. I am convinced that familiar spirits are

behind all this world's inspiration.

## Occult Roots

I am happy to accept that the early visitors to the USA, the pilgrims, were true Christians, but America, as a nation, was founded on occult, and not Christian foundations. The first president, George Washington, was a mason, as were many of the later presidents up to this present date. Washington DC, as I have shown in a previous chapter, is full of occult imagery, not Christian. The British Empire and its world domination seemed as though it expanded Christianity and it did, but it did not make peoples or nations holy. It propagated religion over relationship. I have shown that the empire was built on occult principles and the outward pious words acknowledging God are hypocrisy and a cover for the real beliefs of the founders.

It would take a whole book to expose these things, but here are a few facts for you to consider; to show modern inventors were involved in the occult.

So many of the modern inventions came from members of The Royal Society and it would be good to show the occult roots of this select company of men. The Royal Society started from groups of physicians and natural philosophers, meeting at a variety of locations, including Gresham College in London. They were influenced by the 'new science' as promoted by Francis Bacon, in his prophetic novel 'New Atlantis', from approximately 1645 onwards (See Appendix at the end of this chapter). Bacon was involved with the

Rosicrucian's and Masons and wrote about Alchemy – which is in reality the process of turning men into gods, and not base metals into gold. That is just the allegorical illustration to hide the true meaning of the science or art.

## Inspiration from Without

The scientific and medical advances that have been achieved by innovators who challenged established reality like Newton, Galileo, Carl Jung, and Einstein are mind boggling and surely came from outside revelation and inspiration. These scientists, philosophers, and inventors often used drugs or indulged in pagan rituals to obtain secret knowledge. Here is a quote from Albert Einstein to show the occult philosophy of these men.

A human being is a part of a whole, called by us the universe, a part limited in time and space. He experiences himself, his thoughts and feelings as something separated from the rest... a kind of optical delusion of his consciousness. This delusion is a kind of prison for us, restricting us to our personal desires and to affection for a few persons nearest to us. Our task must be to free ourselves from this prison by widening our circle of compassion to embrace all living creatures and the whole of nature in its beauty."

**Albert Einstein**

I am aware that many Christians will see nothing wrong with his statement, which just goes to show how blind they have become, because any 'New Ager'

or person involved with witchcraft would immediately recognise it for what it is – becoming one with the universe – occult wisdom.

I came across the paragraph below in an article by Freemasons extolling the virtues of Freemasonry. It shows many of the scientists and shapers of society to be Freemasons.

But it is perhaps not as well known that many leaders in the professions, arts and sciences and other human endeavours benefiting the world at large have been members of the Masonic Fraternity. A few names that come to mind are such;

**Writers** as Walter Scott, Robert Burns, Rudyard Kipling and Mark Twain;

**Poets-playwrights** – Wassily I. Maikow, Heinrich Heine, Jean P.C. de Florian, Leopoldo Lugoner and Antonio de Castro Alves;

**Musicians** — Wolfgang Mozart, Jean Sibelius, Franz von Liszt, Josef Hayden;

**Philosophers** — Johann Wolfgang Goethe, Gottholf E. Lessing and Francois Voltaire;

**Medicine** — Drs. Alexander Fleming, Jules Bordet, Antoine DePage, Edward Jenner, Charles and William Mayo and Karl and William Menninger; sculptor—Gutzon Borglum;

**Artists** — Charles W. Peale and Alfons M. Mucha;

**Scientists** — Hans C. Orsted, Jons Jakob Frk. von Berzelius, Alfred Edmund Brehm, Luther Burbank, Johan Ernst Gunnerus, Albert Abraham Michelson,

Gaspard Monge, C.F.S. Hahnemann and Pedro N. Arata;

**Labour** — Samuel Gompers;

**Industrialists and commerce leaders** – Henry Ford, Walter P. Chrysler, John Wanamaker, S.S. Kresge and J.C. Penney.

Francis Crick (1916-2004), the man who discovered the secrets of DNA, is on record saying that he experimented with LSD – he was a member of the Royal Society. Alexander Fleming, the man who discovered penicillin, was a Freemason. Time Magazines named Fleming as one of the 100 most important people of the 20th century. The article stated;

It was a discovery that would change the course of history. The active ingredient in that mould, which Fleming named penicillin, turned out to be an infection-fighting agent of enormous potency. When it was finally recognized for what it was, the most efficacious life-saving drug in the world, penicillin would alter forever the treatment of bacterial infections. By the middle of the century, Fleming's discovery **had spawned a huge pharmaceutical industry**, churning out synthetic penicillins that would conquer some of mankind's most ancient scourges, including syphilis, gangrene and tuberculosis".

I have made bold the interesting fact in this article; that this invention spawned the evil pharmaceutical industry that now runs the health services of the western world.

## Finding the Keys

Science and medicine are all about finding the keys to life – how things work and how to manipulate them. It all seems so good, but it is really trying to find how to be God by natural means. Death is not something that we have to fight and eradicate from this earth. When a person has a taste of the spiritual life and the world to come, 'the things of earth grow strangely dim' as the songwriter put it. In fact physical life is not as important to God as we would like to think it is. God values the real person – the spirit of man. Sinful flesh does not impress God at all. He loves the spirit that he put in man.

People in the occult seem to understand better than Christians the plan of Satan. Benjamin Wolley, in his biography of John Dee, who was the famous occultist and confidante of Queen Elizabeth 1, and the man who is supposed to have conjured up the British Empire in the presence of Christopher Marlow, states;

Thus at the heart of Dee's science lay what has come to be called 'natural' (as opposed to supernatural) magic. When God created the universe itself, an act that Dee accepted as beyond scientific understanding, he let loose a divine force which caused the planets to turn, the sun to rise and the moon to wax and wane. Magic, as Dee saw it, is the human ability to tap into this force. The better our understanding of the way it drives our

universe, the more powerful the magic becomes. In other words, **magic is technology.**

**Occult London, Merlin Coverley, Page 56**

It would be quite reasonable, after reading the present chapter up to this point, to ask me if am I advocating that we all live in caves away from civilisation and the inventions of men. The answer is simple. No, I don't believe we should. We can use what Satan has inspired, for the inventions are not evil in themselves. A television has no devil inside it even if it is showing pornography of the worst type. The same with a motor car, even though it is the number one cause of death in young people in the whole world – even above aids or malaria. We do, however, need to realise that these inventions are being used to bring in the One World System, to control, brainwash, and seduce mankind completely.

## What about Roman Roads

I suppose a good example of how Christians cannot see the wood for the trees is the misguided thoughts that have been suggested to me about the Roman Roads. This is how the argument goes. Imperial Rome was against the early Christians and persecuted them, but as they built the roads for moving their armies from country to country, God used this and the improved means of travel helped spread the gospel all over the Roman Empire. Sounds good except it is not true. It did not help the gospel at all, in fact it hindered it. It

did however, help spread the religion of Rome which was now called Christianity and a pagan pseudo gospel, which is not a gospel at all. It allowed the Roman Church to dominate all of Europe and become rich and decadent.

## Help or Hindrance

I find that all inventions have this same principle. Christians think that it helps God, but the opposite is true. The early Church did not need media methods, or music or culture, to preach the gospel to the whole world. I can hear the cries and protests of the deceived telling me that we are now in the 21st century and we have to use the modern methods for the gospel to make it relevant to a modern technological society. Again, it all sounds so good to the carnal mind, but is utter rot. The recent revival in China, where million of people were evangelised and became radical disciples, was without any modern methods, and was brought about just as with the early church – word of mouth by radical self denying preachers.

What about the media and especially television? Isn't it a great tool for the gospel? Well I believe it has done more harm to the true church than any other medium. 24/7 'Christians TV' has not made any difference to America after decades of TV preaching, in fact the USA had declined in its morals and character since Christians have used the television as an medium for 'the gospel', so those arguments just do not add up to the facts. Europe now has 24/7 Christian TV channels and I believe it is

the worst thing that could ever happen.

Should we never use these methods? Do I use the media? Yes, as much as I can. Do I use the modern means of transport. I do. I have flown at 600 miles an hour above the clouds to 6 countries in the first few month of this year, but I am not deceived as to where these inventions are taking this world and who inspired them for his pernicious plan. I am not ignorant of his devices, and this I believe is the key. We must be in the world – but not of it. In other words we are not deceived by its philosophies, inventions, media, or religions. We have a relationship with the living God and can live without anything that this world can offer. We can preach the gospel to every creature with the conviction of the Holy Ghost without any other props or tools. This is true freedom.

## Am I Free?

I often challenge people who are going through my discipleship teaching to ask themselves this question. "Is there is anything or anyone in this world that I couldn't live without?" If so, then they are trapped by it in the measure it has a hold over them. This is the benchmark of discipleship.

If any man come to me, and hate not his father, and mother, and wife, and children, and brethren, and sisters, yes, and his own life also, he cannot be my disciple. And whosoever does not bear his cross, and come after me, cannot be my disciple ... So likewise,

anyone who does not forsake all that he has, he cannot be my disciple.

**From Luke 14:26-33**

CHAPTER 9

EVOLUTION COMPLETE -  
I AM A GOD!

We are going to become Gods, period. If you do not like it, get off. You do not have to contribute, you do not have to participate but if you are going to interfere with me becoming a God, you're going to have trouble. There will be warfare

**Dr. Richard Seed, Preparing for Singularity 2008**

...but lest these secrets processed fall into uncultured hands and be perverted, the Great Arcanum (mystery) was always concealed in symbol and allegory

**Manley P Hall .. The Secret Teaching of all Ages**

A whole book could be written about genetics and how we are now experimenting, by altering our DNA and mixing it with that of animals. For some time now researchers have been replacing animal genes with

human genes or growing human organs in animals. Scientists have even grown human organs in animals that could one day be transplanted back into humans. For instance, researchers grew a human ear on a lab mouse's back. This can be verified in medical and scientific journals.

A doctor, where cloning is legal, has already cloned human embryos and placed them into the wombs of donors.

A controversial doctor has claimed to have cloned human embryos and transferred them to four women prepared to give birth to the first cloned babies.

Fertility specialist Panayiotis Zavos sensationally broke the sacred taboo of human individuality by cloning 14 embryos and placing 11 of them into the wombs of four women, he told *The Independent*.

**Reported in the independent 2009**

Universities now run courses on trans-humanism or post humanism and some scientists are planning a whole planet with hybrid beings. Cloning humans is one thing, but to mix our DNA with animal DNA is to turn us into 'Beasts' (neither human nor animal). If your grandparents had a genetic defect and they replace your defective gene with the DNA of a pig, to eradicate the disorder, then your grandmother could as easily have been a pig as a human. It would certainly make you non-human because that is what makes us what we are – our DNA.

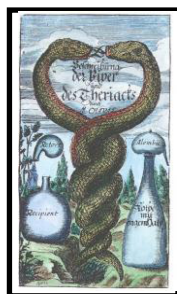

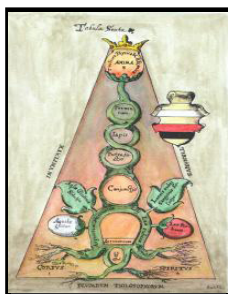

The world, and sadly most Christians, don't

realise they are being conditioned to accept all kinds of perversions and unbelievable genetic monsters and hybrid creatures that will follow these experiments.

## Alchemy and DNA

It is interesting that our DNA is stored in our chromosomes. Chromosomes are long thread-like structures made of a DNA molecule and protein. During cell division, chromosomes coil up tightly into X shapes and are more easily visible under a microscope. Human cells have 23 pairs of chromosomes. The DNA in our chromosomes are the secret of our life and is what Babylon and the mystery is all about – to make a race of gods Satan's way, by genetic engineering. This plan is 1000's of years old, and well before we discovered DNA in the 1950's. This is what the ancient art of alchemy is all about. Here are some old alchemical illustrations.

Notice the DNA like imagery

DNA has been described as a ladder, and this imagery is abundant in Masonic symbolism.

Even Egyptian art has this DNA type imagery

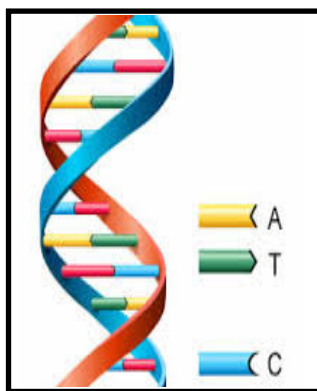

The tower of Babel was a gateway, portal, or ladder from earth to heaven. Satan has wanted to make this 'stairway to heaven' (Footnote 1), since man was banished from the garden of Eden. Why? Because the whole aim is for Satan to produce, through our so called sciences, inhabitants of this planet that will live forever in their sin and have no need for redemption. Why would anyone need redemption if they will never die?

We will never have to face God if we can stay alive Think about that! The problem for mankind is that, after death, we will all be judged by God!

And as it is appointed unto men once to die, but after this the judgement:

**Hebrews 9:27**

The discovery of DNA is the most important revelation of our reproduction in 6,000 years of history, and shows me that the end of the age is very close. Because we can now alter the DNA of human beings and make them post-human, the culmination of the plan of Satan, and Mystery of Babylon and the 'mystery of iniquity', is very close. I strongly suggest that all readers watch a video by Michael Hoggart 'The Mother of all Secrets'. It will open your eyes to Satan's plan for the last days. It is on U tube and from

many sites if you type the title into your web browser. I can only skirt around the perimeter of this vast subject and give directions, for you the reader, to pursue. Please do not be ignorant of what is happening in these last days.

## It Started in the Garden

In the garden of Eden there was a tree called 'The Tree of Life'. When mortal man ate of it he did not age, which means he would live forever. This story in Genesis is not just an allegory, it is a fact and as scientific as anything else in this world. Even if God does a miracle and turns water into wine, it happens in the molecular scientific realm. It is not 'magic', by that I mean, it does not just happen without changes in matter. Maybe a natural process is speeded up, or maybe something unnatural to science happens, but under a microscope we would see the molecular structures change.

## Adam was not immortal!

When Adam and Eve were created by God they had a body that would die, just like the animals and plants. The cycle of life and death did not come about because of the fall of man. The fruit from trees would fall and die and the seeds would produce another tree. I know this is contrary to what Christians have been told, but if you think for yourself and read the scriptures there is no other opinion available. When Adam ate of this tree of life it must have had properties that would stop him ageing. Therefore, he would have lived until now if he

had not sinned, **but not because he had an immortal body**, but because he had access to the tree of life.

As soon as man rebelled against God's command, he was separated from the means of living forever – which was the tree of life – and he started to die the day he was removed from the garden. I believe we are, through the inspiration of Satan, getting very close to discovering scientifically this secret of ageing and immortality in flesh and blood. This is the philosophers stone, the holy grail, the mystery of all ages, and the secret of eternal youth that sinful mankind has been seeking for ever since the fall, and it has been inspired by Satan himself. I am not saying that science has now discovered the secret, but I believe they are very close and I believe it is one reason that the return of Jesus to judge this earth is imminent.

Please don't tell me that scientists will not discover this mystery, because my granny said men would never fly to the moon, and even if they had found out how to do it, then God would never allow it. My Great Granny would never have believed, in a million eons, that I would be able to sit in my house and see events happening, in real time, on the other side of the planet through a picture hung on my lounge wall.

**God said 'NOTHING will be restrained from them'. Have you understood that?**

## 46 Chromosomes

46 is a very interesting number, because it is the number that creates life. 23+23 chromosomes are what start life and

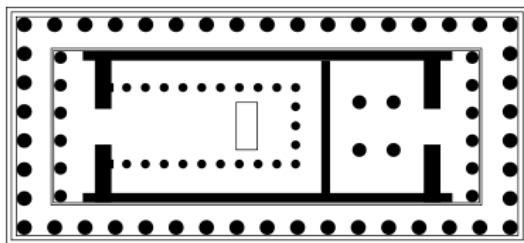

because Satan wants to be like God and give life he uses this number in symbolism, in architecture, and literature to prophecy that he will find a way to let man live forever.

It is far too complicated and would take another book to demonstrate this, but here are a few facts so that if the reader cares to study further they have a little knowledge. A good book to introduce you to this would be 'Corrupting the Image' by Douglas Hamp. (Footnote 1).

The ancient temples of Greece and Rome were where gods came down to earth and mated with women to produce demigods. Many of the Greek myths are about gods mating with women, and the Parthenon in Greece had **46 pillars** around the perimeter.

The Parthenon Greece

Plan of Parthenon with 46 pillars around the perimeter

The masons believe that the answer to the mystery of all ages is in the bible and in their temples a King James Version of the bible sits on a pedestal. The orange order and UDF also swear on the King James Bible. Of course, the answer to the whole universe is in the bible for God inspired it, and you can see the truth or the anti truth in it, depending upon who is your god.

Masons have a fixation with Solomon's temple and it is not by chance that the two pillars that are named in the bible, Jachin and Boaz, are in their symbolism. As a matter of fact the pillars are both 23 cubits high in Solomons temple.

For he cast two pillars of brass, of eighteen cubits high apiece: and a line of twelve cubits did compass either of them about. And he made two chapiters of molten brass, to set upon the tops of the pillars: the height of the one chapter was five cubits, and the height of the other chapter was five cubits:

**1 Kings 7:15-16**

## Hidden Meanings

The bible is full of numerology, colours, metals and so on, that have meaning to those who have their eyes open. Satan is also looking for the keys for his own ends. Remember a lion can depict Jesus – Lion of Judah, or Satan – a roaring lion. Wine can represent the blood of Christ for redemption, or blessing, but it can also represent the fierce wrath of God poured out without measure. Be very careful, Christian, that you have the correct interpretation. Many Christians see in occult books and film allegories of Jesus and redemption, and yet they are Satan's counterfeit and not allegories of godly things – it is dangerous not to understand this.

What Christians think is an allegory of Christ could as easily be an allegory of anti-Christ. The latest Superman film – Man of Steel is an allegory of antichrist and the

dialogue and imagery is overtly new age and Satanic, and yet Christians will go and see this movie and believe it is an allegory of Jesus – and that he was the first 'Superhero'. What deceptions! (Footnote 3).

## Jesus Christ Superstar

Of course many did not know that the musical with the title 'Jesus Christ Superstar' was preparing us for this deception. The title is blasphemous as it is actually the title of antichrist. Jesus was a suffering saviour who went as a lamb to the slaughter. He did not come the first time to save the planet, he came to redeem men back to God and forgive their sins.

All super heroes are allegories of antichrist, without exception (Hollywood does not do allegories of Jesus).

This is why superman, spiderman and all the other super heroes, who are not fully human have super powers. It is because they not only have human flesh, but alien flesh – they are hybrids and this is always an abomination to God. It is Satan's prophecy of what he is doing in these last days. The great Hollywood film company, Warner Brothers, have a web site for ministers and they offer a free screening for clergy. They have sermon notes for them to preach the parallels of Superman and Jesus. I ask the reader to contemplate why Satanic controlled Hollywood would want to do this? Simply, to prepare the Church for the man of sin – and it is working wonderfully well. I suggest you look at the website in case you think it far fetched (Footnote 2).

## The Number of the Secret

It is not by chance that Satan spoke **46 words** to Eve (AV) in the Garden of Eden. These were the words that seduced her and the seed of the evil one entered her. She later bore Cain of which the bible says was of 'the evil one'.

Yes has God said, You shall not eat of every tree of the garden? ..You shall not surely die: for God knows that in the day you eat it, then your eyes shall be opened, and you shall be as gods, knowing good and evil.

**From Genesis 3:4-5**

The bible used 46 words to tell us what the people under Nimrod had in their mind (imagined to do), before God came down to investigate what they were planning.

Go to, let us make brick, and burn them thoroughly ...Go to, let us build us a city and a tower, whose top may reach unto heaven; and let us make us a name, lest we be scattered abroad upon the face of the whole earth.

**Genesis 11:3-4**

I am sure that if, as the bible says, it will be like the days of Noah when Jesus returns to earth, then angels will mate with humans again and I believe it could already have started to happen. The whole subject is scary and unbelievable to most people, as the media has deceived them completely. We see films of people, who are really

angels, falling in love with human females, but it is just entertainment to most people. The 'Da Vinci Code' was all about preserving the holy bloodline of the seed of Jesus and Mary Magdalene. This seed would be part human and part divine – the mixture that God hates and that Satan loves. A TV series that ran for 4 years on NBC called 'Heroes', was about people who find they are not fully human – they had super-powers. (Hero was a demigod from Greek mythology – the result of a god mating with a human woman.)

## X marks the spot

Treasure is always hidden and it is not by chance that we use a cross to show where the mystery ends and the treasure is hidden. Satan is showing us all the time what his plan is – if we have 'eyes to see' and 'ears to hear!' He knows that the answer to a hybrid race is the chromosomes, and X is the symbol he uses to show those 'in the know' that he is near the answer. It also conditions those who are ignorant of his plan by subliminal means to accept what will soon come on this earth. As I have said, his plan is working very efficiently with all of the world and the Church having been infiltrated and deceived to accept his doctrines.

There are so many films of late with the letter X in the title. It is all to do with the X chromosomes. The 'X Men' have had their DNA modified so they are the super race – the supermen that are Satan's creation. The 'X Files', is another film, and I could go on, showing the symbolism in so many of the branded good and

logos of conglomerates. Even the crossed keys on the Vatican coat of arms is showing the mystery of Babylon. People in the occult have known for centuries that the so called Star of David is the fusion of two triangles – one from above and one from below to form a hexagram – showing the fusion of the 'Sons of God mixing with the daughters of men'.

## They Still Died!

Of course the Nethalim in the days of Noah, although they were a mixture of angel and human, did not live forever and died in the flood. Israel killed most of the giants that were demigods in the land of Canaan with the conquests of Joshua. Satan has not yet accomplished his promise to Eve, that she would not surely die and I do not believe he ever will, but only because God will again stop it (just as he did in the days of Noah, Babel, and Nebuchadnezzar), by sending his Son back to earth again. That is why I believe we are near the return of Jesus, because nothing they have imagined will be restrained from them if he doesn't intervene.

**And the LORD said, Behold, the people is one, and they have all one language; and this they begin to do: and now **nothing will be restrained from them, which they have imagined to do.****

**Genesis 11:6**

It seems to me that whenever humanity comes close to the secret of life, or agelessness, then God intervenes and sets it back. God did not come down to earth very

often after he exiled himself because of the rebellion of Eve, but it is significant that when he did it was often for 'planet saving situations' to thwart this plan of Satan and set it back.

And the LORD said, Because the cry of Sodom and Gomorrah is great, and because their sin is very grievous; **I will go down now**, and see whether they have done altogether according to the cry of it, which is come unto me; and if not, I will know.

**Genesis 18:20-21**

And the LORD **came down** to see the city and the tower, which the children of men built.

**Genesis 11:5**

This last time God will completely destroy this earth and start again with another creation, where the tree of life will be available. Thank God, the rebellion cannot happen again for there will be no tree of the knowledge of good and evil in the new creation.

## At One With God

Jesus came to give us a relationship back with God, so that we could eventually be one with him. Jesus talked about this in the upper room just before he was crucified and after they had the first communion.

At that day ye shall know that I am in my Father, and ye in me, and I in you.

**John 14:20**

That they all may be one; as you, Father, are in me, and I in you, that they also may be one in us: that the world may believe that you have sent me.

**John 17:21**

When a person accepts Jesus into their lives it is not a mental belief. The bible tells us that God dwells in our human body. We actually become a temple for God to dwell in. We have the seed of God in our mortal body and one day we will manifest what we really are. At this moment in time this seed, which is spiritual, is hidden in human flesh, but one day it will be revealed. We are now aliens by definition, because we are no longer only human. We have another spirit in us and we have power that humans do not have (we were told by Jesus we can do signs and wonders and the Apostles did just that). However we are fully human and not a mixture, we are not god's we are human with God's spirit in us.

And by the hands of the apostles were many signs and wonders wrought among the people; (and they were all with one accord in Solomon's porch.

**Acts 5:12**

Faith preachers have turned this spoken word into a formula and the name of Jesus as a mantra to achieve what we aspire to. This is actually occult philosophy. 'In Jesus name' means in his character not just 'quoting his name'. The devil has deceived many of the faith preachers, and sincere believers who long to see the

power of God manifested in their generation, to believe that we will manifest as 'Sons of God' before Jesus comes, and this I believe is a lie of Satan. It is a very dangerous doctrine of devils. There is absolutely no scripture at all that would indicate this last day revival of power and manifestation of Christians as gods.

## I Show you a Mystery

This mystery that I have been writing about. 'Christ in you' is the hope of glory, which literally means to be immortalised and one with God. Flesh and blood cannot obtain this, and that is why we need a new immortal body not made of human flesh – but of spiritual flesh. Satan is trying to counterfeit this and that is why he wants his devils to inhabit humans and why he wants his angels to mate with women so they will no longer be human but aliens and manifest the life that he wants them to in rebellion to God. He wants mankind to live forever on this earth so they will 'not surely die' and have to face the judgement. Of course this ensures he averts his judgement in the lake of fire

## One With Nature!

God longs to be 'one' with mankind, and he has made it possible in the future on the new earth, but Satan is trying to bring Utopia – a situation where the human population is at 'one with Satan', on this corrupt earth and with sinful humans. This is the other great

and burning desire that motivates him. This is why we are told to love 'Mother earth' and to be one with her. This is not only the Gaia cults and witches who say this, scientists and philosophers are making great speeches on these lines to indoctrinate us for the quantum leap into godhood and universal oneness. Al Gore, who was vice president of America a few years ago, is one of the main evangelists for the earth spirit.

US taxpayers are being forced to subsidize a new form of state religion which holds that natural resources have to be protected for the sake of Gaia, a so-called Earth spirit. This religious movement, which has cult-like qualities, is being promoted by leading figures and organizations such as Vice President Albert Gore, broadcaster Ted Turner, and the United Nations.

Al Gore, who as a member of the US Senate participated in the 1992 U.N. sponsored Earth Summit, is the most prominent member of what appears to be an environmental cult built around the concept of reverence for the Earth. Gore has written openly about the Earth having sacred qualities and he has praised primitive pagan religions and goddess worship. Another key player is Ted Turner, who has turned his broadcasting empire into a virtual arm of the United Nations. A noted critic of Christianity and ambassador on behalf of the U.N. Population Fund, he promotes the concept of Gaia in his television programme, such as the 'Captain Planet' cartoon show, in which characters get magic powers from an Earth spirit or goddess.

At the United Nations, the U.N. Environmental Program, founded by Maurice Strong, promotes the idea of an 'Environmental Sabbath,' a variation of the Gaia concept. Strong, now the Executive Coordinator for United Nations Reform under Secretary-General Kofi Annan, has described the global environmental movement in terms suggesting a religious crusade. One of Strong's organizations, the Earth Council, has produced an 'Earth Charter' for the world that refers to respect for 'Mother Earth' and animal rights.

**Cliff Kincaid, President, America's Survival, Inc.**

In their book, *Spiritual Politics*, Corrine McLaughlin and Gordon Davidson write:

God Imminent, the Divinity within all life, is today becoming more widely recognized in the new spiritual, ecological, and feminist movements that are working to empower the individual, support human rights, and honour the sacredness of the Earth as Gaia, the ancient Mother Goddess.

So many of the children's films have this theme in them. Of course, Christians do not see the messages, because they have already been conditioned to the message. Here is a quote from a leading trans-humanist.

God intended for man to be one with God. We are going to become one with God. We are going to have almost as much knowledge and almost as much power

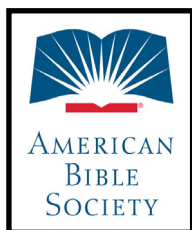

as God. Cloning and the reprogramming of DNA is the first serious step in becoming one with God

**Reported in Time Magazine, December 1997**

## Religion of the Sun

Babylon is a religion of sun worship. That is why Masonic temples face the East – where the sun rises. Most Catholic and orthodox churches also face the east. All that is 'Green' is a result of the Sun – God (male), with the Earth (female), to bring life from the earth, This is the basic tenets of all witchcraft and false religion. The Catholic Church is full of these symbols of the sun and we are now seeing many of the logos of Christian organisations using these sun ray images. The American Bible society that is working with Warner Brothers to allegorise Superman as a type of Christ have the sun's rays coming out of a bible. This is not a Christian logo. The suns rays do not represent the illumination of the Holy Ghost, but of Satan.

Most of the bible printers were taken over by companies of the One World System many years ago, and the United Bible Society is secretly run by

the Vatican, and is an arm of the World Council of Churches. I have put an article at the end of this chapter (Appendix 1), for the reader to study and investigate for themselves. There is a plan to work towards a One World Bible, that all religions will accept, and we are closer to it than most Christians realise!

The religion of Babylon believes that when mankind can be one with the earth, then the quantum leap into immortality (Satan's way), will be accomplished. At last we will be 'one' with 'The One'. Babylon is only the counterfeit of the true relationship and unity with God. It is so close that most Christians miss it for they are looking for the opposite, because they have believed the lie that Satan is opposite to God and not a counterfeit.

## Taking the Land

When Joshua went into the promised land it was because the fullness of the iniquity of the Amorites had come – a strange phrase? God told Abraham that his seed would be in Egypt 400 years until the sins of the Amorites had come to fullness

**But in the fourth generation they shall come here again:  
for the iniquity of the Amorites is not yet full.**

**Genesis 15:16**

Who were the Amorites? To put it simply – giants. This seed that was from the angels mating with the seed of men. Og king of Bashan was an Amorite giant (see

Numbers 21:21-35). The whole land of Canaan was full of giants according to the spies that Moses sent out.

And there we saw the giants, the sons of Anak, which come of the giants: and we were in our own sight as grasshoppers, and so we were in their sight.

**Numbers 13:33**

That also was accounted a land of giants: giants dwelt therein in old time; and the Ammonites call them Zamzummims.

**Deuteronomy 2:20**

I personally believe that Nimrod was a giant, and hybrid, and the religion of Babylon is the religion of the giants.

Joshua is a type of Jesus – the warrior, and Jesus will come the second time, not as saviour but as King, to purge the land and set up the Kingdom. He will come and cleanse this earth again of the bad seed. There will be nations that will perish forever when he comes and they will not be allowed to be in his millennial reign, The seed of Amalek and of Esau are just two that I have written about in my series of books on 'Israel, the Church, and the Kingdom of God', that will be annihilated.

And out of his mouth goes a sharp sword, that with it he should smite the nations: and he shall rule them with a rod of iron: and he treads the wine press of the fierceness and wrath of Almighty God.

**Revelation 19:15**

In this volume I have tried to show that this system of Babylon has, in this final manifestation on earth, almost come to its fruition and this means that the Man of Sin and the False Prophet, that John saw in Revelation 13, will soon arrive on this earth. Babylon cannot fall and be destroyed until these 2 men appear, and I believe that we will soon see them on the world stage. The fall of Babylon, with all its vast empires, political control, and dozens of religions will happen suddenly and without remedy. It will be the greatest event the world has known up to that point. This will precede the return of Christ.

If I am correct in my analysis of where we are in the plan of God, then what are we supposed to do about it? Do we fight the One World System and expose all its evils and lobby for people to overthrow it. I do not believe we should. This book about Babylon is not to warn the world about this system, it is to show the Christians what is happening so they are not deceived, by the plan of Satan, and in the next volume I will share what disciples of Jesus should do once they know the truth. God is calling a remnant out of this system to preach the last days message and the time is short.

### Footnote 1

This is a title of a rock song that Jimmy Page co-wrote. He is on record saying he sold his soul to the devil. It is all about the alchemical process and the stairway or ladder from earth to heaven,

from human to divine.

There's a lady who's sure  
All that glitters is gold  
And she's buying a stairway to heaven  
And when she gets there she knows  
If the stores are closed  
With a word she can get what she came for  
And she's buying a stairway to heaven  
There's a sign on the wall  
But she wants to be sure  
'Cause you know sometimes words have  
Two meanings  
In a tree by the brook  
There's a songbird who sings  
Sometimes all of our thoughts are  
Misgiven  
Ooh, it makes me wonder  
There's a feeling I get  
When I look to the west  
And my spirit is crying  
For leaving  
In my thoughts I have seen  
Rings of smoke through the trees  
And the voices of those  
Who stand looking  
Ooh, it really makes me wonder  
And it's whispered that soon  
If we all call the tune  
Then the piper will lead us to reason  
And a new day will dawn

For those who stand long  
And the forests will  
Echo with laughter  
And it makes me wonder  
If there's a bustle in your hedgerow  
Don't be alarmed now  
It's just a spring clean  
For the May-queen  
Yes, there are two paths you can go by  
But in the long run  
There's still time to change  
The road you're on  
And it makes me wonder  
Your head is humming and it won't go  
In case you don't know  
The piper's calling you to join him  
Dear lady, can you hear the wind blow?  
And did you know  
Your stairway lies on the whispering wind?  
And as we wind on down the road  
Our shadows taller than our soul  
There walks a lady we all know  
Who shines white light and wants to show  
How everything still turns to gold  
And if you listen very hard  
The tune will come to you at last  
When all are one and one is all  
To be a rock and not to roll  
And she's buying a stairway  
To heaven...

## Appendix 1

'The United Bible Societies and Rome', By David Cloud

Nearly 80 percent of the world's Bibles are distributed through the United Bible Societies, an international umbrella organisation that was formed in 1946 and that presently coordinates the work of most of the world's Bible societies. As of 2004, there were 142 member societies participating in the United Bible Societies, including the British & Foreign Bible Society, the American Bible Society, and the Canadian Bible Society. In 2003 the member societies of the UBS distributed more than 430 million Bibles, New Testaments, and Scripture portions, including 21.4 million Bibles and 14.4 million New Testaments. As of 2001, the United Bible Societies were involved in translation work in 672 different languages.

### THE STRANGE HISTORY OF THE BIBLE SOCIETIES

Consider the strange history of the first Bible Society, which was formed in 1804 in England and named the British & Foreign Bible Society (BFBS). It was established on March 7, 1804, at London Tavern (The History of Christianity, Lion Publishing, 1977, p558). The BFBS, which was a founding member of the UBS in 1946, was deeply leavened with heresy from the beginning. Consider a few well-documented facts regarding this group's early history:

The British & Foreign Bible Society cooperated with Roman Catholic priests from its earliest days. "Roman Catholics also enjoyed the support of the BFBS. Soon after its founding, the BFBS sent funds to Bishop Michael Wittmann [Roman Catholic] of Regensburg. When the Bavarian priest, Johannes Gossner, prepared

a German translation of the New Testament, he too was supported by the BFBS. The main Catholic agent of the BFBS was, however, Leander van Ess, a priest and professor of [Catholic] theology at Marburg" (Lions' History of Christianity, p558). We should note that the American Bible Society also invited Roman Catholic leaders to participate in its founding in 1816. This was reported in "The Bible Societies," Trinitarian Bible Society Quarterly Record, Jan.-Mar., 1979, pp. 13-14.

#### THE UNITED BIBLE SOCIETIES AND ROME

Today the United Bible Societies are fully committed to an unholy ecumenism. Hundreds of examples could be given to illustrate this. The UBS is "in effect the Bible society wing of the World Council of Churches"(Andrew Brown, *The Word of God Among All Nations*, p124). It matters not that the major Protestant denominations today are filled with theological modernism. It matters not that the Roman Catholic Church preaches a false gospel that leads multitudes to Hell. It matters not that Roman Catholicism is filled with all sorts of doctrinal error. The UBS intends to "serve all churches" no matter what they believe and no matter what the Word of God says about separation from error!

The UBS ecumenical program is fuelled by its policy of not asking doctrinal questions. This was outlined in a booklet published by the American Bible Society in 1970: Referring to the interdenominational character of the Bible societies, the article states that "their sole concern is to recruit every believer, **WHATEVER HIS PRIVATE CREED MAY BE**, to join in the urgent task of proclaiming the Gospel in every tongue." ... The Societies 'endeavour to serve the whole Church of Christ **IRRESPECTIVE OF** denominational divisions and **CREEDAL**

[DOCTRINAL] DISTINCTIONS” (Trinitarian Bible Society Quarterly Record, Jan.-Mar. 1979, pp13-14). The Bible Societies have thus acknowledged that they are unconcerned about doctrinal beliefs. How strange it is that those who publish the Bible are unconcerned about its teachings!

#### CONSIDER SOME EXAMPLES OF THE UNITED BIBLE SOCIETIES' RELATIONSHIP WITH THE ROMAN CATHOLIC CHURCH

In most countries, you will find the Bible societies in the very centre of any ecumenical adventure, especially in national councils and interdenominational fellowships. The following examples could be greatly multiplied:

"The American Bible Society meeting was one of the most widely representative Christian gatherings in the U.S.A., or possibly in the entire world, and included a Roman Catholic archbishop as speaker and one panel had a Seventh-day Adventist. There were representatives from 46 different denominations, including Roman Catholic, Greek Orthodox, and even a Christian Scientist" (Plains Baptist Challenger, September. 1982).

Consider the example of Michael Ramsey. Ramsey, former Archbishop of Canterbury. He was a president of the United Bible Societies as well as one of the presidents of the World Council of Churches. Ramsey denied the Virgin Birth of Christ, and said, "Heaven is not a place for Christians only. ... I expect to see many present day atheists there" (Daily Mail, London, February 10, 1961). Ramsey was a leader in the back-to-Rome movement in the Church of England. In 1966, Ramsey made a visit to the Pope in an effort to rebuild bridges to Rome. Apart from Ramsey's predecessor,

Geoffrey Fisher, no Archbishop of Canterbury had called on a Pope since 1397, long before Henry VIII broke with Rome. Ramsey addressed the Pope as, "Your Holiness, dear brother in Christ," and said, "It is only as the world sees us Christians growing visibly in unity that it will accept through us the divine message of peace." Pope Paul described the meeting as a rebuilding of "a bridge that for centuries had lain fallen between the Church of Rome and Canterbury; a bridge of respect, of esteem and charity." The two men sealed the symbolic reconciliation of the denominations by a "kiss of peace"— actually an embrace. The Anglican bishops and clergy of Canterbury's retinue bowed to kiss the Pope's ring (Don Stanton, *Mystery Babylon*, Secunderabad: Maranatha Revival Crusade, April 1981).

The following year, 1967, Ramsey visited the United States. At a service in Little Rock, Arkansas, he mentioned his meeting with the Pope and described it in this way: "The Pope and I walked arm in arm out in St. Peter's Basilica and there we bowed and dedicated ourselves in a common dedication, the task of unifying the church. We did not mean we were going to unify the Anglican Church and the Catholic Church only, but we meant we were going to unify all Christendom and all the churches of the world. By unifying them, we did not mean just establishing diplomatic recognition among denominations, but we were going to unify all of them into one church. That is the task that is before us today, to unify all Christendom into the Holy Catholic Church" (quoted by M.L. Moser, Jr., *Ecumenicalism under the Spotlight*, Challenge Press, pp22-23). Ramsey's unscriptural ecumenical activities illustrate the things that are happening in the United Bible Societies.

"The work of joint Bible translation and distribution between

Protestants and Catholics was encouraged by the Driebergen conference of Bible societies in June 1964, which was attended also by Roman Catholics. The chief recommendations of the conference were: to prepare a 'common text' of the Bible in the original languages, acceptable to all Churches, including Roman Catholics; and to explore the possibility of preparing a 'common translation' in certain languages, which could be used by Protestants and Roman Catholics alike. It was further recommended that the Bible societies should consider translating and publishing the Apocrypha when Churches specifically requested it" (Andrew Brown, *The Word of God among All Nations*, p122).

"One result of Vatican II was the setting up in 1966 of the Vatican Office for Common Bible Work ... An example of the new spirit of co-operation was soon found, in the revision of the Bible in Swahili. It was reported in 1966 that the Roman Catholic Tanganyika Episcopal Conference had reached agreement with the British and Foreign Bible Society on the use of the text of the Union Version of 1952, with the understanding that the Apocrypha would be included as well as selected notes and comments from the Jerusalem Bible [a Roman Catholic Version]. ... The BFBS thus again abandoned its former policy of excluding the Apocrypha, and notes and comments" (*The Bible Translator*, United Bible Societies, April 1966; *The Word of God among All Nations*, pp123-124).

The American Bible Societies' *Today's English Version*, which was published in 1966, gained almost immediate acceptance by the Roman Catholic Church. "The best-selling Bible translation in history has been cleared for use by Catholics as well as Protestants. ... The translation has received the official approval or imprimatur, of Cardinal Richard Cushing, the Catholic archbishop of Boston. It was Cardinal Cushing who earlier gave an imprimatur to the

Protestant-sponsored Revised Standard Version. Protestant and Catholic scholars in recent years have reached substantial agreement on the translation of the Bible into English, and CARDINAL CUSHING'S EXPERT CONSULTANTS DID NOT SEEK A SINGLE CHANGE IN THE TEXT OF THE TEV BEFORE APPROVING IT FOR CATHOLIC USE" (Louis Cassels, United Press International).

"In 1969 another development took place, with the formation of the World Catholic Federation for the Biblical Apostolate. The object of this organization was to co-ordinate the Bible translation work of Catholic scholars and facilitate their co-operation with the United Bible Societies" (Brown, *The Word of God among All Nations*, p124).

"The Secretary of the Italian Bible Society reported that in 1975 Pope Paul VI distributed during his personal audiences 300,000 copies of the Epistle of James, specially prepared by the United Bible Societies and the World Catholic Federation for the Biblical Apostolate" (Trinitarian Bible Society Quarterly Record, Jul.-Sep. 1978, pp6-8).

It was in 1976 that the complete "common language" New Testament was published in Italian as a joint project of the United Bible Societies and a Catholic group with explicit Vatican approval. 1977 witnessed a Europe-wide Bible society conference attended by officials representing Catholic and Orthodox churches: "Delegates from the whole of Europe met at the Ludwigshafen conference to discuss the future of the United Bible Societies. Monsignor Ablondi, Bishop of Livorno, Professor Tavares of the Catholic University of Lisbon, and representatives of the Greek Serbian and Rumanian

Orthodox Churches, were present as full members of the assembly” (The Biblical Apostolate, VIII/2/78; quoted in Trinitarian Bible Society Quarterly Record, Jul.-Sep. 1978, pp6-8).

In 1979, the head of the American Bible Society’s translation department, Eugene Nida, said the burgeoning participation of Roman Catholics in its work was a “very important development” (Calvary Contender, Sept. 1, 1992). Also in 1979, United Bible Societies leaders attending a Catholic conference in Mexico pledged closer cooperation with Rome: “The [Catholic] Third General Conference of the Latin American Episcopacy took place at Puebla, in Mexico, and was opened by Pope John Paul II. At the conference, representatives of the United Bible Societies participated in an ecumenical religious service, and also provided a Bible information stand and closely co-operated with the World Catholic Federation for the Biblical Apostolate. Regarding this co-operation, we are told: ‘It signifies an official recognition of the services being offered by the UBS and announces the beginning of a new era and A NEW SPIRIT OF COLLABORATION at the service of God’s Word’ (Word-Event, United Bible Societies, No. 36, p27).

By 1981, over 500,000 copies of the Good News Bible, with the Apocryphal Books added, had been published and distributed by the American Bible Society (Foundation, Jul.-Aug. 1981).

1986 was a high water mark in relations between the UBS and Rome. That was the year the UBS presented a copy of the new Italian interconfessional Bible to the Pope: “The Italian Bible Society recently presented Pope John Paul II with a copy of a new Italian interconfessional Bible in a ceremony at the Vatican. Italian President Francesco Cossiga has also received a copy in the presidential palace. Both Protestants and Catholics co-operated in

translating the new Bible, which is the result of 7 years' work. It has been published jointly by the Italian Bible Society and a Salesian publishing firm. ... The presentation of the Bible to Pope John Paul II was made by Luca Bertalot, the young grandson of the Italian Bible Society's general secretary Revd Dr. Renzo Bertalot. United Bible Societies was represented by consultant to the UBS, Revd Dr Laton E. Holmgren. Addressing the Pope, Dr. Holmgren said, 'For the first time in four centuries the Bible is a bond of unity rather than a source of division.

Despite differences of tradition, dedicated people are producing more and more common Bibles which are being used in scores of lands and languages.' Pope John Paul replied, 'Accept the warmest expression of my grateful appreciation for the result of your efforts. The task which you have undertaken is an important moment of collaboration. I ardently desire that it should not pass in vain, but that it truly produce a fertile rediscovery of our common base of origin. In returning to it, the entire Church cannot fail to benefit in rejuvenation, mutual cohesion and effective testimony to the world. I invoke the Lord's blessing upon all of you and upon your work.' The edition presented to the Pope carries the imprimatur (official Catholic approval) of the Bishop of Turin. ... Also present at the Vatican ceremony was Bishop Alberto Ablondi of Livorno, Italy, who is a member of the United Bible Societies General Committee and president of the World Catholic Federation for the Biblical Apostolate. Members of the Bible translation team attended with him ("Pope Receives New Bible," *Word in Action*, British and Foreign Bible Society, Spring 1986, No. 49, p4).

In the May 1996 issue of the *American Bible Society Record*, a biographical sketch appears of "Father" Robert J. Robbins, vice

chairman of the ABS church relations and volunteer activities committees. The Record says that Robbins, a Catholic priest, "helps guide the American Bible Society in working with its vital network of church supporters and volunteers." The article continues, "An ABS Board member since 1991, Father Robbins also serves on the Committee on Trustees and on the Finance/Administration and Executive committees." In December 2000, the American Bible Society mailed a letter written by Robbins to Roman Catholics in which Robbins urged fellow Catholics to support the ABS as a response to Pope John Paul II's plea for "all baptized persons to participate in mission activity through the precious offering of prayers and suffering and with material aid."

The UBS-Rome connection was further demonstrated during the Pope's 1996 visit to the United States. The following is from the American Bible Society's 1996-97 Catalog of Scripture Resources: "When Pope John Paul II visited the United States last autumn, ABS was on hand to help celebrate. Over half a million specially produced commemorative editions of the Gospel of John in the Contemporary English Version were distributed at local churches and various sites where the Pope conducted Mass ... As the highlight of the Bible Society's celebration, ABS President Dr. Eugene Habecker PRESENTED THE POPE WITH A WHITE, LEATHER-BOUND CONTEMPORARY ENGLISH VERSION BIBLE and a commemorative Gospel of John at St. Joseph's Seminary in Yonkers, New York. The Contemporary English Version is now the translation used in the Lectionary for Masses with Children. An upcoming CEV BIBLE WITH DEUTEROCANONICALS AND APOCRYPHA IN TRADITIONAL CATHOLIC ORDER is scheduled for publication in the spring of 1997" (American Bible Society's 1996-97 Catalogue of Scripture Resources, p13).

By 1997, 174 of the UBS translation projects were joint endeavours with the Roman Catholic Church.

In February 1999, the National Bible Society of Ireland published a Bible study by Catholic priest Pat Collins entitled Seeking with S the Father.

In early June 1999, the translators of the new interconfessional Polish Bible were presented to Pope John Paul II at a special ecumenical service in Drohiczyn, Poland. On May 31, 1999, the Pope mentioned the new translation while speaking at the 46th Eucharistic Congress in Wroclaw, Poland. He praised the ecumenical spirit of the Bible societies and said that once Christians are committed to the path of ecumenism there is no turning back.

In December 2000, the Austrian Bible Society co-produced a six-hour radio program entitled Long Night with the Bible, which featured Roman Catholic priest Wolfgang Schwartz, Jewish rabbi Chaim Eisenberg, and Lutheran Michael Bunker.

In 2001, the Houston, Texas, office of the American Bible Society honoured Catholic Bishop Joseph Fiorenza, president of the National Conference of Catholic Bishops, at a Leadership Awards Luncheon.

In 2002 Pope John Paul II received 70 representatives of the United Bible Societies and Bible Societies of Europe and the Middle East and commended them for their ecumenical approach to Bible translation. “Commenting on the occasion, David Bedford, the UBS Head of Global Development, said that the Papal audience — and the Pope’s affirmation of the Bible Societies’ mission — had touched him deeply” (TBS Quarterly Record, Jan.-Mar. 2003).

In July 2002 the United Bible Societies opened a joint exhibition in Rome with the Vatican Library, which traced the history of the printed Bible and its impact on culture and people. The grand opening was attended by Monsignor Raffaele Farina, Director of the Vatican Library, and UBS General Secretary Fergus Macdonald. One thing that was missing from this exhibit, of course, was the documentation of Rome's vicious inquisition and her millennia-long attempt to keep the Bible out of the hands of the common people.

In April 2005, a representative from the United Bible Societies participated in the funeral for Pope John Paul II and in the inauguration of Pope Benedict XVI. The following is from the UBS web site for May 6, 2005: "Dr. Valdo Bertalot, General Secretary of the Bible Society in Italy (BSI), represented both the national Bible Society and the global UBS fellowship at the funeral of Pope John Paul II on April 9 and at the inaugural mass of Pope Benedict XVI on April 24. He also took part the following day in Pope Benedict's first audience, for foreign and non-Catholic guests. 'I had the opportunity to greet the Pope personally on behalf of UBS and BSI,' said Dr. Bertalot, 'offering him BSI's latest ecumenical literary translation of the Gospel of Mark as an example of the UBS service to the churches.' Mr. Wigglesworth said Dr. Bertalot's presence at the events was 'EVIDENCE OF THE STANDING OF THE UBS IN THE EYES OF THE VATICAN, and a consequence of all the work that he — and his father before him — have done to establish close ties with the Vatican on behalf of UBS.' "

CONSIDER SOME EXAMPLES OF ROMAN CATHOLICS WHO HAVE HELD LEADERSHIP POSITIONS WITHIN THE UNITED BIBLE SOCIETIES:

In the 1970's a Catholic woman named Maria Teresa Porcile Santiso was employed full time by the United Bible Societies as directress of ecumenical affairs in the regional centre of Mexico (Word-Event, No. 36, p 6).

Monsignor Alberto Ablondi, Catholic bishop of Livorno, Italy, was “simultaneously a member of the General Committee and European Regional Executive Committee of the United Bible Societies, thus playing a part in the formulation and review of the UBS general policy” (Quarterly Report, Trinitarian Bible Society, Oct.-Dec. 1985, p24).

Cardinal Francis Arinze, Roman Catholic archbishop of Onitsha, Nigeria, was a vice-president of the United Bible Societies.

Cardinal Carlo Martini, retired Archbishop of Milan, was one of the editors of the United Bible Societies Greek New Testament (beginning in 1967 with the second edition) until his retirement in 2002.

#### CONCLUSION:

There are 142 different Bible societies associated with the United Bible Societies and all of these societies are tied together organizationally as well as spiritually. To support any one of the Bible societies is to participated in the apostasy that has permeated the UBS.

Yes, I realize there are some born again people working with the Bible societies. Revelation 17-18 describes the apostate one world

---

religion and one world government of the last hours of the church age. The picture is that of total apostasy and wickedness, and yet the Bible says some true people of God are involved in these movements because God's call is "Come out of her, MY PEOPLE, that ye be not partakers of her sins, and that ye receive not of her plagues" (Revelation 18:4).

Maurice Barratt has written a 6 volume series on discipleship based on the Sermon on the Mount. It is not a theological, but a practical look at how Jesus expects us to actually live.
